The globe is blue and green, with the text "Look around you" written in a stylized, blue, cursive font with a yellow outline. The collage is arranged in a circular pattern, with elements like a large green tree on the left, a pink cherry blossom branch on the top right, a large blue fish on the right, and a large brown tree on the bottom left. Avant Desire: A Nicole Brossard Reader Nicole Brossard, 2020-10-06 The definitive survey of an essential feminist poet In June 2019 Nicole

Brossard was awarded the Lifetime Recognition Award from the Griffin Poetry Trust. Rarely has a prize been so richly deserved. For five decades she has writing ground breaking poetry fiction and criticism in French that has always been steadfastly and unashamedly feminist and lesbian. Avant Desire moves through Brossard's body of work with a playful attentiveness to its ongoing lines of inquiry. Like her work this reader moves beyond conventional textual material to include ephemera interviews marginalia lectures and more. Just as Brossard foregrounds collaboration this book includes new translations alongside canonical ones and intertextual and responsive work from a variety of artist translators at various stages of their careers. Through their selections the editors trace Brossard's fusion of lesbian feminist desire with innovation experimentation and activism emphasizing the more overtly political nature of her early work and its transition into performative thinking. Devotees of Brossard will be invigorated by the range of previously unavailable materials included here while new readings will find a thread of inquiry that is more than a mere introduction to her complex body of work. Avant Desire situates Brossard's thinking across her oeuvre as that of a writer whose sights are always cast toward the horizon.

Historian Donald W Maxwell explores how these Americans in exile forged cosmopolitan identities permanently changing perceptions of military service nation and citizenship.

The Theatricalists Theron Schmidt, 2024-09-15 Examines how the politics of the theater can illuminate the theatricality of politics. Theatricality is often dismissed as a distraction from real politics as when cynical political gestures are derided as pure theater or only theater. But the artists and theater companies discussed in this book including Back to Back Theatre Tim Crouch Rabih Mrou Nature Theater of Oklahoma and Christoph Schlingensiefel take a different approach. Theron Schmidt argues that they represent a theatricalist turn that explores and tests the conditions of the theater itself. Across diverse contexts of political engagement ranging from disability rights to representations of violence these theatrical conditions are interconnected with political struggles such as those over who is seen and heard how labor is valued and what counts as political in the first place. In a so called post political era The Theatricalists argues that an examination of theater's internal politics can expand our understanding of the theatricality of politics more broadly.
