The Secession  
Movement in Virginia  
1847-1861

Henry T. Shanks

# Secession Movement In Virginia 1847 To 1860

**William W. Freehling**

## **Secession Movement In Virginia 1847 To 1860:**

*The Secession Movement in Virginia, 1847-1861* Henry Thomas Shanks, 1934      *A Mexican View of America in the 1860s* Matías Romero, 1991 This book compiled and translated from the writings of Matias Romero Mexican charge and minister during the 1860-67 period offers the insightful commentaries of a foreign diplomat who resided in the United States during the secession crisis the Civil War and reconstruction      *The Militant South, 1800-1861* John Hope Franklin, 2002 Identifies the factors and causes of the South's festering propensity for aggression that contributed to the outbreak of the Civil War in 1861 This title asserts that the South was dominated by militant white men who resorted to violence in the face of social personal or political conflict It details the consequences of antebellum aggression      **Historical Dictionary of the Civil War and Reconstruction** William L. Richter, 2011-12-01 The importance of the Civil War and Reconstruction in the history of the United States cannot be overstated Many historians regard the Civil War as the defining event in American history At stake was not only freedom for 3.5 million slaves but also survival of the relatively new American experiment in self government A very real possibility existed that the union could have been severed but a collection of determined leaders and soldiers proved their willingness to fight for the survival of what Abraham Lincoln called the last best hope on earth The second edition of this highly readable one volume Historical Dictionary of the Civil War and Reconstruction looks to place the war in its historical context The more than 800 entries encompassing the years 1844-1877 cover the significant events persons politics and economic and social themes of the Civil War and Reconstruction An extensive chronology introductory essay and comprehensive bibliography supplement the cross referenced dictionary entries to guide the reader through the military and non military actions of one of the most pivotal events in American history The dictionary concludes with a selection of primary documents This book is an excellent access point for students researchers and anyone wanting to know more about the Civil War and Reconstruction      *Federalism, Secession, and the American State* Lawrence M. Anderson, 2013-05-20 One important tradition in political science conceives of the Civil War in the United States serving as the functional equivalent of the English and French Revolutions bringing with it the victory of liberal democratic industrialism over aristocratic agriculturalism From this perspective the Civil War is notable for its impact on the American state Surprisingly however little attention has been paid to the distinguishing features of this historic rupture in American politics Through primary source research and the re analysis of the rich historical literature about the antebellum era and the causes of the Civil War Lawrence A Anderson explores the relationship between federalism and the movement for secession in the United States during the pre civil war era Focusing primarily on South Carolina Anderson carefully revisits theory on institutional analysis of political development to expose what caused secession in the United States      *The Growth of Southern Nationalism, 1848-1861* Avery O. Craven, 1953-02-01 This book is the trade edition of Volume VI of *A History of The South* a ten volume series designed to present a thoroughly balanced history of all the complex aspects of the South's culture

from 1607 to the present Like its companion volumes *The Growth of Southern Nationalism* is written by an outstanding student of Southern history The growth of Southern nationalism was largely the product of relations of the South to other states and to the Federal government Often what happened in the North and the reaction of Northern men to events determined Southern action and reaction The sections were being drawn closer together and their interests more and more entwined That was one of the great reasons for the increased friction and discord The sectional quarrel developed largely around slavery slavery as a thing in itself and then as a symbol of all differences and conflicts The reduction of the struggle to the simple terms of Northern rights and Southern rights placed issues beyond the abilities of the democratic process and rendered the great masses in both sections helpless before the drift into war The break could not have been avoided according to Mr Craven unless either the North or the South had been willing to yield its position on an issue that involved matters of right or rights Neither could do so because slavery and come to symbolize values in each of their social economic structures for which men fight and die but which they do not give up or compromise

