### Merritt Magic

Melinda Merritt, 2017-03-27 This book is about the world we lived in which was one of dreams spirituality magic and love I arrived just at the end of the Pisces Age in 1950 and I could feel the energies changing early in my life The Sages had spoken to the families about the coming cultural change which would take the world by storm We had no idea what they meant but we knew it would happen I was just going about my life learning all the ancient African knowledge and wisdom my family taught After all this is the spirituality and ancestral knowledge which freed the slaves from bondage We were a very blessed family in that there was never any lack just a life of abundance The Sages controlled what happened in this world and no one ever questioned them Our world was filled with happiness excitement and surprise Then as though my world was not

already filled with many unusual things in the early 1960 s it happened The change of which the Sages had been speaking started to happen Rev Martin Luther King Jr and the Civil Rights Movement came to our little town of Americus GA This was the very beginning of what turned out to be the biggest event ever My father was a successful independent business leader and he and Rev King as Dr King was known at that time bonded immediately This meant that our entire family was heavily involved in the Movement Dr King was frequently at our home and became a part of the family for many years Everything changed for me and the family when this Movement came but the Sages managed to keep control over our daily lives These were some powerful Black women whom no one dared cross The energy which drove the Movement was constantly pointed out to me by the Sages I became an expert on the human energy phenomenon The world was completely magical and it seemed to have come to our small town The people we met were from all over the globe The power of the black people s energy was working full force Because of what the Sages taught me I was able to travel through my entire life in control of my elements The Sages believed practiced and taught that if you can control your elements you can control your life This book is about these Black powerful women who had taken their gifts and skills underground until now      **The Routledge**

nineteenth century folklorists and the general public in their wake have assumed the orality of fairy tales Only lately have more and more specialists been arguing in favour of at least an interdependence between oral and printed distribution of stories This book takes an extreme position in that debate as far as Tales of magic is concerned the initial transmission proceeded exclusively through prints From a historical perspective this is the only viable approach the opposite assumption of a vast unrecorded and thus inaccessible reservoir of oral stories presents a horror vacui Only in the course of the nineteenth century when folklorists started collecting in the field and asked their informants for fairy tales was this particular genre incorporated into a then feeble oral tradition Even then story tellers regularly reverted to printed texts Every recorded fairy tale can be shown to be dependent on previous publications or to be a new composition constructed on the basis of fragments

of stories already in existence Tales of magic tales in print traces the textual history of a number of fairy tale clusters linking the findings of literary historians on the sixteenth to eighteenth centuries to the material collected by nineteenth and twentieth century field workers While it places fairy tales as a genre firmly in a European context it also follows particular stories in their dispersion over the rest of the world *The Camp Fire Girls at Onoway House; Or, The Magic Garden* Hildegard G. Frey,2023-09-17 Hildegard G Frey s *The Camp Fire Girls at Onoway House Or The Magic Garden* is a captivating novel that follows a group of young girls as they embark on a summer adventure at Onoway House a magical garden hidden away from the world The book combines elements of mystery friendship and nature providing readers with a rich and immersive literary experience Frey s descriptive writing style brings the enchanting setting to life making it easy for readers to envision themselves exploring the secret garden alongside the characters This book is a perfect example of early 20th century children s literature showcasing the importance of nature and imagination in a young person s life The themes of friendship adventure and discovery are interwoven throughout the narrative making it a timeless and enjoyable read for readers of all ages Hildegard G Frey s background in education and her passion for encouraging young readers to explore the world around them shine through in this delightful story *The Camp Fire Girls at Onoway House Or The Magic Garden* is a must read for anyone looking to rediscover the joy and wonder of childhood adventures **The Magic Spectacles.
