**Friction Coefficients for Stainless Steel/PTFE (teflon) Bearings** John Stanton, Josef C. Taylor, 2010 *Oligarchy in America* Luke Winslow, 2024 A fascinating survey of the history of political and economic ideas in the US that have led to an increasingly entrenched ultra rich class of oligarchs To an American oligarchy is something that happens somewhere else In *Oligarchy in America* Luke Winslow reveals oligarchy's deep intellectual roots and alarming growth in America The book provides conceptual tools the lack of which have prevented Americans from recognizing oligarchy at home Winslow argues that generic labels like billionaires for a class of ultra rich masks the pervasive structures that entrench their power He introduces instead the concept of democratic oligarchy an institutional arrangement in which the ultra rich form a class consciously creating and leveraging state power to accumulate wealth Like a master class in political ideas Winslow traces the intellectual lineage of oligarchy in the US His lively and compulsively readable survey examines key rhetorical sources such as Herbert Spencer Andrew Carnegie Friedrich Hayek Lewis Powell Milton Friedman Charles Koch Donald Trump Tucker Carlson and others *Oligarchy in America* maps the connective web of oligarchic ideas uniting these disparate figures By offering a lucid framework through which to view oligarchic ideas ambient in American culture Winslow makes a vital contribution to readers and scholars of communication and rhetorical studies public address economics and political science
