The Japanese Effect in Contemporary Irish Poetry Irene De Angelis, 2016-04-30 The Japanese Effect in Contemporary Irish Poetry provides a stimulating original and lively analysis of the Irish Japanese literary connection from the early 1960s to 2007 While for some this may partly remain Oscar Wilde's mode of style this book will show that there is more of Japan in the work of contemporary Irish poets than a tinkling of china and tea into china Drawing on unpublished new sources Irene De Angelis includes poets from a broad range of cultural backgrounds with richly varied styles Seamus Heaney Derek Mahon Ciaran Carson and Paul Muldoon together with younger poets such as Sinéad Morrissey and Joseph Woods Including close readings of selected poems this is an indispensable companion for all those interested in the broader historical and cultural research on the effect of oriental literature in modernist and postmodernist Irish poetry

typewriters to Emily Dickinson's self-bound fascicle volumes mediate between writer and text as well as between writer and reader. Following the threads of experimental writing from the present into the past, she shows how writers have long tested and transgressed technological boundaries. Reading the means of production as well as the creative works they produce, Emerson demonstrates that technologies are more than mere tools and that the interface is not a neutral border between writer and machine but is in fact a collaborative creative space. *Reading Writing Interfaces* begins with digital literature's defiance of the alleged invisibility of ubiquitous computing and multitouch in the early twenty-first century and then looks back at the ideology of the user-friendly graphical user interface that emerged along with the Apple Macintosh computer of the 1980s. She considers poetic experiments with and against the strictures of the typewriter in the 1960s and 1970s and takes a fresh look at Emily Dickinson's self-printing projects as a challenge to the coherence of the book. Through archival research, Emerson offers examples of how literary engagements with screen-based and print-based technologies have transformed reading and writing. She reveals the ways in which writers from Emily Dickinson to Jason Nelson and Judd Morrissey work with and against media interfaces to undermine the assumed transparency of conventional literary practice.

The Poet's Tree of Poetry John Golden, 2011-12-30. Insightful, amusing, endearing, playful, and creative: these are just a few words that describe *The Poet's Tree of Poetry*. Written by John Golden, this exciting compilation shares an eclectic set of poems, quotations, pictures, and inspiring words of wisdom. Profound and thought-provoking, the pieces in this read will motivate those who are seeking for life's most valuable truths. Many of the poems share symbolisms that will stir the human mind and allow the spirit to flourish. Rhythmic, the texts will blend into one's subconscious. Some points are blatant, straightforward, and filled with a feisty and dry sense of humor, which all the more enhances the author's provocative points. Versatile, this selection is exceptionally rich with ideas. From the virtues of holding one's head up high and living a dignifying existence to being genuine to one's own feelings and beliefs, this piece opens one's eyes to the many realities of the world, inciting how the most important priority for one is the soundness of his soul and the clarity of his conscience. This compelling and artistically eccentric piece offers a myriad of life lessons that can be passed on from one reader's generation onto the next.

In Search of God the Mother Lynn E. Roller, 1999-07-13. This is the first thorough account of the nature and the spread of the cult of Cybele, the Great Mother, and the first to present her worship soberly as a religion rather than sensationally as an orgiastic celebration of self-castrated priest attendants.
