With notices of the plants mentioned in Columella and Virgil* Charles Daubeny, 1857      *A Practical Manual of the Treatment of Club-foot* Lewis Albert Sayre, 1854      **Chemistry, Theoretical, Practical, and Analytical** Sheridan Muspratt, 1860      The Medical Works of Paulus Aegineta, the Greek Physician Paulus

(Aegineta.), Francis Adams, 1834      **General Catalogue of Printed Books** British Museum. Department of Printed Books, 1969      **New Essays in Deixis** Keith Green, 1995 This volume presents some new work on deixis and in particular deixis in narrative and literature Deixis has long held fascination for both philosophers and linguists alike and increasingly it is seen as a fundamental element of discourse in works of a more literary linguistic or stylistic nature The aim of this book has been to gather and present material on deixis which is often referred to but has hitherto not received the space it warrants The collection will be of interest to anyone working in linguistics and literary studies There are essays on deictic processing non egocentricity deictic worlds and the deictic categories The more literary material focuses on modernist aesthetics the poetic deictic persona pronouns and narrative voice and the problematic deixis of Keats's Odes      **The Perfume Handbook** N. Groom, 2012-12-06 In 1948 I was posted as a Political Officer to a remote part of south west Arabia on the edge of the great desert called the Empty Quarter In valleys made fertile by seasonal flood waters lay the remains of an ancient civilization I found inscriptions and the ruin sites of towns palaces and temples Almost buried under the sand dunes were the tumbled walls of a great city From here two thousand years before huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza burdened with a most precious cargo frankincense myrrh and other perfume materials for the courts temples and perfume shops of Rome My book Frankincense and Myrrh delved into the details of this romantic trade and led to a broader interest in the perfumes of ancient times Then researching on behalf of a perfume house into the Arab contribution to perfumery I came across the collection of perfume recipes assembled by the Arab philosopher scientist Yaqub al Kindi which have never been translated into English some which I have translated myself are now included in an appendix to this book I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had been the bridge in perfume history between ancient and modern times Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization      Using Essential Oils for Wellness Kate Funk, 2013-02-07 Kate first put the list of Issues Conditions together for her own use when a client came for an aromatherapy massage All the aromatherapy books she found listed the essential oils in alphabetical order with problems they addressed under them However a client never came to her with a list of essential oils to use but with difficulties they wanted the oils to address This book is to the best of her knowledge unique with this list and would be especially useful for other massage therapists or for people who want to address a problem using essential oils without searching an entire book      Pictorial history of ancient pharmacy Hermann Peters, 1899
