## Look Back To Earth:

2012...*The Year Jesus (Yeshua) Finally Came Back to Earth* Dante P. Chelossi Jr, 2012-09-13 This controversial subject matter about the return of Jesus Yeshua to earth in modern times to come face to face with humanity once again after almost twenty centuries has been something thought about and anticipated by millions of people since the time of his physical departure There is also the human curiosity about what would happen if and when he did actually return to earth There have been many times when this event was predicted over the centuries about when he would arrive and every time it did not happen Patience and faith still continued afterwards after much disappointment of the believers This hope of his return is embedded within the souls of millions of people on our planet Even though this story in this book is fiction it will still make the reader wonder about how he or she would react if someone were to show up one day in the near future on a world stage and declare that he is indeed the very same man that modern day people call Jesus Yeshua who was crucified on a wooden cross almost two thousand years ago by the Romans Certainly unarguable proof from this man claiming to be Jesus Yeshua would need to be so utterly convincing that even nonbelievers who are not necessarily religious would be convinced without argument The author will be able to show an event that he has created in this book and prove to anyone that if this event were to actually happen before their eyes it would be hard for them to deny that this person is in fact who he claims to be This event is so extraordinary and unbelievable that denial that this person is Jesus Yeshua would be impossible **NASA Magazine** United States. National Aeronautics and Space Administration, 1992 **Descendants of Earth** Tara Jade Brown, 2023-06-01 Five thousand years in the future the Earth is dead A galactic network of terraformed planets connected by teleportation portals is populated by the genetically improved Descendants The original Humans labeled dangerous and barbaric are kept under constant surveillance and contact with the Descendants is strictly forbidden In this seemingly peaceful society Dora Dana Dasnan a gifted Visionaire serves the leading race of Descendants by reporting her Visions of the future But when she witnesses a forbidden Vision an intimate contact with a Human man she realizes her life is in danger Escape from this disciplined and controlled society seems impossible but just when Dora loses all hope a teleportation error sends her to a new and astoundingly beautiful planet Here begins a remarkable journey where she adapts to an alien culture learns the frightening truth behind her dystopic world and experiences a Vision of the future that could save the Human race Descendants of Earth is a trilogy comprising *The Senthien* *The Mind* and *The Vision* blending science fiction and dystopian fiction with romance [Off-Earth Evolution: The Colonization Conflict](#) Matthew Evans, 2020-06-06 The second book in the Off Earth Evolution series Saga is sent to the collaborative settlement on the planet of Konsorcio in order to settle a rift that has broken out between settlers from Teronovaj and Pacienco She and her crew reunite with old acquaintances and encounter unexpected hostility While attempting to resolve problems between the two groups they are forced to confront a deadly new enemy Saga and Altaj muster scientific ingenuity physical strength and old military strategies in the fight to
