own with the use of the botanical knowledge that they had at their disposal in order to keep themselves balanced and healthy Traditional hoodoo practices were preserved orally by those enslaved in order to ensure that practices were not lost as many of those enslaved did not always have many earthly possessions These practices have survived to the present day despite the belief that it is used only in late seventeenth century midnight seances [Magic in the Landscape](#) Nigel Pennick,2020-05-05 Learn to cultivate a traditional beneficial relationship with the land by embracing the forgotten practices of our ancestors Details the ancient art of geomancy and Earth magic including how to work with ley lines astrology and the four directions to honor a space and make it a place of power Explores the magic of the land around us and how our ancestors interacted with Earth energies and the forces of Nature Discusses the power of boundaries and magic circles the proper feng shui of graveyards and cemeteries and magically powerful places such as crossroads fairgrounds and the mystic triangles found in no man s lands Our ancestors were deeply aware of the magical power of their local landscape no matter where they lived Every interaction with their environment from building to farming to the layout of ancient cities took into account terrestrial energies ancestral memory and the many seen and unseen presences in Nature They developed sophisticated procedures for orienting their living spaces and respectfully working with the magic of the landscape Yet much of the art of geomancy and of working with the forces of Nature has been forgotten by modern builders architects foresters gardeners and homeowners The treatment of land as mere property has led to a loss of its meaning for those who dwell upon it Our landscape has become disenchanted In this book geomancy expert and scholar Nigel Pennick details the ancient and sacred practices of geomancy and Earth magic and reveals how we can reenchant and reconnect to the sacred landscape that surrounds us whether you live rurally in the suburbs or in cities Pennick begins with a vivid look at our modern wasteland and what he calls the ensouled world with specific examples from Britain and Iceland of our ancestors way of perceiving the world they lived in Exploring the art of geomancy he examines how its techniques work with ley lines astrology and the old understanding of the four directions and the eight winds to honor a space and make it a place of power He looks at the power of boundaries and magic circles including laying ghosts and dismissing spirits as well as the proper feng shui for cemeteries and graveyards The author then takes the reader back into the traditional landscape to discuss magically powerful places such as crossroads the occult nature of the fairground and the mystic triangles found in what are popularly known as no man s lands Revealing how the landscape can be reenchanted Pennick shows how the magic of place is a living system that each of us can interact with [The Little Book of Moon Magic](#) Sarah Bartlett,2020-10-15 Connect with the magic and mystique of the moon s power The Little Book of Moon Magic will show you how to maximise potent lunar energy at the most auspicious times to make your life what you truly want it to be From wishing on the new moon and manifesting success to knowing when to attract new romance this guide reveals how to go with the flow of the moon to bring you the happiness you seek This book also reveals how to track and utilise astrological lunar cycles throughout the year for self improvement work with moon
