Delve into her imaginative worlds where every twist leads to further intrigue making this collection a perfect companion for mystery enthusiasts and newcomers alike *Pygmalion, Heartbreak House, and Saint Joan* George Bernard Shaw, 2021

Pygmalion *Heartbreak House* and *Saint Joan* are widely considered to be three of the most important in the canon of modern British theatre *Pygmalion* 1912 was a world wide smash hit from the time of its premi re in Vienna 1913 and it has remained popular to this day Shaw was awarded an Academy Award in 1938 for his screenplay of the film adaptation It was of course later made into the much loved musical *My Fair Lady* *Heartbreak House* 1917 which was finally performed in 1920 and published in 1921 bares the hallmarks of European modernism and a formal break from Shaw s previous work A meditation on the war and the resultant decline in European aristocratic culture it was perhaps staged too soon after the conflict indeed it did not have the success of his earlier works which was likely due to his experimental aesthetics combined with a war weary audience that sought lighter fare However while this contemporary reception was muted it is now recognised as a modernist masterpiece *Saint Joan* 1923 marked Shaw s resurrection and apotheosis The first major work written of Joan of Arc after her canonization 1920 the play interrogates the origins of European nationalism in the post war era Like *Pygmalion* it was an immediate world wide hit and secured Shaw the Nobel Prize for Literature in 1925 Drawing upon the transcripts of Joan s trial Shaw blended his trademark wit to produce a hybrid genre of comedy and history play Despite the historical setting *Saint Joan* is highly accessible and continues to delight audiences [The European Court of Justice](#) Gráinne De Búrca, Joseph Weiler, 2001 This collection of essays aims to look afresh at an institution which although already the subject of numerous academic analyses and extensive legal research remains of central importance to all who are interested in the development of European Union law and policy Various contributions seek to develop particular avenues of analysis which despite the significant increase in the range and volume of literature on the Court of Justice have not yet been very fully explored They include a legal philosophical account of the ECJ s reasoning a sociological analysis of patterns of litigation before the Court and an investigation of the impact and presence of gender in the Court s work and on its institutional position Other contributions look anew at the more topical and sometimes controversial subject of the relationship between national courts and the Court of Justice both under the preliminary reference procedure and in other contexts and a final essay considers the likely effect on the Court of Justice and the Court of First Instance of the reforms to the judicial structure proposed during the Nice Intergovernmental Conference
