When I Look Up Ron Gallo,2021-11-21 Most Christian books have a problem For they speak from an adult perspective and not a child s They leave out the most important aspect of the foundation when walking with God and that is the child They say do ABCDE to get a better walk with God That s fine but we forget about the growth of the child and there characteristics is the Christian life template for an adult to look at and learn from This is the reason why children come before adults it s so we can see who God sees God doesn t see us as we see each other as adults in arrogance God doesn t care about your social status or you can have more degrees than a thermometer you are his child God sees adults as tall children So now let s look deeper into a child s life and how it relates to Gods foundation the family Understanding the child then you will understand yourself and what God wants from us as adults Looking at the genesis of a child we can see many attributes and characteristics of a child that God wants to see in us We can shadow and be a reflection of childlike not childish as Jesus said in the book of Mathew Jesus clearly states unless you re like a child you shall not enter Right off the bat Jesus is drawing the line in the sand Children have many characteristics that we miss as adults and forget that we went through these same characteristics ourselves From looking up having child like faith being able to be led humility believability no pride or self righteousness etc This fascinating book being different will enhance any reader parent to take a stronger look at their own Christian life and check off the boxes to see if there in alignment with Gods standards There a chapter on being blind when your awake yet we trust him in sleep and other great gems of wisdom

Everything About the Bible That You Never Had Time to

Look Up W. Milton Timmons,2003-02 Visit the author s website at www.miltontimmons.com Heretofore it has required years of study access to many rare books and superhuman effort to cut through the nearly impenetrable prose of these ancient books Now all the hard work has been done for you in this easy to read summary The project began during the course of collecting background material for a novel about the origins of Christianity when it soon became apparent that reliable information was very scarce Perhaps half the books that shaped Western concepts of religion have ceased to exist Many were destroyed as heretical after the early ecumenical councils closed the biblical canon in the fourth century others have simply turned to dust The oldest biblical manuscripts in existence are the Dead Sea Scrolls which go back to approximately 100 B C E And the oldest Christian manuscripts are those found in the Gnostic library of Nag Hammadi in Egypt written in the fourth century C E But they don t contain any of the canonical books All other information comes to us via copies of copies Before invention of the printing press in 1450 all replication was by hand which allowed countless variations to creep into texts Especially after translation into multiple languages many stories evolved into a wide spectrum of versions Which is the true version It is impossible to say The aim of this volume is to be concise rather than exhaustive thus making available to general readers the main sources of Judeo Christian thought without the distraction of scholarly disputes For the benefit of those who may question the interpretation of certain documents or who wish more information about original sources a selected bibliography is included It should be remembered that the books in this volume were written by very primitive people who were trying to make sense of the world with the only information they had But even in those days most of these authors were not considered educated by their Greek and Roman contemporaries Moreover the Jewish and Christian leaders who created the biblical canon rejected the majority of these documents as products of overheated imagination So there are times when descriptions necessarily become a bit whimsical Always however the goal has been to cover the author s main points while eliminating only the extraneous Even though many of these books did not end up in any authorized Bible they have nevertheless been extremely influential in the evolution of religious traditions To this day sermons theological doctrines and Sunday school lessons are still based on these extra canonical sources Where did medieval artists get the idea for all those paintings about the Assumption of the Virgin There s nothing in the Bible about any such event How do Catholics justify their doctrine that Mary remained a virgin all her life even though the Bible says Jesus had several brothers and sisters Where did Dante Alighieri get his concepts about the levels of hell Where did John Milton get the plot for his story about Lucifer the fallen angel The documents contained in this book are where those ideas and a myriad others all came from When Sorrows Come My Way, I Look up and Forge Forward Mardria Williams,2013-10-15 Reflect and experience how others have dealt with grief and situations that hurt This experience demonstrates that sorrow and pain come to everyone Despite how grave dark and deep the abyss appears trouble will not last always This account gives views to the expedition for a clear and
