Carlson, 2012-01-16 Like their predecessors throughout the late nineteenth and twentieth centuries popes John Paul II and Benedict XVI have emphasized the importance of philosophy in the Catholic intellectual tradition In his encyclical *Fides et ratio* 1998 John Paul II called on philosophers to have the courage to recover in the flow of an enduringly valid philosophical tradition the range of authentic wisdom and truth Where the late pope spoke of an enduringly valid tradition Jacques Maritain and other Thomists often have referred to the perennial tradition or to perennial philosophy *Words of Wisdom* responds to John Paul's call for the development of this tradition with a much needed dictionary of terms As a resource for students in colleges universities and seminaries as well as for teachers of the perennial tradition and interested general readers *Words of Wisdom* occupies a unique place It offers precise yet clear and understandable accounts of well over a thousand key philosophical terms richly cross referenced It also explains significant terms from other philosophical movements with which Thomism and the Catholic intellectual tradition more generally has engaged either through debate or through judicious and creative incorporation Moreover it identifies a number of theological and doctrinal expressions to which perennial philosophy has contributed Finally it provides a comprehensive bibliography of works by Aquinas in English expositions and discussions of perennial themes and representative examples from the writings of all philosophers and theologians mentioned in dictionary entries **The Beast in Sheep's Clothing** Lindsey, David Michael, 2005 Persian Letters Montesquieu, 2008-04-17 Oh Monsieur is Persian That's most extraordinary How can someone be Persian Two Persian travellers Usbek and Rica arrive in Paris just before the death of Louis XIV and in time to witness the hedonism and financial crash of the Regency In their letters home they report on visits to the theatre and scientific societies and observe the manners and flirtations of polite society the structures of power and the hypocrisy of religion Irony and bitter satire mark their comparison of East and West and their quest for understanding Unsettling news from Persia concerning the female world of the harem intrudes on their new identities and provides a suspenseful plot of erotic jealousy and passion This pioneering epistolary novel and work of travel writing opened the world of the West to its oriental visitors and the Orient to its Western readers This is the first English translation based on the original text revealing this lively work as Montesquieu first intended ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more The Index ...
