woman for that matter from city town or farm has little knowledge of the real wilderness Many hunters fisherfolk joggers
backpackers hikes and adventures know how to handle a prepared path planned campsite or landscaped trail but the real
woods were every thing and I mean every thing is natural they are lost They have never seen any food walking around or any
plants out of a plastic package Thus off the planned path they hit the panic button and may needlessly die A considerable
number of people lost in the wilds die every year just because they did not have the basic knowledge to survive A recent
example from the Western states was a group of people perished in the woods with a host of good food all around They just
didn t know what to eat as they had never seen it growing in the ground Few of today s citizen realize they are never more

than a few seconds from trouble as their car rolls to a stop many miles from civilization with a dead engine Every year many people buy a gun and become hunters They know they are hunters they now have a hunting license The license gives them no knowledge of the woods but they don't realize this until they get lost on the first trip Some die Some get themselves out with just dumb luck and fear to ever return to the woods again many hours of true fun have been lost forever This book could have helped save a life or made their trip a fun adventure to be enjoyed again and again This book is full of basic information and how to for the novice but the experienced outdoors person will find a wealth of useful information here as well There are details on many different ways to live in the outdoors with little professional equipment some may be new or a little different to other books on the subject to build a fire break in boots walk approach game travel finding food water shelter how to cook without pots or pans tell coming weather what works in many places and what doesn t How to make the things you need with only what tools you can devise or may have with you at the time is stressed as is outdoor first aid and confidence All subjects very different to what you will experience in town or in a formal camping backpacking or hiking situation This book is different in that everything here has been tested over and over all over the country to be sure everything will work for the novice as well as the experienced outdoors person This is not a table top or book shelf book it is a book to put in your pocket and take with you It may well save a life "The" Medical Times and Gazette ,1861 **Looking Through Glass** Mukul Kesavan, 2008 At The Close Of The Twentieth Century A Young Photographer On A Train To Lucknow Suddenly Finds Himself In The Deep End Of 1942 Adrift In The Final Years Of The Raj He Improvises A Life And Is Caught Up In The Fates Of Ammi Forever Waiting For A Vanished Husband Masroor Desperate To Stall A Hindu Vs Muslim Cricket Match Chaubey A Rebel Turned Repertory Star Parwana Who Starts Life As An Orphan And Nearly Ends It As An Ersatz Widow On A Make Believe Pyre Gyanendra A Pioneering Pornographer Carrick A Parson Worried About The Millions Starving In Bengal And The Narrator S Own Grandmother Whom He Personally Cremated Not So Long Ago But Hindsight Tells Him That Partition Will Destroy This World And In His Desperate Struggles To Avert The Inevitable We Discover Often With An Almost Unbearable Poignance How The Possibilities In India S Past Were Squandered Some Wantonly Others Accidentally improvement of society by the diffusion of knowledge.