**The Road to Disunion** William W. Freehling, 2008-10-01 Here is history in the grand manner a powerful narrative peopled with dozens of memorable portraits telling this important story with skill and relish Freehling highlights all the key moments on the road to war including the violence in Bleeding Kansas Preston Brooks's beating of Charles Sumner in the Senate chambers the Dred Scott Decision John Brown's raid on Harper's Ferry and much more As Freehling shows the election of Abraham Lincoln sparked a political crisis but at first most Southerners took a cautious approach willing to wait and see what Lincoln would do especially whether he would take any antagonistic measures against the South But at this moment the extreme fringe in the South took charge first in South Carolina and Mississippi but then throughout the lower South sounding the drum roll for secession Indeed *The Road to Disunion* is the first book to fully document how this decided minority of Southern hotspurs took hold of the secessionist issue and aided by a series of fortuitous events drove the South out of the Union Freehling provides compelling profiles of the leaders of this movement many of them members of the South Carolina elite Throughout the narrative he evokes a world of fascinating characters and places as he captures the drama of one of America's most important and least understood stories The long awaited sequel to the award winning *Secessionists at Bay* which was hailed as the most important history of the Old South ever published this volume concludes a major contribution to our understanding of the Civil War A compelling vivid portrait of the final years of the antebellum South *The Road to Disunion* will stand as an important history of its subject This sure to be lasting work studded with pen portraits and consistently astute in its appraisal of the subtle cultural and geographic variations in the region adds crucial layers to scholarship on the origins of America's bloodiest conflict The Atlantic Monthly Splendid painstaking account and so a work of history reaches into the past to illuminate the present It is light we need and we owe Freehling a debt for shedding it Washington Post A masterful dramatic breathtakingly detailed narrative The Baltimore Sun

*Rebel Bulldog* Jason Lantzer, 2018-01-09 Rebel

Bulldog tells the story of Preston Davidson a Northerner who fought for the Confederacy and his family who lived in Indiana and Virginia It is a story that examines antebellum religion education reform and politics and how they affected the identity of not just one young man but of a nation caught up in a civil war Furthermore it discusses how a native born Hoosier reached the decision to fight for the South while detailing a unique war experience and the postwar life of a proud Rebel who returned to the North after the guns fell silent and tried to remake his life in a very different state and nation than the ones he had left in 1860 Using the lives of Preston and his family as a lens to help us glimpse the past Rebel Bulldog delves into the human experience on multiple levels asks us to reconsider what we think we know of the Civil War and complicates while it complements the existing literature It is a story that perhaps could only have happened in Indiana **Southern Outcast** David Brown,2006-10-01 Hinton Rowan Helper 1829 1909 gained notoriety in nineteenth century America as the author of The Impending Crisis of the South 1857 an antislavery polemic that provoked national public controversy and increased sectional tensions In his intellectual and cultural biography of Helper the first to appear in more than forty years David Brown provides a fresh and nuanced portrait of this self styled reformer exploring anew Helper s motivation for writing his inflammatory book Brown places Helper in a perspective that shows how the society in which he lived influenced his thinking beginning with Helper s upbringing in North Carolina his move to California at the height of the Californian gold rush his developing hostility toward nonwhites within the United States and his publication of The Impending Crisis of the South Helper s book paints a picture of a region dragged down by the institution of slavery and displays surprising concern for the fate of American slaves It sold 140 000 copies perhaps rivaled only by Uncle Tom s Cabin in its impact The author argues that Helper never wavered in his commitment to the South though his book s devastating critique made him an outcast there playing a crucial role in the election of Lincoln and influencing the outbreak of war As his career progressed after the war Helper s racial attitudes grew increasingly intolerant He became involved in various grand pursuits including a plan to link North and South America by rail continually seeking a success that would match his earlier fame But after a series of disappointments he finally committed suicide Brown reconsiders the life and career of one of the antebellum South s most controversial and misunderstood figures Helper was also one of the rare lower class whites who recorded in detail his economic political and social views thus affording a valuable window into the world of nonslaveholding white southerners on the eve of the Civil War His critique of slavery provides an important challenge to dominant paradigms stressing consensus among southern whites and his development into a racist illustrates the power and destructiveness of the prejudice that took hold of the South in the late nineteenth century as well as the wider developments in American society at the time

