Americana Cotton Mather,1853 Magnalia Christi Americana Cotton Mather,1855-01-01 Culture & Language at Crossed Purposes Jerome McGann,2022-07-29 Culture and Language at Crossed Purposes unpacks the interpretive problems of colonial treaty making and uses them to illuminate canonical works from the period Classic American literature Jerome McGann argues is haunted by the betrayal of seventeenth and eighteenth century Indian treaties a stunned memory

preserved in the negative spaces of the treaty records A noted scholar of the textual conditions of literature McGann investigates canonical works from the colonial period including the Arbella sermon and key writings of William Bradford John Winthrop Anne Bradstreet Cotton Mather's Magnalia Benjamin Franklin's celebrated treaty folios and Autobiography and Thomas Jefferson's Notes on the State of Virginia These are highly practical purpose driven works the record of Enlightenment dreams put to the severe test of dangerous conditions McGann suggests that the treaty makers never doubted the unsettled character of what they were prosecuting and a similar conflicted ethos pervades these works Like the treaty records they deliberately test themselves against stringent measures of truth and accomplishment and show a distinctive consciousness of their limits and failures McGann's book is ultimately a reminder of the public importance of truth and memory the vocational commitments of humanist scholars and educators Women and Religion in Old and New Worlds Debra Meyers, Susan Dinan, 2014-06-11 This innovative collection brings together essays on women's religious experiences in both Europe and the Americas during the colonial era A Pentecostal Political Theology for American Renewal Steven M. Studebaker, 2016-10-26 This book argues that Christians have a stake in the sustainability and success of core cultural values of the West in general and America in particular Steven M Studebaker considers Western and American decline from a theological and specifically Pentecostal perspective The volume proposes and develops a Pentecostal political theology that can be used to address and reframe Christian political identity in the United States Studebaker asserts that American Christians are currently not properly engaged in preventing America's decline or halting the shifts in its core values The problem he suggests is that American Christianity not only gives little thought to the state of the nation beyond a handful of moral issues like abortion but its popular political theologies lead Christians to think of themselves more as aliens than as citizens This book posits that the proposed Pentecostal political theology would help American Christians view themselves as citizens and better recognize their stake in the renewal of their nation The foundation of this proposed political theology is a pneumatological narrative of renewal a biblical narrative of the Spirit that begins with creation proceeds through Incarnation and Pentecost and culminates in the new creation and everlasting kingdom of God This narrative provides the foundation for a political theology that speaks to the issues of Christian political identity and encourages Christian political participation American Literature Robert Shafer, 1926
