In Search of the Lost Emily Jane, Jeffrey Eugene Elliott, 2012-10-02 The poems in this work are a humble attempt to explore our human search for meaning and purpose

In Search of the Holy Grail Veronica Ortenberg, 2006-01-01 This book surveys the influence of the middle ages and of medieval attitudes and values on later periods and on the modern world Many artistic political and literary movements have drawn inspiration and sought their roots in the thousand years between 500 and 1500 AD Medieval Christianity and its rich legacy has been the essential background to European culture as a whole Gothic architecture and chivalry were two keys to Romanticism while nationalists including the Nazis looked back to the middle ages to find emerging signs of national character In literature few myths have been as durable or popular as those of King Arthur stretching from the Dark Ages to Hollywood In Search of the Holy Grail is a vivid account of how later ages learnt about and interpreted the middle ages

De-centering Cold War History Jadwiga E. Pieper Mooney, Fabio Lanza, 2013 De Centering Cold War History challenges the Cold War master narratives that focus on super power politics by shifting our analytical perspective to include local level experiences and regional initiatives that were crucial to the making of a Cold War world Cold War histories are often told as stories of national leaders state policies and the global confrontation that pitted a Communist Eastern Bloc against a Capitalist West Taking a new analytical approach this book reveals unexpected complexities in the historical trajectory of the Cold War Contributions from an international group of scholars take a fresh look at historical agency in different places across the world including Africa Asia Europe and the Americas This collaborative effort shapes a street level history of the global Cold War era one that uses the analysis of the local to rethink

and reframe the wider picture of the global connecting the political negotiations of individuals and communities at the intersection of places and of meeting points between ordinary people and political elites to the Cold War at large Essential reading for all students of Cold War history **In Search of England** Michael Wood,2001 In a rich unfolding of history and legend the author of *Conquistadors* explores the character and origins of the Anglo Saxon world a culture that has had a significant impact worldwide 30 illustrations 16 in color **India in Search of Glory** Ashok Lahiri,2023-01-23 India and the Indians have made some progress in 75 years after Independence The number of literates has gone up The Indians have become healthier and their life expectancy at birth has gone up The proportion of people below the poverty line has also halved But the shine from the story fades when India is compared with that of the East Asian Tigers and China It looks good but not good enough India looks far away from the glory it seeks This issue forms the core subject matter of this book It tries to argue why India could not achieve more and what all it could have achieved It paints a picture of its possible future and highlights the areas that need immediate attention **In Search of the City on a Hill** Richard M. Gamble,2012-05-31 In *Search of the City on a Hill* challenges the widespread assumption that Americans have always used this potent metaphor to define their national identity It demonstrates that America s redeemer myth owes more to nineteenth and twentieth century reinventions of the Puritans than to the colonists own conceptions of divine election It reconstructs the complete story of the city on a hill from its Puritan origins to the present day for the first time From John Winthrop s 1630 Model of Christian Charity and the history books of the nineteenth century to the metaphor s sudden prominence in the 1960s and Reagan s skillful incorporation of it into his rhetoric in the 80s the city on a hill has had a complex history this history reveals much about received notions of American exceptionalism America s identity as a Christian nation and the impact of America s civil religion The conclusion considers the current status of the city on a hill and summarizes what this story of national myth eclipsing biblical metaphor teaches us about the evolution of America s identity *In Search of the Lost Volume 2* Jeffrey Eugene Elliott,Emily Jane Elliott,2013-07-17 Since the publication of the first volume of *In Search of the Lost Volume Two* still the poems in this work are a humble attempt to explore our human search for meaning and purpose We hope you enjoy the poems in Volume Two We believe both works should be explored together Included in the Second Volume of *In Search of the Lost* by Emily Jane Elliott and Jeffrey Eugene Elliott are four poems originally included in the First Volume of *In Search of the Lost* The four poems from the first volume also included in this volume are *Streets of Fire* *Gauisus* *Dia Heaven Descends to Dwell* *Amelia* and *Memories* Additionally the poem *Search* was added upon from the version found in Volume One We hope that you enjoy Volume Two as much as readers indicated they enjoyed Volume One This poetry is dedicated to Owen Ryder Matthew and Trace with great love and pride *In Search of Myths & Heroes* Michael Wood,2005 In this companion to a forthcoming PBS series Wood journeys to some of the remotest places on earth in search of four of mankind s most powerful myths Shangri La Jason and the Golden Fleece the Queen of Sheba and King Arthur *Movies Word Search and Crossword*
