book provides the most comprehensive up to date and informative survey and analysis of the vast body of Civil War literature. More than 40 essays each by a specialist in a particular subfield of Civil War history offer unmatched thoroughness and discerning assessments of each work's value. The essays cover every aspect of the war from strategy, tactics, and battles to logistics, intelligence, supply, and prisoner of war camps; from generals and admirals to the men in the ranks; from the Atlantic to the Far West; from fighting fronts to the home front. Some sections cover civilian leaders, the economy, and foreign policy, while others deal with the causes of war and aspects of Reconstruction, including the African American experience during and after the war. Breadth of topics is matched by breadth of genres covered. Essays discuss surveys of the war, general reference works, published and unpublished papers, diaries, and letters, as well as the vast body of monographic literature, including books, dissertations, and articles. Genealogical sources, historical fiction, and video and audio recordings also receive attention. Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America's pivotal experience.
