The 5th Season: New year ku (books 1 & 2 of 4) Robin D. Gill, 2007 In this book the first of a series Robin D Gill author of the highly acclaimed *Rise Ye Sea Slugs and Cherry Blossom Epiphany* the largest single theme anthologies of poetry ever published explores the traditional Japanese New Year through 2 000 translated haiku mostly 17 20c The New Year R H Blyth once wrote is a season by itself That was nowhere so plain as in the world of haiku where saijiki large collections called of ku illustrating hundreds if not thousands of briefly explained seasonal themes generally comprised five volumes one for each season Yet the great doyen of haiku gave this fifth season considered the first season when it came at the head of the Spring rather than in mid winter only a tenth of the pages he gave to each of the other four seasons 20 vs 200 Was Blyth Zen enthusiast not enamored with ritual Or was he loath to translate the New Year with its many cultural idiosyncrasies most

common to the Sinosphere but not to the West because he did not want to have to explain the haiku It is hard to say but with these poems for the re creation of the world Robin D Gill aka keigu respect foolishness or respect fool rushes in where even Blyth feared to tread to give this supernatural or cosmological season one that combines aspects of the Solstice Christmas New Year s Easter July 4th and the Once Upon a Time of Fairy Tales the attention it deserves With G K Chesterton s words evoking the mind of the haiku poets of old the author publisher leaves further description of the content to his reader reviewers The man standing in his own kitchen garden with the fairyland opening at the gate is the man with large ideas His mind creates distance the motor car stupidly destroys it G K Chesterton Heretics 1905 Times and Seasons ,1844

Poems Denis Florence MacCarthy,1884 **As in the Heart, So in the Earth** Pierre Rabhi,2006-06-06 The world s leading expert on reversing soil desertification shows how ecology can flourish only when spiritual elements are present Uses a parable from the African oral tradition to provide a living testimony of what has been lost with the rise of modern technology Provides a vital account of the strong relationship between soil and soul and how this relationship can be restored As in the Heart So in the Earth is a strong indictment of a civilization that while seeking domination over the earth mutilates tortures and desacralizes it For Pierre Rabhi ecology is inseparable from spirituality He shows how the growing desertification of North Africa is a reflection of the desert that is claiming the hearts and souls of the inhabitants of the Western world how dead soil is mirrored in our deadened souls and how reconciliation with Mother Earth must be accompanied by relearning our ancestors reverence for the soil Using a traditional African parable grounded in the very wisdom of the earth Pierre Rabhi seeks to initiate the reader into a time when the people that dwelled on this planet did so harmoniously and could converse easily with the land Village elder Tyemoro recounts the gradual destruction of his village s culture and all that has sustained it as the miracles promised by modern technology brought more harm than good This same drama is recurring throughout the world where indigenous value systems that have endured for millennia are torn apart by contact with modern civilization Yet Rabhi offers hope if those in the modern world will stop to hear the words of their ancestors who worked the land for our destiny is linked irrevocably to that of the earth
