## Search For A Nation:

Nation's Navy Michael L. Hadley, Robert Neil Huebert, F. W. Crickard, 1996 Bounded by three great oceans Canada stands as a maritime nation with rich seafaring traditions Born of both national and British imperial interests in 1910 and maturing in two world wars its navy is a vital national institution that continues to evolve in response to new and complex challenges A Nation's Navy explores the decisive formative forces of the navy's history and illuminates the characteristically Canadian elements and values that have defined it

**The Nation's Got Talent** Rachel Philip, 2022-11-30 This book explores the construction of the idea of the talented student in India and its relationship to the discourse of the nation It historically situates the evolution of the National Science Talent Search NSTS and its subsequent avatar the National Talent Search Examination NTSE with state sponsored ideas and practices of nation building It also delves into how individuals who wrote and cleared the examination inhabit this identity of the talented Drawing on policy documents and institutional literature of over 50 years as well as interviews with past winners of the NSTS NTSE including a Nobel laureate this book is a major intervention in the field of South Asian studies public policy and education

**In Search Of A People-centric Order In Asia** Baogang He, 2016-09-14 The order of international relations in Asia is predominantly state centric It is one based primarily on absolute national sovereignty exclusive national identity and patriotic national citizenship This sovereignty based or state centered order however has been challenged and progressively undermined by a people centric order that is governed by ideals of global citizenship and principles of global justice In this people centric order the emergence of a new form of politics in which citizens are empowered by various non governmental organizations that serve to define and influence world politics is envisaged Clearly such an order clashes with the prevailing Asian national sovereignty based model This book provides a systematic descriptive explanatory and normative analysis of the clash of normative orders in Asia and develops an analysis of Asian responses to the challenge posed by a more diffuse people centric order and the implications this may have for global justice The book aims to study two paradigms of political order a national statist sovereignty based order and a people centric order analyze the conflict between two diverse political paradigms within an Asian setting and assess the various challenges a people centric order poses for a sovereignty based order It also aims to address the paucity of Asian normative thinking through a synthesis of intellectual sources and normative theories It applies tests revises and develops Western normative theories of the people centric order It is a must read for students and researchers who are interested in the theoretical debates especially Asian voices on normative issues in Asia

Court,1901      **A Nation's Transformation** Pasquale De Marco,2025-07-08 A Nation's Transformation examines the challenges facing the United States in the 21st century It explores the rise of multiculturalism the erosion of American exceptionalism and the impact of these changes on American society The book also offers a vision for the future arguing that the United States can overcome its challenges and build a more just and equitable society The United States has long been seen as a beacon of hope and opportunity for people around the world Its founding principles of liberty equality and democracy have inspired generations of immigrants to come to America in search of a better life But in recent years the country has been grappling with a number of challenges that have tested its commitment to these ideals One of the most significant challenges has been the rise of multiculturalism The influx of immigrants from all over the world has brought with it a diversity of cultures languages and religions This diversity has enriched American society in many ways but it has also led to tensions and conflicts Some Americans have felt threatened by the changing demographics of the country and they have reacted by embracing nativism and xenophobia This has led to a rise in hate crimes and discrimination against immigrants and minorities Another challenge facing the United States is the erosion of American exceptionalism For many years Americans have believed that their country is unique in its history its values and its destiny But this belief has been shaken by a number of factors including the rise of globalization the decline of American power and the increasing interconnectedness of the world The erosion of American exceptionalism has led to a loss of confidence in the country's future Many Americans are no longer sure what their country stands for or what its role in the world should be This has created a sense of uncertainty and anxiety about the future The challenges facing the United States are complex and there are no easy solutions But it is important to remember that the country has overcome challenges in the past The American people are resilient and resourceful and they have always found a way to come together and build a better future A Nation's Transformation is a timely and important book that examines the challenges facing the United States in the 21st century It is a must read for anyone who wants to understand the forces that are shaping the country's future If you like this book write a review on google books
