Subversives Seth Rosenfeld, 2024-03-26 *Subversives* traces the FBI s secret involvement with three iconic figures at Berkeley during the 1960s the ambitious neophyte politician Ronald Reagan the fierce but fragile radical Mario Savio and the liberal university president Clark Kerr Through these converging narratives the award winning investigative reporter Seth Rosenfeld tells a dramatic and disturbing

story of FBI surveillance illegal break ins infiltration planted news stories poison pen letters and secret detention lists He reveals how the FBI s covert operations led by Reagan s friend J Edgar Hoover helped ignite an era of protest undermine the Democrats and benefit Reagan personally and politically At the same time he vividly evokes the life of Berkeley in the early sixties and shows how the university community a site of the forward looking idealism of the period became a battleground in an epic struggle between the government and free citizens The FBI spent more than 1 million trying to block the release of the secret files on which Subversives is based but Rosenfeld compelled the bureau to release more than 250 000 pages providing an extraordinary view of what the government was up to during a turning point in our nation s history Part history part biography and part police procedural Subversives reads like a true crime mystery as it provides a fresh look at the legacy of the sixties sheds new light on one of America s most popular presidents and tells a cautionary tale about the dangers of secrecy and unchecked power *Sisters of the Extreme* Cynthia Palmer, Michael Horowitz, 2000-05 *Sisters of the Extreme* provides us with the eloquent writings of women who experimented with drugs Sometimes their quests brought unexpected rewards sometimes suffering The selections in this anthology show that the psychedelic experiences of women have been anything but stereotypical *Positively 4th Street* David Hajdu, 2011-04-26 The story of how four young bohemians on the make Bob Dylan Joan Baez Mimi Baez and Richard Farina converged in Greenwich Village fell into love and invented a sound and a style that are one of the most lasting legacies of the 1960s When Bob Dylan age twenty five wrecked his motorcycle on the side of a road near Woodstock in 1966 and dropped out of the public eye he was recognized as a genius a youth idol and the authentic voice of the counterculture and Greenwich Village where he first made his mark as a protest singer with an acid wit and a barbwire throat was unquestionably the center of youth culture So embedded are Dylan and the Village in the legend of the Sixties one of the most powerful legends we have these days that it is easy to forget how it all came about In *Positively Fourth Street* David Hajdu whose 1995 biography of jazz composer Billy Strayhorn was the best and most popular music book in many seasons tells the story of the emergence of folk music from cult practice to popular and enduring art form as the story of a colorful foursome not only Dylan but his part time lover Joan Baez the first voice of the new generation her sister Mimi beautiful haunted and an artist in her own right and her husband Richard Farina a comic novelist *Been Down So Long It Looks Like Up To Me* who invented the worldliwise bohemian persona that Dylan adopted some say stole and made as his own The story begins in the plain Baez split level house in a Boston suburb moves to the Cambridge folk scene Cornell University where Farina ran with Thomas Pynchon and the University of Minnesota where Robert Zimmerman christened himself Bob Dylan and swapped his electric guitar for an acoustic and a harmonica rack before the four protagonists converge in New York Based on extensive new interviews and full of surprising revelations *Positively Fourth Street* is that rare book with a new story to tell about the 1960s It is in a sense a book about the Sixties before they were the Sixties about how the decade and all that it is now associated with it were created in a fit of collective

Settling the Borderland Jan Whitt,2008-09-05 *Settling the Borderland* deals with the intimate connection between journalism and literature both fields in which work by women has been underrepresented This book has a twin focus the work of journalists who became some of the greatest novelists poets and short story writers of the nineteenth and twentieth centuries in America several of whom are men and contemporary journalists who best exemplify the effective use of literary techniques in news coverage Although five women are emphasized here Katherine Anne Porter Eudora Welty Joan Didion Sara Davidson and Susan Orlean three men whose work was profoundly influenced by journalism also are included Edgar Allan Poe Walt Whitman and John Steinbeck are well known as writers of poetry short stories and novels but they too are among the other voices rarely included in studies of literary journalism In *Settling the Borderland* Jan Whitt presents a thorough analysis of

the increasingly indistinct lines between truth and fiction and between fact and creative narrative in contemporary media

The Feminist Bestseller Imelda Whelehan, 2017-03-16 Imelda Whelehan provides an overview of popular women's writing from the late 1960s to the present looking at how key feminist texts such as *The Women's Room*, *Kin flicks* and *Fear of Flying* have influenced popular contemporary fiction such as *Bridget Jones Diary* and *Sex and the City*. Whelehan reconsiders the links between the politics of feminist thought, action and writing and creative writing over the past 30 years and suggests that even so-called post-feminist writing owes an enormous debt to feminism's second wave.
