Understanding Religion Through Artificial Intelligence Justin E. Lane, 2021-05-06 In Understanding Religion through Artificial Intelligence Justin E Lane looks at the reasons why humans feel they are part of a religious group despite often being removed from other group members by vast distances or multiple generations. To achieve this Lane offers a new perspective that integrates religious studies with psychology anthropology and data science as well as with research at the forefront of Artificial Intelligence AI After providing a critical analysis of approaches to religion and social cohesion Lane proposes a new model for religious studies which he calls the Information Identity System This model focuses on the idea of conceptual ties links between an individual s self concept and the ancient beliefs of their religious group Lane explores this idea through real world examples ranging from the rise in global Pentecostalism to religious extremism and self

radicalization to the effect of 9 11 on sermons Lane uses this lens to show how we can understand religion and culture today and how we can better contextualize the changes we see in the social world around us **Atlas of Religion in China: Social and Geographical Contexts** Fenggang Yang, 2018-09-04 The speed and the scale with which traditional religions in China have been revived and new spiritual movements have emerged in recent decades make it difficult for scholars to stay up to date on the religious transformations within Chinese society This unique atlas presents a bird s eye view of the religious landscape in China today In more than 150 full color maps and six different case studies it maps the officially registered venues of China's major religions Buddhism Christianity Protestant and Catholic Daoism and Islam at the national provincial and county levels The atlas also outlines the contours of Confucianism folk religion and the Mao cult Further it describes the main organizations beliefs and rituals of China's main religions as well as the social and demographic characteristics of their respective believers Putting multiple religions side by side in their contexts this atlas deploys the latest qualitative quantitative and spatial data acquired from censuses surveys and fieldwork to offer a definitive overview of religion in contemporary China An essential resource for all scholars and students of religion and society in China Jörg Rüpke, 2020-02-24 So far religion has been seen as cause for dramatic developments in the history of cities it has contributed to the monumentalisation of centres and or has given importance to ex centric places Very recently anthropologists have been discovering religion in the contemporary global city But still awaiting historical investigation is the specific urban character of religious ideas practices and institutions and the role of urban space shaping this very religion in the course of history The time span from the Hellenistic age to Late Antiquity was crucial in the establishment of concepts and institutions of religion and witnessed extended waves of urbanisation Rome being central to this In addressing this problem this book fills a significant gap in the scholarship on urban religion across time Taking seriously the proposition that space is condition medium and outcome of social relations the development of urban religion in lived urban space and urban culture or urbanity offers a lens onto processes of religious change that have been neglected for the history of religion and for the study of urbanism The key thesis is that city space engineered the major changes that revolutionised religions This stimulating book makes use of archaeology and history to address religion as an essential component of urban life in both the past and the present With a strong basis in the ancient Mediterranean as well as an insightful view of modern urban life R pke emphasizes that the practice and performance of religion at the everyday level is as essential in the creation of an urban ethos as the grand temples and institutions promulgated by the elite Monica L Smith author of Cities The First 6 000 Years J rg R pke offers a characteristically original and learned series of reflections on some of the many ways in which the history of religions and the history of cities might be entangled Urban Religion offers no single overarching thesis but it is consistently thought provoking and suggests many intriguing lines of investigation for the future Greg Woolf Institute of Classical Studies London Islamic Modernism and the Re-Enchantment of the Sacred in the Age of History Monica M.

Ringer, 2020-09-04 This book studies the complex relationship of religion to modernity and argues that modernity should be understood as the consequence not the cause of the new intellectual landscape of the 19th century Shows how the adoption of historicism in the 19th century engendered Islamic modernism as a theological reform movement and Disciplinary Approaches André Laliberté, Stefania Travagnin, 2019-08-05 The three volume project Concepts and Methods for the Study of Chinese Religions presents a history of the study of Chinese religions It evaluates the current state of scholarship discusses a variety of analytical approaches and theories about methodology epistemology and the ontology of the field The three books display an interdisciplinary approach and offer debates that transcend national traditions It engages with a variety of methodologies for the study of East Asian religions and promotes dialogues with Western and Chinese voices This volume covers successive historical stages in the study of religion in modern China draws out the genealogy of major figures and intellectual achievements in a variety of research traditions and highlights as well the challenges and evolutions experienced by the main disciplines in the last 30 years This volume serves as a reference for graduate students and scholars interested by religions in modern Chinese societies i e mainland China Taiwan Hong Kong and Chinese communities oversea Using a wide range of methods from textual analysis to fieldwork it presents case studies via the disciplines of religious studies anthropology sociology history and political science The Oxford Handbook of Mission Studies Kirsteen Kim, Knud Jørgensen, Alison Fitchett-Climenhaga, 2022-04-18 The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology history and methodology of the propagation of Christian faith and the engagement of Christians with cultures religions and societies worldwide It contains more than 40 articles by experts from different disciplinary and ecclesial perspectives who are from all continents It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical evangelical Catholic and Orthodox sources and by a spate of academic works on the topic Western church leaders now apply insights from foreign missions such as inculturation liberation interfaith work and power encounter to today s multicultural societies Meanwhile there are new initiatives in mission from the Majority World where most Christians live so that sending is not only from the west to the rest but from everywhere to everywhere Therefore this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements In a time of growing recognition of religions more generally this work examines and theorizes the missional dimensions of the world's largest religion its agendas growth outreach role in public life effect on cultures relevance for development and its approaches to other communities Religion, Spirituality and the Near-Death Experience Mark Fox, 2003-12-16 This dramatic and sustained response to decades of research into near death experiences NDEs is the first book to credibly bridge the gap between the competing factions of science and spirituality Neither a religious argument

touting NDEs as hard evidence for God nor a scientific rebuke to religious interpretations it balances investigation of these much reported yet baffling phenomena and brings fresh urgency to the study of our hopes for a life beyond Mimetic Theory and World Religions Wolfgang Palaver, Richard Schenk, 2017-11-01 Those who anticipated the demise of religion and the advent of a peaceful secularized global village have seen the last two decades confound their predictions Ren Girard s mimetic theory is a key to understanding the new challenges posed by our world of resurgent violence and pluralistic cultures and traditions Girard sought to explain how the Judeo Christian narrative exposes a founding murder at the origin of human civilization and demystifies the bloody sacrifices of archaic religions Meanwhile his book Sacrifice a reading of conflict and sacrificial resolution in the Vedic Brahmanas suggests that mimetic theory s insights also resonate with several non Western religious and spiritual traditions This volume collects engagements with Girard by scholars of Judaism Christianity Islam Hinduism and Buddhism and situates them within contemporary theology philosophy and religious studies