**Southwest Virginia's Railroad** Kenneth W. Noe,2003-09-02 A close study of one region of Appalachia that experienced economic vitality and strong sectionalism before the Civil War This book examines the construction of the Virginia and Tennessee Railroad through southwest Virginia in the 1850s before the Civil War began The building and operation of the

railroad reoriented the economy of the region toward staple crops and slave labor. Thus during the secession crisis southwest Virginia broke with northwestern Virginia and embraced the Confederacy. Ironically, however, it was the railroad that brought waves of Union raiders to the area during the war.

**Confederate Citadel** Mary A. DeCredico, 2020-05-19 Richmond Virginia pride of the founding fathers, doomed capital of the Confederate States of America. Unlike other Southern cities, Richmond boasted a vibrant urban industrial complex capable of producing crucial ammunition and military supplies. Despite its northern position, Richmond became the Confederacy's beating heart, its capital, second largest city, and impenetrable citadel. As long as the city endured, the Confederacy remained a well-supplied and formidable force. But when Ulysses S. Grant broke its defenses in 1865, the Confederates fled, burned Richmond to the ground, and surrendered within the week.

**Confederate Citadel: Richmond and Its People at War** offers a detailed portrait of life's daily hardships in the rebel capital during the Civil War. Here, barricaded against a siege, staunch Unionists became a dangerous fifth column; refugees flooded the streets, and women organized a bread riot in the city. Drawing on personal correspondence, private diaries, and newspapers, author Mary A. DeCredico spotlights the human elements of Richmond's economic rise and fall, uncovering its significance as the South's industrial powerhouse throughout the Civil War.

**Poor Whites of the Antebellum South** Charles C. Bolton, 1994 In *Poor Whites of the Antebellum South*, Charles C. Bolton gives a distinct voice to one of the most elusive groups in the society of the Old South. Bolton's detailed examination reveals much about the lives of these landless white tenants and laborers and their relationship to yeoman farmers, black slaves, free blacks, and elite whites. Providing a provocative analysis of the failure of the Jeffersonian yeoman ideal of democracy in white majority areas, this book also shows how poor whites represented a more significant presence on the political, economic, and social landscape than previously had been thought. Looking at two specific regions, the settled central piedmont of North Carolina and the frontier of northeast Mississippi, Bolton describes how poor whites played an important though circumscribed role in the local economy. Dependent on temporary employment, they represented a troubling presence in a society based on the principles of white independence and black slavery. Although perceived by southern leaders as a threat, poor whites, Bolton argues, did not form a political alliance with either free or enslaved blacks because of numerous factors, including white racism, kinship, ties, religion, education, and mobility. A concluding discussion of the crisis of 1860-61 examines the rejection of secession by significant numbers of poor whites as well as the implications for their future as the Old South turned toward the new.

**Poor Whites of the Antebellum South** sheds light on a group often neglected in southern history. It is an important contribution that will be of interest to all students and historians of the American South.

**The American Civil War** Steven E. Woodworth, 1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult. From the foreword by James M. McPherson: "The first guide to Civil War literature to appear in nearly 30 years, this book provides the most comprehensive up-to-date and informative survey and analysis of the vast body of Civil War literature. More than 40 essays, each by a specialist

in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work's value. The essays cover every aspect of the war from strategy, tactics, and battles to logistics, intelligence, supply, and prisoner of war camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front. Some sections cover civilian leaders, the economy, and foreign policy, while others deal with the causes of war and aspects of Reconstruction, including the African American experience during and after the war. Breadth of topics is matched by breadth of genres covered. Essays discuss surveys of the war, general reference works, published and unpublished papers, diaries, and letters, as well as the vast body of monographic literature, including books, dissertations, and articles. Genealogical sources, historical fiction, and video and audio recordings also receive attention. Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America's pivotal experience.

