

Long Live Man

Poems by Gregory Corso

Long live Man! sings the poet Gregory Corso — despite atom bombs and computers, cold wars that get hot and together — new that isn't, too many cars and too little love . . . and in these new poems he celebrates the wonders (and the laughs and griefs) of being a man alive.

Whether he is musing on artistic glories amid the ruins of the

Acropolis or watching a New York child invent games on the city's sidewalks, Corso is there in it, putting us into it, with the magic of vision, with the senses-awakening images that transmute reality into something more — insights that let us share his joy and echo his shout of *Long Live Man!*

Other books by Gregory Corso: *The Happy Birthday of Death* (New Directions, \$1.20); *Gasoline* (City Lights, San Francisco, 50c); *American Express* (Olympia Press, Paris).

Long Live Man:

Socialism Is Dead! Long Live Socialism! Todor Bombov, 2017-01-10 This work is divided into two autonomous books The first book *The State* represents a radically new political system of society one which is the most democratic system ever possible This is a completely new society a real civil society which otherwise in the capitalist system is only a utopia In this book I scrutinize the principles of scientific socialism i e all those principles of Marxism concerning the state that build socialism as a political system The second book *The Economic Theory of Socialism* is a sequel and as far as I know the only sequel of the greatest work by Karl Marx *Capital* The economics of socialism makes Marx s socialism already completely possible In this book I scrutinize the economic laws that build socialism as a more effective economic system than capitalism These laws are extracted from Marx s main work *Capital* From 1917 to 1991 the totalitarian system in USSR and East Europe was called socialism and even by the scientific nonsense and absurd names of communism and communist system In this system the official ideology was allegedly Marxism but really it could not endure any Marxist criticism There was never any socialism anywhere In the twentieth century we passed through a system of utopian socialism as proof that this was not socialism that was not possible but for the utopia of writers before and after Marx We were visited by a utopian socialism which at the contemporary stage is simply capitalism state monopolistic There is no better application of Keynes s doctrine than the socialism of the twentieth century His planned capitalism is actually planned socialism City of Man's Desire
