## **Looking At The White Working Class Historically:**

Looking at the White Working Class Historically David Gilbert, 2002-01-01 A sober examination of the historical role of the white working class and its place in the US imperialist system With suggestions for the possibilities of developing this class into a revolutionary class as part of a broad social movement Includes commentary from Settlers author J Sakai Gilbert was a member of both SDS and the Weather Underground

*Looking at the U.S. White Working Class Historically* David Gilbert, 2017-11-14 Looking at the U S White Working Class Historically tackles one of the supreme issues for our movement the contradiction embodied in the term white working class On the one hand there is the class designation that should imply along with all other workers of the world a fundamental role in the overthrow of capitalism On the other hand there is the identification of being part of a white oppressor nation Gilbert seeks to understand the origins of this contradiction its historical development as well as possibilities to weaken and ultimately transform the situation In other words how can people organize a break with white supremacy and foster solidarity with the struggles of people of color both within the United States and around the world Gilbert began this project in the early 1980s while in jail facing charges stemming from his activities in the revolutionary underground It started as a pamphlet reflecting on writings about race and class by Ted Allen W E B DuBois and J Sakai In the 1990s Gilbert added a retrospective essay reviewing lessons from the 1960s and the New Left he had been active in at the time Over the years Looking at the White Working Class Historically as it was known in previous editions has been widely circulated across multiple waves and generations of activists As Gilbert writes in the introduction to this 2017 edition this text remains the most popular of his writings for younger radicals seeking to build movements against racism This new edition contains all the material from previous versions including an essay by J Sakai along with a new introduction Gilbert s take on the election of Donald Trump and an extensive new text surveying changes in the global political order since the 1960s More than ever Looking at the U S White Working Class Historically explores and illuminates perspectives for radical change and resistance to racism in the United States today

*Remembering the Armed Struggle: My Time with the Red Army Faction* Margrit Schiller, 2021-02-01 Margrit Schiller was an early member of the Red Army Faction the West German urban guerrilla group In 1971 she was captured and charged with a murder she did not commit and upon her release she returned to the underground being captured again in early 1974 She would spend most of the 1970s in prison enduring isolation conditions meant to break the human spirit and participating hunger strikes and other acts of resistance along with other political prisoners from the RAF In Remembering the Armed Struggle Schiller recounts the process through which she joined her generation s revolt in the 1960s going from work with drug users to joining the antipsychiatry political organization the Socialist Patients Collective and then the RAF She tells of how she met and worked alongside the group s founding members Ulrike Meinhof Andreas Baader Jan Carl Raspe Irmgard M ller and Holger Meins how she learned the details of the May Offensive and other actions while in her prison cell about the struggles to defend

human dignity in the most degraded of environments and the relationships she forged with other women in prison Also included are a foreword by Ann Hansen who situates the draconian prison conditions inflicted on the RAF within the context of a global counterinsurgency program that would help spawn the plague of mass incarceration we still face today an afterword by the late Osvaldo Bayer and an appendix by J Smith and Andr Moncourt summarizing the politics and history of the RAF in the 1970s What People Are Saying Margrit Schiller s life story Remembering the Armed Struggle is not meant to mark a hard break with the Red Army Faction but is more of a critical reflection in the spirit of solidarity Even those who do not share Schiller s perspective will find it interesting to join her as she looks back on her years underground and in prison diesseits Schiller s recollections are profoundly honest and to the point She neither glorifies the Red Army Faction nor does she repent or distance herself from her past taz I am moved by the honesty of this story showing the limits doubts and uncertainties Margrit is far from pretending to be a hero or providing a heroic tale May Margrit s experiences and those of her comrades help us to continue the battle for the freedom of political prisoners in any corner of the world May they also allow us to radically question the prison system which is used as a space to discard the excluded and to criminalize poverty Memory freedom and desire are part of the experience of resistance of our bodies of our lives And Margrit stripping away her own history in this book with pain but with courage helps us to continue spinning colors flavors sounds and aromas in this mild time of attempts Claudia Korol author of Las Revoluciones de Berta 2019 from the Prologue to the Spanish edition The book challenges prejudices and dares to address subjects that are taboo especially in these latitudes so plagued by silences about the human aspects that mark the reality of the struggle to free ourselves This story is the story of hundreds of antisystem militants It contains that old but not perished left wing argument from the 1960s about how words should have some connection to actions Grupo de ex presas politicas Memoria v testimonios *The Black Women Oral History Project*. Cpl. Ruth Edmonds Hill, 2013-06-21 No detailed description available for BLACK WOMEN ORAL HISTORY PROJECT CPLT E BOOK **Encyclopedia of U.S. Labor and Working-Class History** Eric Arnesen, 2006-11-16 A RUSA 2007 Outstanding Reference Title The Encyclopedia of US Labor and Working Class History provides sweeping coverage of US labor history Containing over 650 entries the Encyclopedia encompasses labor history from the colonial era to the present Articles focus on states regions periods economic sectors and occupations race relations ethnicity and religion concepts and developments in labor economics environmentalism globalization legal history trade unions strikes organizations individuals management relations and government agencies and commissions Articles cover such issues as immigration and migratory labor women and labor labor in every war effort slavery and the slave trade union resistance by corporations such as Wal Mart and the history of cronyism and corruption and the mafia within elements of labor history Labor history is also considered in its representation in film music literature and education Important articles cover the perception of working class culture such as the surge in sympathy for the working class following September 11 2001 Written as an objective social history the

