Dubrov,2013-11-11 I am very pleased that my book The Geomagnetic Field and Life is being published in English in the United States Thanks to the initiative of Plenum Press a publishing house that is widely known in all countries I have a great new opportunity to make direct contact with friends throughout the world My book on the geomagnetic field can be regarded as an abstraction whose purpose is to provide a better picture and understanding of the world around us its main driving forces and factors to help us to know ourselves and to proceed further The essence of the abstraction is that in treating the problem I have deliberately ignored the diverse effects of various external factors on living organisms and have confined myself to an analysis of the effect of the GMF This approach allows me to go one step further to draw various conclusions and propose theories that might bring us closer to a proper understanding of the true nature of the phenomena Philosophers have long been aware that by such abstract thinking we can determine the nature of phenomena more reliably completely and comprehensively penetrate to the very core of the observed effects and perceive the depth of their interrelations **The**

Volks Garten Don Elwood,2013-07-16 The Mayan God Kings had been blessing the crops of Maya with Reiki prayers when the white brothers from Europe arrived It was decided to keep the details of Reiki Prayers a secret from the white brothers until the Age of Pisces was over They etched secrets of the Reiki Prayer process onto coded glyphs on an animal skin called the Dresden Codex See the illustration from the Dresden Codex on the back cover of a Mayan God King praying for their crops They predicted that the secrets would again be deciphered by December 12 2012 Man is the only triune being in the animal kingdom He consists of a conscious self the only self that communicates in languages a subconscious self which communicates by emotions and a HIGH SELF or the Father above All three are involved in a Reiki MANNA prayer task The conscious self must first describe the prayer in terms the subconscious self relates to He then imagines he is standing in water MANNA is interpreted by the subconscious self as a prayer substance i e like WATER that can flow up thru a tube The conscious self notifies his subconscious self to accumulate manna through breathing cycles send it up the Aka cord i e in the back up to the HIGH SELF above and ask the HIGH SELF to accumulate MANNA MANNA LOA and request God to rain down the prayer results to the earth below The lower right symbolizes a man reincarnated during the Age of Aquarius standing in water with his back to us i e symbolizing the AKA cord up his back using both HANDS for praying to obtain heavenly responses i e stars in the water from the jug as it flows down to the earth below According to the book Knocking At The Gate

it is the Age when Man can ascend into Heaven WHILE STILL ALIVE as Jesus suggested Extra terrestrials will help evacuate people to other planets before God makes necessary changes to the earth and after the Earth changes have been made return them And if you are still here do as the Christian Bible says RUN dont walk to the mountains and grow a garden in your back yard Stress in Health and Disease Hans Selye,2013-10-22 Stress in Health and Disease presents the principal pathways mediating the response to a stressor It discusses the clinical background of cross resistance and treatment with stress hormones It addresses the diseases of adaptation or stress diseases diagnostic indicators and functional changes Some of the topics covered in the book are the concept of heterostasis stressors and conditioning agents morphology of frostbite characteristics manifestations of stress catecholamines and their derivatives various hormones and hormone like substances FFA triglycerides and lipoproteins morphologic changes and hypothalamo hypophyseal system The gastrointestinal diseases of adaptation are covered The schizophrenia and related psychoses is discussed The text describes the manic depressive disease and senile psychosis A study of the experimental cardiovascular diseases and neuropsychiatric diseases is presented A chapter is devoted to the diseases of adaptation in animals Another section focuses on the shift in adenohipophyseal activity and catatoxic hormones The book can provide useful information to scientists doctors students and researchers

The Secret of the Temple John Michael Greer,2016-12-08 Over thousands of years the priests and sages of the ancient world discovered that the design and location of certain structures had beneficial effects on the crops that sustained life A body of traditional lore evolved using architecture and ceremonies that made use of these wholly natural but mysterious effects In The Secret of the Temple John Michael Greer painstakingly rebuilds a body of lost knowledge that has been used to accumulate and direct energy throughout history and can be used again today The Temple of Solomon was only one of many ancient structures that drew on the temple tradition The insights of this tradition have been passed down through those in society tasked with protecting ancient wisdom secret societies like the Knights Templar and the Freemasons But over time as cultures and technologies changed the meaning of these cryptic symbols and rituals became obscured until now This book explores the esoteric body of knowledge that shaped the world of our forebears gave rise to the world s most awe inspiring temples and cathedrals and continues to fuel speculation about powerful forces at work in our world
