## **Searching For Vietnam Selected Writings On Vietnamese Culture And Society:**

Searching for Vietnam A. Terry Rambo, 2005 Volume 9 of the Kyoto Area Studies on Asia brings together the author's selected writings about Vietnam from the past forty years. The book opens with an autobiographical account of his history as a Vietnam researcher that sets each of the selections into the context of the time and situation in which it was written. The writings are grouped into five topical sections: cultural history, religion and cultural ecology, the Vietnamese village, the impact of the war on South Vietnamese society, Vietnam's development prospects in the reform period, and problems of development in Vietnam's mountains.

**State-Society Interaction in Vietnam** Huynh Thi Phuong Linh, 2016 This book, based on anthropological research on local irrigation management in the Mekong Delta, sheds light on state-society interactions at the interface between bureaucratic and informal areas. Data from ethnographic case studies was framed abductively by an institutional bricolage approach. Cleaver 2012 and state power Goebel 2011. The study goes beyond an institutions process and individual bargaining to argue that local irrigation management is guided by the co-evolution between the state and local actors. It is the everyday dialogue that in the co-existence of the hierarchical state management structure and the space of local flexibility, officially and unofficially, refines the local practices. Tran, Tram Le, 2017-12-19 Vietnamese Stories for Language Learners: a language learning experience for beginner to intermediate students of the Vietnamese language. Nothing introduces students and cultural enthusiasts to a language and people better than stories. Intended for Vietnamese language students or heritage learners, the stories in this volume present the everyday vocabulary and grammar in use in Vietnam today. Forty folk stories have been edited and simplified for learning purposes and are presented in parallel Vietnamese and English versions to facilitate language learning. These delightful Vietnamese folktales immediately animate the culture, offering readers a glimpse of the social, cultural, and religious aspects of Vietnamese society in bygone eras. The English translations allow readers who are not yet studying the language to experience the wisdom and humor in these traditional, well-loved stories. Online audio recordings in Vietnamese help students improve their pronunciation and inflection and introduce readers to the uniquely Vietnamese story of storytelling. Discussion questions, vocabulary, and cultural notes are provided at the end of each story. All media content is accessible on the Tuttle Publishing website.

**Reforming Vietnamese Higher Education** Nhai Thi Nguyen, Ly Thi Tran, 2019-11-01 This book deepens readers' conceptual understanding of and provides practical insights into Vietnam's higher education reforms. Globalisation has had profound impacts on higher education worldwide, creating transnational linkages and junctures as well as disjunctures. At the same time, it has generated fluidities, hybridities, and mobilities. Within the postcolonial context of Vietnam, it is imperative to identify the unique global traits that characterise the Vietnamese higher education system. The book focuses specifically on key aspects of culture and values that are decisive to the reform of

Vietnamese higher education under the forces of globalisation It critically examines how global forces have shaped and reshaped Vietnam's higher education landscape At the same time the book explores local demands on Vietnamese higher education and deciphers how higher education institutions are responding to globalisation internationalisation and local demands Based on empirical research theoretical approaches and the experiences of researchers from Vietnam and overseas it addresses critical perspectives on the aspects fundamental to the reform of Vietnamese higher education and outlines viable paths for the future

**Politics of Ethnic Classification in Vietnam** Masako Itō, 2013 Officially the Socialist Republic of Vietnam has a total of 54 ethnic groups including the majority Kinh and 53 ethnic minority groups This book examines the history of the ethnic group determination process highlighting some of the challenges the official policies pose to both the state and the affected peoples Vietnam has proudly embraced its multiethnic identity seeking the equality of all ethnic groups in the interests of national unity Yet among other things it appears that the total number of ethnic categories was rather arbitrarily determined initially and then fiercely defended by influential politicians and academics Furthermore the extensive field surveys reveal that ethnic policies are frequently manipulated at the regional and local levels in pursuit of economic interests and not infrequently to the detriment of those they were intended to benefit Series Kyoto Area Studies on Asia Vol 23 Professor Ito has succeeded admirably in juxtaposing her study of official documents interviews with officials and academics and the results of her own excellent first hand field work to demonstrate why ethnic classification in Vietnam has been far more a political than a scientific project Her book deserves to be read not only by those interested in Vietnam but also by others interested in the politics of ethnicity more generally Pacific Affairs Vol 87 No 4 December 2014
