

Brehm, J., (2006). Luis Miguel Valdez. Magill's Survey of American Literature, 1-6. Biography

One of the most influential Chicano playwrights of his time, Valdez created a drama dedicated to social progress and to the full exploration of Chicano identity. Luis Miguel Valdez was born on June 26, 1940, in Delano, California, the second of ten brothers and sisters. His mother and father were migrant farmworkers, and Luis began working in the fields at the age of six. Because his family traveled to the harvests in the San Joaquin Valley, Luis received little uninterrupted schooling. In an interview, Valdez discussed one significant, and ultimately fortunate, consequence of such a disruptive early life: His family had just finished a cotton harvest; the season had ended, the rains begun, but because their truck had broken down, the family had to stay put. Leaving school one day, Luis realized he had left behind his paper lunch bag, a precious commodity in 1946, given the paper shortages and the family's poverty. When he returned to get it, however, he found his teacher had torn it up. She was using it to make papier-mâché animal masks for the school play. Luis was amazed by the transformation. Although he did not even know what a play was at the time, he decided to audition and was given the leading role as a monkey. The play was about Christmas in the jungle, and the following weeks of colorful preparation were exhilarating. A week before the show was to begin, however, his father got the truck fixed, and the family moved away. Valdez has said of the experience: "That left an unfillable gap, a vacuum I've been pouring myself into ever since." The pang of that early disappointment sparked a fascination for the theater and a wealth of creative energy that was to bring Valdez remarkable success in the years ahead. Despite his intermittent schooling, he won a scholarship to San Jose State

Magill's Survey of World Literature Frank Northern Magill, 1993 A comprehensive survey of classic world literature with an emphasis on history criticism and mini biographies of noted authors Books in Print, 1994 *Exotic England* Yasmin Alibhai-Brown, 2015-03-05 England may be a small country on a small island but its inhabitants have always had a boundless curiosity about the world beyond their shoreline From the nation's modern origins in the Renaissance travellers have eagerly roamed the globe and been enticed by the diversity and richness of other civilizations And while this appetite for adventure has often been tainted by aggression or exploitation the English have also carried within them a capacity to soak up new experiences and ideas and to weave them into every aspect of life back home from language and literature to customs and culture Here we trace this golden thread of otherness through five centuries of English history to reveal how it has shaped the buildings flavoured the food powered the economy and created a truly diverse society Today when England is no longer synonymous with Britain and the English ask themselves who they are Yasmin Alibhai Brown paints a sumptuous and illuminating portrait of who they have been and brings a fresh invigorating perspective on what Englishness really means

T. Joshi, 2007 This comprehensive bibliography of Gore Vidal charts his career and covers the span of his sixty years of writing from his first novel *Williwaw* to his 2006 memoir *Point to Point Navigation* Magill's Survey of World Literature, 1992 **The Fictional 100** Lucy Pollard-Gott, PhD, 2010-01-13 Some of the most influential and interesting people in the world are fictional: Sherlock Holmes, Huck Finn, Pinocchio, Anna Karenina, Genji and Superman to name a few may not have walked the Earth or flown in Superman's case but they certainly stride through our lives. They influence us personally as childhood friends, catalysts to our dreams or even fantasy lovers. Peruvian author and presidential candidate Mario Vargas Llosa for one confessed to a lifelong passion for Flaubert's *Madame Bovary*. Characters can change the world. Witness the impact of Solzhenitsyn's Ivan Denisovich in exposing the conditions of the Soviet Gulag or Harriet Beecher Stowe's *Uncle Tom* in arousing anti-slavery feeling in America. Words such as quixotic, oedipal and herculean show how fictional characters permeate our language. This list of the Fictional 100 ranks the most influential fictional persons in world literature and legend from all time periods and from all over the world ranging from Shakespeare's Hamlet 1 to Toni Morrison's *Beloved* 100. By tracing characters' varied incarnations in literature, art, music and film we gain a sense of their shape-shifting potential in the culture at large. Although not of flesh and blood, fictional characters have a life and history of their own. Meet these diverse and fascinating people. From the brash Hercules to the troubled Holden Caulfield, from the menacing plots of Medea to the misguided schemes of Don Quixote, *The Fictional 100* runs the gamut of heroes and villains, young and old, saints and sinners. Ponder them, fall in love with them, learn from their stories, the varieties of human experience let them live in you Science Fiction and Fantasy Reference Index, 1878-1985: Author entries Halbert W. Along the way, these essays explore the connections of Gothic fictions to political and industrial revolutions, the realistic novel, the theatre, Romantic and post-Romantic poetry, nationalism and racism from Europe to America, colonized and post-colonial populations, the rise of film and other visual technologies, the struggles between high and popular culture, changing psychological
