20 Seasons: Broadway Musicals of the 21st Century Amy S.

Osatinski, 2023-08-03 20 Seasons Broadway Musicals of the 21st Century catalogues and analyzes the 269 musicals that opened on Broadway from the 2000-2001 season through the 2019-2020 season. This book is the first to comprehensively examine the musicals that premiered on Broadway during this important historical period, which was bookended by the 9/11 terrorist attacks on one end and the Coronavirus pandemic on the other. It begins by exploring the historical context for the first 20 years of the 21st century and how this impacted American culture and theatre. Rather than chronologically, the musicals are then organized into categories based on their source material and whether they were original musicals or revivals, painting a detailed picture of the Broadway musical in the first 20 years of the 21st century. Jukebox musicals, screen-to-stage musicals, revivals, and other original musicals are all covered, and each chapter ends with reading guides and discussion prompts. The book not only discusses what was produced but by whom, uncovering the stark lack of representation for women and artists of color on Broadway musical creative and design teams. Additionally, the last chapter discusses the COVID-19 pandemic, the Broadway shutdown, and what happened to the Broadway musical during the shutdown, including the response to the Black Lives Matter movement in the summer of 2020. 20 Seasons Broadway Musicals of the 21st Century will appeal to fans and scholars of musical theatre as well as students of Musical Theatre, Musical Theatre History, American Studies, and Pop Culture Studies.

Stories of Nation Christopher Hebert, Martin Griffin, 2024-01-12

Throughout American history, there has been an oddly close relationship between the seductive appeals of narrative fiction and those of political rhetoric and advocacy. The aim of *Stories of Nation: Fictions, Politics, and the American Experience* is to explore what political narratives and the cultural poetics behind them reveal about the way our personal and intimate lives are deeply connected with the public arena and the political process. The first section of the book, *The Politics of Fictions*, contains essays focused on works of fiction consciously dramatizing the political realm. The second group of contributions, *The Fictions of Politics*, explores structures and motifs from the narrative arts in discourses of American political life and the interactions of public institutions and policy with forms of fictional representation, from novels to popular music and TV drama. The essays presented here broaden the conversation in American literary studies about what constitutes the political in literature and culture by reintroducing the dimension of institutional or representative politics. Likewise, *Stories of Nation* aims to repair the lines of communication between the idea that all fiction is political and the view that political speech is a subgenre of literature, all the more in need of examination in a highly polarized society. The range of perspectives in *Stories of Nation* will engage students of literature, popular culture, and politics alike. MARTIN GRIFFIN is an associate professor in the Department of English at the University of Tennessee. He is the author of *Ashes of the Mind: War and Memory in Northern Literature, 1865-1900* (2009) and co-author with Constance DeVereaux of *Narrative Identity and the Map of Cultural Policy: Once Upon a Time in a Globalized World* (2013).
