Love Hate And Other Feelings:

Love and Other Emotions Jason W. Brown, 2018-03-08 This book is an account of the psychology of romantic love in the context of a theory of emotions The account develops out of studies in brain psychology and the extension to topics in process philosophy such as the nature of value and belief and the central role of feeling in mental process The approach is subjectivist that is from the internal standpoint and in this respect it differs greatly from the externalist and objectivist trends in modern cognitive science and empiricist philosophy Love is the ultimate in value so that a theory of love is also a theory of the nature of value and its relation to feeling belief and to drive and desire The role of intention reason and appraisal is critiqued The relation to other feelings such as jealousy envy anger loss and grief is discussed in terms of a general theory of emotion and the basis in a process account of the mind brain state

Adolescent Self-Injury Amelio D'Onofrio, 2007-03-15 In this truly comprehensive guide Dr D Onofrio approaches the topic of how first responders such as teachers coaches social workers guidance counselors and campus health counselors can and do treat adolescent self injury From examinations of the core social and emotional issues related to self injury to the integration of understanding with practice everything needed for comprehensive care is detailed in this volume Each part of the book focuses on a basic topic such as what constitutes self injury the foundations for self

injury and how to engage an adolescent with these issues Each issue is presented in straightforward chapters that are immediately accessible to those who are currently struggling to address this growing trend among teens The chapters within each part delve into how to recognize treat and approach this illness and incorporate first person stories from psychologists teachers and adolescents themselves *The Moral Life: Essays in Honour of John Cottingham* N. Athanassoulis, S. Vice, 2008-05-29 A collection of essays by leading philosophers on the work of John Cottingham focussing on his work in moral philosophy discussing themes from his contributions to the debate on partiality and impartiality the role of the emotions in the good life and the meaning of the worthwhile life Including a replies chapter by John Cottingham

Patterns of Emotions Carrolle E. Izard, 2013-10-22 *Patterns of Emotions A New Analysis of Anxiety and Depression* provides a theoretical and empirical analysis of anxiety and depression phenomena experienced in some degree by everyone and in crippling intensity by many This book is a sequel to *The Face of Emotion* Izard 1971 which presented a general conceptual framework for the study of the personality a theory of the emotions and evidence for the universality of the fundamental emotions of interest joy surprise distress anger disgust contempt shame and fear The book defines the problems of anxiety and depression in the framework of differential emotion theory as combinations or patterns of interacting fundamental emotions and bodily feelings The differential emotion theory of anxiety and depression is compared with psychoanalytic theory cognitive theory and biogenetic theory A number of studies are presented which support the differential emotion analysis of anxiety and depression The book also presents studies of various life situations in which a particular fundamental emotion is dominant What has been found repeatedly is that in each such situation the dominant emotion occurs in a pattern of dynamically related fundamental emotions The patterns for a variety of commonly experienced and universal emotion situations are presented and discussed

Political Epistemics Andreas Glaeser, 2011-04-15 What does the durability of political institutions have to do with how actors form knowledge about them Andreas Glaeser investigates this question in the context of a fascinating historical case socialist East Germany's unexpected self dissolution in 1989 His analysis builds on extensive in depth interviews with former secret police officers and the dissidents they tried to control as well as research into the documents both groups produced In particular Glaeser analyzes how these two opposing factions understanding of the socialist project came to change in response to countless everyday experiences These investigations culminate in answers to two questions why did the officers not defend socialism by force And how was the formation of dissident understandings possible in a state that monopolized mass communication and group formation He also explores why the Stasi although always well informed about dissident activities never developed a realistic understanding of the phenomenon of dissidence Out of this ambitious study Glaeser extracts two distinct lines of thought On the one hand he offers an epistemic account of socialism's failure that differs markedly from existing explanations On the other hand he develops a theory a sociology of understanding that shows us how knowledge can appear validated while it is at the same

Marketing Pando C. Papantoniou,1992 **The Pedagogical Possibilities of Witnessing and Testimonies** Marie Hållander,2020-10-27 This book explores the pedagogical possibilities of testimony and witnessing Drawing on the work of Giorgio Agamben this book highlights the ultimate impossibility of witnessing and testimony testimonies do not stand outside language history politics or capitalist systems Through analysis of different aspects of representation subjectivity and emotions this book illustrates how testimonies can be used as a way to control student emotions perceptions and understandings Testimonies used within teaching can work as a way to reproduce stereotypes of suffering and can thus consolidate and reinforce existing power structures and identities By exploring these difficulties the author argues for the value of teaching historical testimonies of suffering that recognize both the impossibilities and possibilities of witnessing and testimony Marie Hållander has provided an indispensable guide to re thinking the pedagogical possibilities of witnessing and testimonies essential reading for anyone interested in how to approach these topics both critically and pedagogically Through a lucid theoretical synthesis this book reinscribes a dynamic pedagogical dimension into the topics of witnessing and testimony which have been dominated by historians psychologists and literary critics Thinking through the theoretical challenges of witnessing and testimony yet using powerful examples from teaching Hållander develops a forceful analysis that shows the profound implications of these topics for pedagogical practice Michalinos Zembylas Open University of Cyprus Cyprus Timely and topical this fascinating book complicates approaches to witnessing suffering and testimony without diminishing the pedagogical historical and political significance of sharing or harkening to one's experience It is a powerful original and valuable contribution in its field not only because it weaves its themes in a diligent reflective and critical manner but also because it has its own unique perspective and sensibilities as these emerge from erudite combination of narrative pedagogy and philosophy Marianna Papastephanou University of Cyprus Cyprus **Subjective Experience** Morris N. Eagle,2024-03-07 Morris N Eagle explores the understanding and role of subjective experience in the disciplines of psychology psychoanalysis and philosophy of mind Elaborating how different understandings of subjective experience give rise to very different theories of the nature of the mind Eagle then explains how these shape clinical practices In particular Eagle addresses the strong tendency in the disciplines concerned with the nature of the mind to overlook the centrality of subjective experience in one's life to view it with suspicion and to reduce it to neural processes Describing examples of research in which subjective experience is a central variable Eagle provides an outline of a model in which the dichotomy of conscious and unconscious is supplemented by subjective experience as a continuum This book is essential reading for psychoanalysts psychoanalytic psychotherapists psychologists and anyone wishing to gain a deeper understanding of the

importance of theories of the mind to therapeutic practice Emotion and Anxiety Warren Frederick Morris,2006-01-24 The primary function of emotion is to predispose and regulate behavior aimed at satisfying any kind of physiological or psychic need Emotional responses range from a primitively unconscious involuntary reflex to associatively conditioned habitual responses to conscious voluntarily chosen intentions Conceived psychodynamically emotion is a sensuous signifier of pain or pleasure regulating the response of an organism to a situation involving cognition of its own needs and environmental opportunities for satisfying them From diverse perspectives Freud and existentialists Kierkegaard Heidegger and Sartre consider the primary emotion to be anxiety It defensively warns of danger to the satisfaction of an instinctual need to some other higher level human aspiration or to some loss of great value Anxiety presents a demand It may be the need to gratify a particular desire to socially control conduct or to resolve their opposition The importance and scope of anxiety is underscored by its relatedness to instinctual gratification self realization moral conduct freedom creation of personal identity and death This single most important emotion is focused upon the basic nature and concerns of humanity This philosophy of emotion follows from the author s first published philosophical work *Escaping Alienation A Philosophy of Alienation and Dealienation*