Encyclopedia encapsulates the rise and decline and continuous change of US labor history into the twenty first century

**The Cambridge History of the Australian Novel** David Carter,2023-07-27 The Cambridge History of the Australian Novel is an authoritative volume on the Australian novel by more than forty experts in the field of Australian literary studies drawn from within Australia and abroad Essays cover a wide range of types of novel writing and publishing from the earliest colonial period through to the present day The international dimensions of publishing Australian fiction are also considered as are the changing contours of criticism of the novel in Australia Chapters examine colonial fiction women s writing Indigenous novels popular genre fiction historical fiction political novels and challenging novels on identity and belonging from recent decades not least the major rise of Indigenous novel writing Essays focus on specific periods of major change in Australian history or range broadly across themes and issues that have influenced fiction across many years and in many parts of the country     Social Theory: Continuity and Confrontation Roberta Garner,Black Hawk Hancock,2014-04-29 The third edition of this popular reader reflects considerable changes With over seventy readings representing a wide diversity of theorists it offers a breadth of coverage not available in other collections The framework for understanding theory as a set of conversations over time is maintained and deepened with a focus on key transitional theorists who helped pave the way from classical to contemporary theory New contextual and biographical materials surround the primary readings and each chapter includes a study guide with key terms discussion questions and innovative classroom exercises The result is a fresh and expansive take on social theory that foregrounds a plurality of perspectives and defines contemporary trends in the field while being both an accessible and manageable teaching tool     *Social Theory: Volume II* Roberta Garner,Black Hawk Hancock,2014-05-29 The organization of this popular social theory reader which pairs classical articles with contemporary theoretical and empirical studies highlights the historical flow of social theory and demonstrates how disagreements and confrontations shape theory over time Written in clear down to earth language the introductions to each selection link theorists to one another illustrating how theoretical traditions are not rigidly separate but are always in conversation addressing and challenging each other Volume II From Modern To Contemporary Theory uses key transitional theorists to illustrate how contemporary theory emerged from the past New chapters on race on culture and on media as well as a significantly reworked gender chapter deepen coverage As well new contextual and biographical materials surround each reading and each chapter includes a study guide with key terms and innovative discussion questions and classroom exercises The result is a volume of readings that offers instructors flexibility in how they approach teaching and students an affordable and accessible introduction to the most important contemporary social theorists     **Urban Regeneration, Community Power and the (In)Significance of 'Race'** Paul J. Maginn,2017-11-30 The concepts of community consultation and participation have come to dominate academic and policy debate about urban regeneration partnerships However there has been relatively little discussion about the nature of community power within regeneration partnerships Adopting an

ethnographic approach in the study of community participation and power and the significance of race in three ethnically diverse neighbourhoods in London this book highlights that there has been a pluralistic turn in British urban regeneration policy Local communities often portrayed as the least powerful partner within partnerships are shown to use various strategies to influence decision making thus giving rise to a new typology of pluralism pragmatic hyper and paternalistic Furthermore the significance of race and racism within community forums and regeneration partnerships is challenged The playful use of the term In Significance in the title is linked to the argument that although racism exists race does not always matter History beyond apartheid Thula Simpson,2023-04-18 This edited volume encompasses a range of themes and approaches relevant to the field of South African history today as viewed from the perspective of practicing historians at the cutting edge of research in the discipline The collection features the historians offering critical reflection on the theoretical and methodological aspects of their work This involves them both looking back at the inherited historiographical tradition in the respective areas of their research while also pointing forwards to possible future directions for scholarly engagement

Journal of Women's History Guide to Periodical Literature ,1992 Gayle V Fischer has produced a terrifically useful volume that no research library should be without The Journal of American History an indispensable resource to finding material on women s history throughout the world Journal of World History the work is recommended for its currency depth of coverage and scope Ethnic Forum As part of its mission to disseminate feminist scholarship and serve as the journal of record for the new area of women s history the Journal of Women s History began a compilation of periodical literature dealing with women s history This volume is drawn from more than 750 journals and includes material published from 1980 through 1990 There are forty subject categories and numerous subcategories The guide lists more than 5 500 articles all are extensively cross listed