**Slaves for Hire** John J. Zaborney, 2012-10-12 In *Slaves for Hire*, John J. Zaborney overturns long-standing beliefs about slave labor in the antebellum South. Previously, scholars viewed slave hiring as an aberration, a modified form of slavery involving primarily urban male slaves that worked to the laborer's advantage and weakened slavery's institutional integrity. In the first in-depth examination of slave hiring in Virginia, Zaborney suggests that this endemic practice bolstered the institution of slavery in the decades leading up to the Civil War, all but assuring Virginia's secession from the Union to protect slavery. Moving beyond previous analyses, Zaborney examines slave hiring in rural and agricultural settings along with the renting of women, children, and elderly slaves. His research reveals that, like non-hired-out slaves, these other workers' experiences varied in accordance with sex, location, occupation, economic climate, and crop prices, as well as owners' and renters' convictions and financial circumstances. Hired slaves in Virginia faced a full range of oppression, from nearly full autonomy to harsh exploitation. Whites of all economic, occupational, gender, ethnic, and age groups, including slave owners and non-slave owners, rented slaves regularly. Additionally, male owners and hirers often transported slaves to those who worked them and acted as agents for white women who wished to hire out their slaves. Ultimately, widespread white mastery of hired slaves allowed owners with superfluous slaves to offer them for rent locally rather than selling them to the Lower South, establishing the practice as an integral feature of Virginia slavery.

**Region, Race and Cities: Interpreting the Urban South** David R. Goldfield, 1997

**The Origins of the American Civil War** Brian Holden Reid, 2014-09-25 The American Civil War, 1861-65, was the bloodiest war of the nineteenth century, and its impact continues to be felt today. It and its origins have been studied more intensively than any other period in American history, yet it remains profoundly controversial. Brian Holden Reid's formidable volume is a major contribution to this ongoing historical debate. Based on a wealth of primary research, it examines every aspect of the origins of the conflict and addresses key questions such as: was it an avoidable tragedy or a necessary catharsis for a divided nation? How far was slavery the central issue? Why should the conflict have erupted into violence, and why did it not escalate into world war?

*Blacks, Carpetbaggers, and Scalawags*

Richard L. Hume, Jerry B. Gough, 2008-10 After the Civil War Congress required ten former Confederate states to rewrite their constitutions before they could be readmitted to the Union. An electorate composed of newly enfranchised former slaves, native southern whites minus significant numbers of disenfranchised former Confederate officials and a small contingent of carpetbaggers or outside whites sent delegates to ten constitutional conventions. Derogatorily labeled black and tan by their detractors, these assemblies wrote constitutions and submitted them to Congress and to the voters in their respective states for approval. Blacks, Carpetbaggers and Scalawags offers a quantitative study of these decisive but little understood assemblies, the first elected bodies in the United States to include a significant number of blacks. Richard L. Hume and Jerry B. Gough scoured manuscript census returns to determine the age, occupation, property holdings, literacy and slaveholdings of 839 of the conventions' 1,018 delegates. Carefully analyzing convention voting records on certain issues including race, suffrage and government structure, they correlate delegates' voting patterns with their racial and socioeconomic status. The authors then assign a Republican support score to each delegate who voted often enough to count, establishing the degree to which each delegate adhered to the Republican leaders' program at his convention. Using these scores, they divide the delegates into three groups: radicals, swing voters and conservatives, and incorporate their quantitative findings into the narrative histories of each convention, providing for the first time a detailed analysis of these long overlooked assemblies. Hume and Gough's comprehensive study offers an objective look at the accomplishments and shortcomings of the conventions and humanizes the delegates who have until now been understood largely as stereotypes. Blacks, Carpetbaggers and Scalawags provides an essential reference guide for anyone seeking a better understanding of the Reconstruction era.

