Magic Of The Quorn:

Magic of the Quorn Ulrica Murray Smith,1980 *Foxhunting in Paradise* Michael Clayton,2012-12-17 In *Foxhunting in Paradise* a major work of research and practical exploration in and around the hunting field Michael Clayton brings entirely up to date histories of the Quorn Belvoir Cottesmore and Fernie Hunts He describes the glamour the risks and the controversy surrounding hunting in the paradise of Leicestershire s ridge and furrow grasslands divided by fly fences and dotted with fox coverts Royalty captains of industry young bloods from the services and not a few fortune hunters and courtesans have been among those gracing the houses and hunting fields of Leicestershire Yet the sport depends ultimately on the continued goodwill of the vast majority of Leicestershire s farmers and landowners a prize which has always been retained Clayton does not shrink from the essential conservation issues which he believes justify hunting and he deals with the most recent accusations against the sport s conduct in Leicestershire *Foxhunting in Paradise* throws new light on a peculiarly British phenomenon in an area of understated beauty in the heart of England described by the great hunting correspondent Nimrod thus In the absence of all perfection it is as a hunting country as nearly approaching to it as nature and art can make it and its fame may be said to have reached the remotest corners of the civilised world Born to Deal John Betteridge,2005-11-01 Blends the reminiscences of hunting show jumping horse trials racing and farming in the author s life In this book the author recalls the many remarkable horses and people he has encountered over 65 years as a horseman

Conchies Andy Ward,2015-07-28 On the centenary of the Great War we hear and read of valiant and heroic stories There is another story one less spoken of The story of the people who refused to fight for their country Today the individuals mentioned in this book would be the focus of internet trolls In their own day they elicited an equally vehement reaction from their communities These were the people who refused to fight for their country and they were known as Conscientious Objectors This book provides a remarkable testimony about the experiences of conscientious objectors and their treatment at the hands of the state It contradicts the received view that these objectors were treated universally brutally by the army the prison system and the government and is bound to lead to a modification of the orthodox view Andy Ward was given access to 300 letters that had been discovered in a local family s attic They record a correspondence from 1916 to the end of the war between Leonard and Roland Payne two brothers who chose to become conscientious objectors and their friends and family The letters follow their journey as the authorities attempted to dissuade them from their course of action through punishment until finally they were placed in a situation where they could be useful *Conchies* is not a work of purely local history Rather it is a case study local history in a national context and national history in a local context It is also a very human story treated with balance and thought It will appeal to those interested in the First World War civilian experiences of the War British social history the evolving nature of public opinion and the ethical and moral issues of conscience British Sport: Local histories Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English

covered upward of 70 million acres second only to corn and had become the nation's largest cash crop. How this little known Chinese transplant initially grown chiefly for forage turned into a ubiquitous component of American farming culture and cuisine is the story Matthew Roth tells in *Magic Bean: The Rise of Soy in America*. The soybean's journey from one continent into the heart of another was by no means assured or predictable. In Asia the soybean had been bred and cultivated into a nutritious staple food over the course of centuries. Its adoption by Americans was long in coming, the outcome of migration and innovation changing tastes and habits and the transformation of food farming, breeding, marketing, and indeed the bean itself during the twentieth century. All come in for scrutiny as Roth traces the ups and downs of the soybean's journey. Along the way he uncovers surprising developments including a series of catastrophic explosions at soy processing plants in the 1930s, the widespread production of tofu in Japanese American internment camps during World War II, the decades long project to improve the blandness of soybean oil, the creation of new southern soybean varieties named after Confederate generals, the role of the San Francisco Bay Area counterculture in popularizing soy foods, and the discovery of soy phytoestrogens in the late 1980s. We also encounter fascinating figures in their own right such as Yamei Kin, the Chinese American who promoted tofu during World War I, and African American chemist Percy Lavon Julian, who played a critical role in the story of synthetic human hormones derived from soy sterols. A thoroughly engaging work of narrative history, *Magic Bean: The Rise of Soy in America* is the first comprehensive account of the soybean in America over the entire course of the twentieth century. *Whitaker's Cumulative Book List*, 1980 **Masque** W.R. Gingell, 2017-08-01

Old maids Murder Masked Beast Lords Lady Isabella Farrah didn't expect a proposal from a masked man at the Annual Ambassadorial Ball, nor did she expect a murder. She got both. Happily for society at large, Isabella is of the opinion that noses were made for sticking into other people's business, and she is delighted to do just that in the service of the murdered man and perhaps in service of a certain Beast Lord who is not as grateful as Isabella thinks he ought to be. Now it's just a matter of finding a murderer in a society of malcontents, traitors, and bad dancers. It's a game of masks, and the Beast Lord isn't the only person hiding behind one. *Endangered Species* Michael Clayton, 2004. An informative celebration of modern foxhunting. **The Magic of the Hill** Duncan Schwann, 1911 **May Fair** Michael Arlen, 1925 **Country Life Illustrated**, 1901
