

A photograph of a dirt path leading through a forest. The path is light brown and leads towards a bright light at the end of the path. The trees on either side have autumn foliage in shades of orange, yellow, and red. Some evergreen trees are visible in the background. The overall atmosphere is peaceful and serene.

Freedom and love go together. Love is not a reaction. If I love you because you love me, that is mere trade, a thing to be bought in the market; it is not love. To love is not to ask anything in return, not even to feel that you are giving something- and it is only such love that can know freedom.

Love And Freedom:

Love and Freedom Jorge N. Ferrer, 2021-06-24 In *Love and Freedom* Jorge Ferrer proposes a paradigm shift in how romantic relationships are conceptualized a step forward in the evolution of modern relationships In the same way that the transgender movement surmounted the gender binary Ferrer defines how a parallel step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monoprivilege polyphobia and polyprivilege monophobia that mediate the contemporary monopoly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these monopoly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the monopoly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities

Trinity, Freedom and Love Piotr Malysz, 2012-08-02 By critically engaging Eberhard Jüngel's doctrine of the Trinity this volume makes a broader constructive contribution to contemporary trinitarian thought The argument centers on the question posed by the inconsistencies uncovered in Jüngel's doctrine of God of how one can assert both divine freedom and the intersubjectivity of God's trinitarian self-determination Can one maintain God's freedom in the interest of divine spontaneity and creativity while remaining committed to intersubjective vulnerability which the Cross entails as an event of divine love Malysz suggests that a resolution to this problem lies in a logic of divine freedom which next to the trinitarian logic of love constitutes a different and simultaneous mode of trinitarian relationality To develop this logic Malysz draws on Jüngel's understanding of human freedom as rooted in the elemental interruption of the self-securing subject Malysz thus not only brings Jüngel's view of divine freedom into correspondence with the anthropological effects that Jüngel ascribes to it but above all offers an imaginative new way of closely integrating the doctrine of God and theological anthropology

Love, Freedom, & Manly Independence Hugh Buchanan Macphail,1856 *The Freedom of Love* Rafael De Santiago,2012-02 Is it still possible to say something new about love Although we all claim to know what love is the great variety of meanings that the word has makes it difficult to say what it really is In this book the author offers an attractive and clear exposition of the essential elements of love When we try to understand what love is we do it in the hope that it will help us improve our relationships and our lives To go through life without knowing what love is is like driving in the city of Los Angeles without a map one gets lost The chapters of this book are like a map of life in the sense that they deal with such important issues as the nature of love the nuptial meaning of the body the meaning of loyalty to our commitments the connection between love and excellence the importance of forgiveness and the relationship between love and freedom