*Year of Meteors* Douglas R. Egerton, 2010-10-04 Egerton tells the story of the dissolution of the Union as it should be told, not from the perspective of those looking back on the crisis but from the clouded vision of those who lived through it. Carol Berkin, author of *A Brilliant Solution: Inventing the American Constitution* and *Civil War Wives*. In early 1860, pundits across America confidently predicted the election of Illinois senator Stephen A. Douglas in the coming presidential race. Douglas, after all, was a national figure, a renowned orator and led the only party that bridged North and South. But his Democrats fractured over the issue of slavery, creating a splintered four-way race that opened the door for the upstart Republicans, exclusively Northern, to steal the Oval Office. Dark horse Abraham Lincoln, not the first choice even of his own party, won the presidency with a record low share of the popular vote. His victory instantly triggered the secession crisis. With a historian's keen insight and a veteran political reporter's eye for detail, Douglas R. Egerton re-creates the cascade of unforeseen events that confounded political bosses, set North and South on the road to disunion and put not Stephen Douglas but his greatest rival in the White House. *Year of Meteors* delivers a vibrant cast of characters, from the gifted, flawed Douglas to the Southern fire eaters who gleefully sabotaged their own party to the untested Abraham Lincoln and a breakneck narrative of this most momentous year in American history. *The Counterrevolution of Slavery* Manisha Sinha, 2003-06-19 In this comprehensive

analysis of politics and ideology in antebellum South Carolina Manisha Sinha offers a provocative new look at the roots of southern separatism and the causes of the Civil War Challenging works that portray secession as a fight for white liberty she argues instead that it was a conservative antidemocratic movement to protect and perpetuate racial slavery Sinha discusses some of the major sectional crises of the antebellum era including nullification the conflict over the expansion of slavery into western territories and secession and offers an important reevaluation of the movement to reopen the African slave trade in the 1850s In the process she reveals the central role played by South Carolina planter politicians in developing proslavery ideology and the use of states rights and constitutional theory for the defense of slavery Sinha s work underscores the necessity of integrating the history of slavery with the traditional narrative of southern politics Only by taking into account the political importance of slavery she insists can we arrive at a complete understanding of southern politics and the enormity of the issues confronting both northerners and southerners on the eve of the Civil War *Virginia's Private War* William Alan Blair, 1998 However the book does not portray the population as uniformly united in a Lost Cause Virginians complained a great deal about the management of the war Such complaints ironically may have prolonged the war for some of the Confederacy s leaders responded by forcing the wealthy to shoulder more of the burden for prosecuting the conflict Substitution ended and the men who stayed home became government growers who distributed goods at reduced cost to the poor But ultimately as the case is made in *Virginia's Private War* none of these efforts could stave off an enemy who strained the resources of Rebel Virginians to the breaking point

## **Secession Movement In Virginia 1847 To 1860** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever. Its power to stir emotions, provoke thought, and instigate transformation is really remarkable. This extraordinary book, aptly titled "**Secession Movement In Virginia 1847 To 1860**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound affect our existence. Throughout this critique, we shall delve to the book is central themes, evaluate its unique writing style, and assess its overall influence on its readership.

### **Secession Movement In Virginia 1847 To 1860 Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Secession Movement In Virginia 1847 To 1860 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Secession Movement In Virginia 1847 To 1860 has opened up a world of possibilities. Downloading Secession Movement In Virginia 1847 To 1860 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Secession Movement In Virginia 1847 To 1860 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Secession Movement In Virginia 1847 To 1860. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Secession Movement In Virginia 1847 To 1860. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Secession Movement In Virginia 1847 To 1860, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves,

individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Secession Movement In Virginia 1847 To 1860 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Secession Movement In Virginia 1847 To 1860 Books**

1. Where can I buy Secession Movement In Virginia 1847 To 1860 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Secession Movement In Virginia 1847 To 1860 book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Secession Movement In Virginia 1847 To 1860 books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Secession Movement In Virginia 1847 To 1860 audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google

Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Secession Movement In Virginia 1847 To 1860 books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
