Berger, 2021-11-24 *A Community of Witches* explores the beliefs and practices of Neo Paganism and Witchcraft generally known to scholars and practitioners as Wicca While the words magic witchcraft and paganism evoke images of the distant past and remote cultures this book shows that Wicca has emerged as part of a new religious movement that reflects the era in which it developed Imported to the United States in the later 1960s from the United Kingdom the religion absorbed into its basic fabric the social concerns of the time feminism environmentalism self development alternative spirituality and mistrust of authority Helen A Berger's ten year participant observation study of Neo Pagans and Witches on the eastern seaboard of the United States and her collaboration on a national survey of Neo Pagans form the basis for exploring the practices structures and transformation of this nascent religion Responding to scholars who suggest that Neo Paganism is merely a pseudo religion or a cultural movement because it lacks central authority and clear boundaries Berger contends that Neo Paganism has many of the characteristics that one would expect of a religion born in late modernity the appropriation of rituals from other cultures a view of the universe as a cosmic whole an emphasis on creating and re creating the self an intertwining of the personal and the political and a certain playfulness Aided by the Internet self published journals and festivals and other gatherings today's Neo Pagans communicate with one another about social issues as well as ritual practices and magical rites This community of interest along with the aging of the original participants and the growing number of children born to Neo Pagan families is resulting in Neo Paganism developing some of the marks of a mature and established religion **Publications of the Folk-lore Society** Folk-lore Society, 1909 **Man**, 1906 **Christianity and Islam among the Mossi'**, **The Portable Atheist** Christopher Hitchens, 2007-11-06 Presents excerpts on the subject of religion from the writings of such notable non believers as John Stuart Mill Karl Marx Charles Darwin Mark Twain H L Mencken Albert Einstein Richard Dawkins and Salman Rushdie **Martyrdom, Murder, and Magic** Patricia Healy Wasyliw, 2008 *Martyrdom Murder and Magic Child Saints and Their Cults in Medieval Europe* is a comprehensive history of child saints and their cults from late Antiquity to the end of the fifteenth century The child martyrs of the persecutions including the Holy Innocents were the first child saints recognized by the Church and their cults spread throughout Europe in the early Middle Ages Alongside these cults medieval society also venerated child martyrs victims of political or domestic violence The increasing role of the papacy in the canonization process after the tenth century resulted in the veneration of saintly child confessors in the high Middle Ages but from the end of the twelfth century most children worshipped as saints were the alleged victims of ritual murder by Jews This book considers the formation and transformation of child saints and their cults in the context of popular belief and the history of

Shaffer,2021-11-24 A compelling portrait of an emerging religious group *Voices from the Pagan Census* provides unprecedented insight into the expanding but largely unstudied religious movement of Neo Paganism in the United States Helen A Berger Evan A Leach and Leigh S Shaffer present the findings of The Pagan Census which was created and distributed by Berger and Andras Corban Arthen of the Earthspirit Community Analyzing the most comprehensive and largest scale survey of Neo Pagans to date the authors offer a portrait of this emerging religious community including an examination of Neo Pagan political activism educational achievements family life worship methods experiences with the paranormal and beliefs about such issues as life after death A collection of religious groups whose practices evolved from Great Britain s Wicca movement of the 1940s Neo Paganism spread to the United States in the 1960s While the number of people who identify themselves with the religion has continued to rise quantitative study of Neo Paganism has been difficult given the movement s lack of centralized leadership and doctrine and its development as scattered independent groups and individuals Endorsed by all major Neo Pagan leaders The Pagan Census generated a demographically diverse response In contrast to most previous surveys which were limited to Neo Pagan festivals this survey incorporates input from the large population of practitioners who do not participate in such events Keenly anticipated by the academic and Neo Pagan communities the results of the census provide the most in depth information about the group yet assembled Comparing Neo Pagans with American society at large Berger Leach and Shaffer show that although the two groups share certain statistical characteristics there are differences as well The scholars also identify variations within the Neo Pagan population including those related to geography and to the movement s multiple spiritual paths Plants in Children's and Young Adult Literature Melanie Duckworth,Lykke Guanio-Uluru,2021-11-29 From the forests of the tales of the Brothers Grimm to Enid Blyton s *The Faraway Tree* from the flowers of Cicely May Barker s fairies to the treehouse in Andy Griffith and Terry Denton s popular *13 Storey Treehouse* series trees and other plants have been enduring features of stories for children and young adults Plants act as gateways to other worlds as liminal spaces as markers of permanence and change and as metonyms of childhood and adolescence This anthology is the first compilation devoted entirely to analysis of the representation of plants in children s and young adult literatures reflecting the recent surge of interest in cultural plant studies within the environmental humanities Mapping out and presenting an internationally inclusive view of plant representation in texts for children and young adults the volume includes contributions examining European American Australian and Asian literatures and contributes to the research fields of ecocriticism critical plant studies and the study of children s and young adult literatures **Children of Lucifer** Ruben van Luijk,2016 Satanism adopts Satan the Judeo Christian representative of evil as an object of veneration This work explores the historical origins of this extraordinary antireligion **Empire of Enchantment** John Zubrzycki,2018-10-01 India s association with magicians goes back
