Native and Garden Plants for the Church Altar Th And Kathleen Milby, Lex Danson, 2009-01-07 *Feasting on the Word: Season after Pentecost 2 (Propers 17- Reign of Christ)* David L. Bartlett, Barbara Brown Taylor, 2010-01-01 With the twelve volume series *Feasting on the Word* Westminster John Knox Press offers one of the most extensive and well respected resources for preaching on the market today When complete the twelve volumes will cover all of the Sundays in the three year lectionary cycle along with moveable occasions The page layout is truly unique For each lectionary text preachers will find brief essays one each on the exegetical theological pastoral and homiletical challenges of the text Each volume will also contain an index of biblical passages so that nonlectionary preachers may make use of its contents The printed volumes for Ordinary Time include the complementary stream during Year A the complementary stream during the first half of Year B the semicontinuous stream during the second half of Year B and the semicontinuous stream during Year C Beginning with the season after Pentecost for Year C the alternate lections for Ordinary Time not in the print volumes will be available online at feastingontheword.net **Java in the 14th Century** Theodore G.Th. Pigeaud, 2013-03-09 Essentially the following commentary on the contents of the N gara Kert gama has been made up from notes by former editors of the text together

with remarks criticisms and digressions by the present author As Kern Krom and their contemporaries were especially interested in dynastie history and archeology their notes on those subjects are legion and as a result of their studies on many points a communis opinio has been reached The argumentations which led up to this end are not reproduced in the present edition The interested reader is referred to Krom s great books *Oud Javaansche Kunst* and *Hindoe Javaansche Geschiedenis* It is to be expected that before long the results of Krom s life work will be made accessible for English readers by De Casparis On the other hand cultural history religion economics and sociology have been rather neglected by the first editors of the *N gara Kert gama* The present author has done his best to remedy that omission The reader will find that the greater part of the following commen taries is concerned with those subjects The contemporaneous minor texts and the charters that are published translated and annotated in the present book in the same manner as the *N gara Kert gama* have been chosen almost exc1usively for the valuable information on social economic and religious conditions in the 14th century Majapahit realm that is afforded by them

Ministry in the Countryside: Revised Expanded Edition Andrew Bowden,2003-05-15 Some years ago Faith in the Countryside the report of the Archbishop s Commission on Rural Areas Acora was launched at Lambeth Palace It was widely accepted as a good document and a worthy companion to Faith in the City But while it seemed to put the rural Church on the agenda it failed to come up with acceptable ministerial solutions Andrew Bowden s book offers a model for future rural ministry which is practical positive and a much needed follow up to the Commission s report He recognises that although rural dioceses have taken new initiatives rural clergy and congregations need an overall vision and a practical strategy This excellent handbook is as significant as the report itself for the future of rural ministry It is now reissued with an expanded text to take recent developments fully into account

Lane writes evocative descriptions of the animals birds insects and plants that are his garden and of the relationship he has to them all Accompany Lane as he wanders his garden where botanical madeleines release in him a flood of memory
