Kinnard, Jonathan S. Walters, 2012-02-01 Constituting Communities explores how community functions within Theravāda Buddhist culture Although the dominant focus of Buddhist studies for the past century has been on doctrinal and philosophical issues this volume concentrates on discourses that produced them and why and how these discourses and practices shaped Theravāda communities in South and Southeast Asia From a variety of perspectives including historical literary doctrinal and philosophical and social and anthropological the contributors explore the issues that have proven important and definitive for identifying what it has meant individually and socially to be Buddhist in this particular region The book focuses on textual discourse how communities are formed and maintained within pluralistic contexts and the formation of community both within and between the monastic and lay settings *Mahāyāna Buddhism* Paul Williams, 1989 This book aims to provide in one volume an up to date and accurate account of the principles of Mahayana Buddhism as they are found in both the Indo Tibetan and East Asian forms of Mahayana Originating in India Mahayana Buddhism spread to Central Asia Tibet Mongolia China Japan and other countries of East Asia In Tibet and East Asia Mahayana eventually became the prevalent form of Buddhism Western interest in Mahayana has increased considerably over the last twenty five years reflected both in the quantity of scholarly material produced and also in the attraction of Westerners towards Tibetan Buddhism and *raug* This book aims to provide in one volume an up to date and accurate account of the principles of Mahayana Buddhism as they are found in both the Indo Tibetan and East Asian forms of Mahayana It seeks to introduce and reflect some of the recent scholarly work in the field and in particular the book is concerned to convey the diversity and richness of Mahayana Buddhism a diversity which prevents any attempt at simple definition **Skilful Means** Michael Pye, 2004-08-02 Skilful means is the key principle of Mahayana one of the great Buddhist traditions I illuminates a core working philosophy essential for any complete understanding of Buddhism The Maha-vastu , 1949 **Garland of the Buddha's Past Lives (Volume 1)** Aryashura, 2017-04-01 The Garland of Past Lives is a collection of thirty four stories depicting the miraculous deeds performed by the Buddha in his previous rebirths Composed in the fourth century C E by the Buddhist monk Aryashura the text s accomplished artistry led Indian aesthetic theorists to praise its elegant mixture of verse and prose The twenty stories in this first volume deal primarily with the virtues of giving and morality Ascetics sacrifice their lives for hungry tigers kings open their veins for demons to drink their blood helmsmen steer their crew through perilous seas and quail chicks quench forest fires by proclaiming words of truth The experience is intended to arouse astonishment in the audience inspiring devotion through the future Buddha s transcendence of conventional norms in his quest to acquire enlightenment and save the world from suffering The importance of such stories of past lives in traditional Buddhist culture throughout Asia and up to today cannot be overestimated **The Bodhicaryāvatāra** Śāntideva, 1998 Written in India in the

early 8th century AD Santideva's work became one of the most popular accounts of the Buddhist spiritual path. This is a new translation from the original language with detailed annotations explaining allusions and technical references. **Charming Cadavers** Liz Wilson, 1996-12 In this highly original study of sexuality, desire, the body, and women, Liz Wilson investigates first millennium Buddhist notions of spirituality. She argues that despite the marginal role women played in monastic life, they occupied a very conspicuous place in Buddhist hagiographic literature. In narratives used for the edification of Buddhist monks, women's bodies in decay, diseased, dying, and after death served as a central object for meditation, inspiring spiritual growth through sexual abstinence and repulsion in the immediate world. Taking up a set of universal concerns connected with the representation of women, Wilson displays the pervasiveness of androcentrism in Buddhist literature and practice. She also makes persuasive use of recent historical work on the religious lives of women in medieval Christianity, finding common ground in the role of miraculous afflictions. This lively and readable study brings provocative new tools and insights to the study of women in religious life. *Pāramitāsamāsa* Āryaśūra, Carol Meadows, 1986 **Garland of the Buddha's Past Lives (Volume 2)** Aryashura, 2017-04-01 In this second volume of the Garland of Past Lives, Aryashura applies his elegant literary skill toward composing fourteen further stories that depict the Buddha's quest for enlightenment in his former lives. Here the perfection of forbearance becomes the dominant theme as the future Buddha suffers mutilations from the wicked and sacrifices himself for those he seeks to save. Friendship too takes on central significance, with greed leading to treachery and enemies transformed into friends through the transformative effect of the future Buddha's miraculous virtue. The setting for many such moral feats is the forest. Portrayed as home for the future Buddha in his lives as an animal or ascetic, the peaceful harmony of this idyllic realm is often violently interrupted by intrusions from human society. Only the future Buddha can resolve the ensuing conflict, influencing even kings in the stories but also throughout Asian history to express wonder and devotion at the startling demonstrations of virtue they encounter. *The Woman Who Raised the Buddha* Wendy Garling, 2021-03-23 Nautilus Book Award Winner The first full biography of Mahaprajapati Gautami, the woman who raised the Buddha, examining her life through stories and canonical records. Mahaprajapati was the only mother the Buddha ever knew. His birth mother, Maya, died shortly after childbirth, and her sister, Mahaprajapati, took the infant to her breast, nurturing and raising him into adulthood. While there is a lot of ambiguity overall in the Buddha's biography, this detail remains consistent across all Buddhist traditions and literature. In this first full biography of Mahaprajapati, *The Woman Who Raised the Buddha* presents her life story with attention to her early years as sister, queen, matriarch, and mother, as well as her later years as a nun. Drawing from story fragments and canonical records, Wendy Garling reveals just how exceptional Mahaprajapati's role was as leader of the first generation of Buddhist women, helping the Buddha establish an equal community of lay and monastic women and men. Mother to the Buddha, mother to early Buddhist women, mother to the Buddhist faith, Mahaprajapati's journey is finally presented as one interwoven with the founding of Buddhism.
