

Perhaps the most significant thing about this scholarly, readable, and useful book is that its author allows Newman to have the last word, when he writes, 'The Catholic revival in Anglicanism must, like all movements, as Newman discerned, change in order to remain the same'.

**THE MESSIANIC SECRET** edited by Christopher Tuckett. *Issues in Religion and Theology 1.* Fortress Press and SPCK. 1983. Pp. xi and 148 p/b £3.50

Aimed at students, teachers, clergy and general readers, these key studies are selected because they are neither too long nor too technical, and they are not otherwise easily available. Brief biographical details introduce the authors and there is a bibliography and an index of references. The papers are arranged in chronological order as follows: N.A. Dahl, *The Purpose of Mark's Gospel* (1958).

J.B. Tyson, *The Blindness of the disciples in Mark* (1961).

T.A. Burkhill, *Mysterious Revelation* (1963).

G. Strecker, *The Theory of the Messianic Secret in Mark's Gospel* (1964). (E.T. by C. Tuckett).

E. Schweizer, *The Question of the Messianic Secret in Mark* (1965). (E.T. by C. Tuckett).

U. Luz, *The Secrecy Motif and the Markan Christology* (1965). (E.T. by R. Morgan).

W.C. Robinson Jr., *The Quest for Wrede's Secret Messiah* (1973).

J.D.C. Dunn, *The Messianic Secret in Mark* (1974).

H. Räisänen, *The Messianic Secret in Mark's Gospel* (1976). (E.T. by C. Tuckett).

Christopher Tuckett provides an excellent introduction with a full critical assessment of Wrede's seminal study and the way in which aspects of it have been accepted, modified or refuted. The essays selected for reproduction and translation in the volume are shown to be interesting examples of one possible line of argument with its merits or limitations. One fruitful development in recent research results from the separation of different types of material linked by Wrede in his original study.

Since discussion of the Messianic secret involves hypotheses about the origin, purpose and Christology of the Gospel of Mark, the collection serves as a useful survey of Markan studies in the last 25 years. Dr. Tuckett makes it clear that historical questions cannot be ignored since the genre gospel relates kerygma to the historical Jesus, but he thinks that useful insights can be gained by applying the techniques of literary critics and sociologists, and by examining comparable material (e.g. from Nag Hammadi) which may provide a background against which to read the Gospel.

MARGARET PAMMENT

**MAGISTERIUM: TEACHING AUTHORITY IN THE CATHOLIC CHURCH.** by Francis A. Sullivan, S.J. *Gill and Macmillan.*

The term, magisterium, has often been used to designate the official groups (and the Pope) who were regarded as determining Catholic orthodoxy. Fr. Sullivan has very properly reverted to the earlier usage: "magisterium" means doctrinal authority, not those who exercise that authority.

He begins by pointing to the conviction that, by God's grace, the Church will be maintained in the truth of divine revelation, that she is thus indefectible, and in her ultimate and irreversible doctrinal judgments, infallible. This implies coherence with the original apostolic witness, which is preserved not exclusively in the texts of Scripture but in the living Tradition which is not exhausted by those texts. It is, however, to be borne in mind that linguistic expressions of Catholic truth are related to contingent and changing cultures. John XXIII pointed out, in inaugurating Vatican II, that while the truth remained identical its linguistic formulations could change with time and

Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there

remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today

**By What Authority?** Richard R. Gaillardetz, 2017-06-07

Authority is exercised in many ways and forms in the Catholic Church today. *By What Authority* offers a helpful introduction to the forms of Church authority that are concerned with authentic Christian belief. Gaillardetz explains what it means to say that the Bible is inspired, how Scripture and tradition are related to one another, the role of the Pope and bishops in preserving the Christian faith, the levels of Church teaching authority, how to deal with disagreements with Church teaching, the distinctive role of the theologians, and the contribution of all the baptized in the formation of Church teaching. This book introduces readers to a basic understanding of the nature and exercise of authority in the Catholic Church as understood within the Vision of the Church offered by the Second Vatican Council. The chapters conclude by outlining disputed issues regarding the topic of that chapter and a select list of opportunities for further reading.

*Authority in the Church* David J. Stagaman, 1999

What is the source of authority when it is found in any community? How did authority in the Roman Catholic Church come to be as it is? In *Authority in the Church*, David Stagaman provides answers to these questions. He asserts that authority is not an attribute of a person, for example, the local bishop, nor of a thing, for example, the Scriptures. It is rather the bond experienced by all members of a community as they interact. *Authority in the Church* explores relationships between official and charismatic authority and their legitimation. The study also provides a basis for dissent by showing how official and charismatic exercises of authority are incomplete without it.

Chapter one explores how Roman Catholic Church membership has in the last fifty years shifted from an almost total preoccupation with official authority to a recognition of the necessary role charismatic authorities play in the Church.

Chapter two criticizes other studies that delineate authority as either a subjective reality or an objective one. It also critiques two modern myths about authority: that authority is opposed to sound reasoning and that it is inimical to freedom and spontaneity.

Chapter three examines authority as a shared practice, one that welcomes dissent.

Chapter four looks at the first millennium of Christianity: New Testament understandings of authority, the ascendancy of mono episcopacy in the post apostolic era, the Church's universalist mission after Constantine's edict of toleration, the emergence of councils and synods as modes of government, and claims for succession to Petrine primacy.

Chapter five begins with the turn towards centralization in Rome and a juridical understanding of ecclesial authority in the eleventh century. It

also notes various challenges to these two tendencies and the Avignon Schism as well as Conciliarism which brought the conflicts to their culmination in the Medieval Ages Chapter six inquires what makes Church authority Christian and then Roman Catholic It concludes with observations on the religious freedom of the baptized especially their right to speak freely in the Church Chapters are Authority in the Church A Central Issue and Some Other Issues What Authority Secular or Religious Is Not What Is Authority The First Millennium The Second Millennium and The Conclusion
