Searching For The Midas Touch The Magic Bullet In Failsafe Lovemaking:

Searching for the Midas Touch Carlos FitzGerald, 2002 Some years back three jaded philanderers hunting for an erotic technique called The Midas Touch hired Dr Carlos FitzGerald a medical research scientist and Niagara daredevil to help them track it down He was surprised by their blind faith in a sexual technique so powerful it could make women shriek in ecstasy and pass out It was a fanciful notion as far fetched as Ponce de Leon s search for the mythical fountain of youth Jason s quest of the Golden Fleece or King Midas magical touch which turned everything into gold Dr FitzGerald modified the hunt for this mysterious technique and put the research project on a more realistic footing In a daring race against time he cut scientific deadwood brought innovation into the project and blended a broad range of unique or overlooked data with the sexual styles of key female respondents Given the limitations of the human anatomy he wasted little effort trying to discover new female sex nerve endings If The Midas Touch were to be found providing it existed at all then improving the already known love making procedures would be the only logical approach This book chronicles a true adventure story unlike any other It involves searching for a nonexistent sexual technique which in the end proved to be not quite as far fetched as originally thought Book jacket *Forthcoming Books* Rose Arny, 2002 *Books in Print Supplement* , 2002