**A Brief History of Rock, Off the Record** Wayne Robins,2016-03-31 The birth of rock n roll signaled the blossoming of a new teenage culture dividing generations and introducing a new attitude of rebellion and independence From Chuck Berry to the Beatles from punk rock to hip hop rock n roll has continuously transformed alongside or in reaction to social cultural and political changes A Brief History of Rock Off the Record is a concise introduction to rock history and the impact it has had on American culture It is an easy to read vivid account written by one of rock s leading critics Pulling from personal interviews over the years Wayne Robins interweaves the developments in rock music with his commentary on the political and social events and movements that defined their decades History and Identity Stefan Berger,2022-01-20 This introduction to contemporary historical theory and practice shows how issues of identity have shaped how we write history Stefan Berger charts how a new self reflexivity about what is involved in the process of writing history entered the historical profession and the part that historians have played in debates about the past and its meaningfulness for the present He introduces key trends in the theory of history such as postmodernism poststructuralism constructivism narrativism and the linguistic turn and reveals in turn the ways in which they have transformed how historians have written history over the last

four decades The book ranges widely from more traditional forms of history writing such as political social economic labour and cultural history to the emergence of more recent fields including gender history historical anthropology the history of memory visual history the history of material culture and comparative transnational and global history

**Doing Working-Class History** Oliver Betts, Laura Harrison, Laura Christine Price, 2024-11-04 Economic and political uncertainty has brought the language of class especially discussion of the working class to a broad audience across scholarship and social debate This introductory volume shows how the history of the working class has is and can be researched written and represented The book is structured in three parts perspective context and application Each offers an introduction to both classic historiography and new ideas and methodologies With chapters covering a span of the years c 1750 present the book focuses on three essential questions What is working class history and what should it become What can a focus on working class history reveal What are the possibilities of this research in the university classroom the heritage world and beyond Doing Working Class History will appeal to students and scholars of working class history whether relative newcomers to the field or veteran researchers interested in new approaches and material It will also be of interest to local and family historians museum and heritage professionals and general readers

*The Oxford Encyclopedia of American Social History: Men's-YMCA*, 2012

*A Cultural History of Democracy in the Modern Age* Eugenio Biagini, Gary Gerstle, 2022-12-15 This volume explores democracy in the 20th century examining the triumph crises

recovery and resilience of democracy and its associated cultures in this period From 1920 democracy became the hegemonic discourse in political cultures to the extent that even its enemies claimed its legacy The end of empires ushered in an unprecedented globalization of democratic aspirations Barriers of gender and race were gradually removed and greater equality gave new meaning to citizenship Yet already in 1922 democracy was on its back foot with the rise of fascism Even after the latter's defeat in 1945 liberal democracy died wherever communist democracy triumphed The situation changed again from 1989 but democratic hubris was then checked by the rise of a new enemy populism The paradox is that the century of democracy's triumph was also that of its near final defeat while the peace and stability that everybody desired and many expected as the outcome of the extension of democracy were at best intermittent and geographically limited Each chapter takes a different theme as its focus sovereignty liberty and the rule of law the common good economic and social democracy religion and the principles of political obligation citizenship and gender ethnicity race and nationalism democratic crises revolutions and civil resistance international relations and democratic politics beyond the polis These ten different approaches to democracy since 1920 offer a global synoptic and probing exploration of the subject

**Poverty, Inequality and the Critical Theory of Recognition** Gottfried Schweiger, 2020-07-20 This book brings together philosophical approaches to explore the relation of recognition and poverty This volume examines how critical theories of recognition can be utilized to enhance our understanding evaluation and critique of poverty and social inequalities Furthermore chapters in this book explore anti poverty policies development aid and duties towards the global poor This book includes critical examinations of reflections on poverty and related issues in the work of past and present philosophers of recognition This book hopes to contribute to the ongoing and expanding debate on recognition in ethics political and social philosophy by focusing on poverty which is one highly important social and global challenge If one believed that the theme of recognition had been theoretically exhausted over the last couple of years this book sets the record straight The central point of all the studies collected here is that poverty is best understood in its social causes psychic consequences and moral injustice when studied within the framework of recognition theory Regardless of how recognition is defined in detail poverty is best captured as the absence of all material and cultural conditions for being recognized as a human being Whoever is interested in the many facets of poverty is well advised to consult this path breaking book Axel Honneth Columbia University
