heated cultural conflicts and how the humble love song has played a key role in expanding the sphere of individualism and personal autonomy in societies around the world Gioia forefronts the conflicts controversies and the battles over censorship and suppression spurred by such music revealing the outsiders and marginalized groups that have played a decisive role in shaping our songs of romance and courtship and the ways their innovations have led to reprisals and strife And he describes the surprising paths by which the love song has triumphed over these obstacles and emerged as the dominant form of musical expression in modern society

The Exodus Peter Feinman, 2021-10-13 Did the Exodus occur This question has been asked in

biblical scholarship since its origin as a modern science The desire to resolve the question scientifically was a key component in the funding of archaeological excavations in the nineteenth century Egyptian archaeologists routinely equated sites with their presumed biblical counterpart Initially it was taken for granted that the Exodus had occurred It was simply a matter of finding the archaeological data to prove it So far those results have been for naught The Exodus An Egyptian Story takes a very real world approach to understanding the Exodus It is not a story of cosmic spectaculars that miraculously or coincidentally occurred when a people prepared to leave Egypt There are no special effects in the telling of this story Instead the story is told with real people in the real world doing what real people do Peter Feinman does not rely on the biblical text and is not trying to prove that the Bible is true He places the Exodus within Egyptian history based on the Egyptian archaeological record It is a story of the rejection of the Egyptian cultural construct and defiance of Ramses II Egyptologists not biblical scholars are the guides to telling the Exodus story What would you expect Ramses II to say after he had been humiliated If there is an Egyptian smoking gun for the Exodus how would you recognize it To answer these questions requires us to take the Exodus seriously as a major event at the royal level in Egyptian history
