The Mahayana Buddha-Way Shinshu Center of America,2022-06-30 **The Buddhist Essence** Elizabeth Clare

Prophet,2020-01-07 We all have the seed or essence of Buddha within us and because we do we have the potential to become a Buddha The journey to Buddhahood is not a journey measured in distance or time Its markers are self knowledge and a yearning for something within that beckons the soul to take the next step on her spiritual journey Drawing on traditional and modern Buddhist teachings and stories Elizabeth Clare Prophet gently traces the pathway to Buddhist enlightenment She outlines the stages on that path and describes the ten virtues we are meant to perfect along the way offering insightful tips for developing them She also explores Buddhist teaching on awakening the heart and mind and explains how Buddhist mantras help us overcome obstacles to spiritual growth while increasing wisdom compassion forgiveness and joy Includes a section on mantras for wisdom and compassion The Buddhist Essence is the second book in the author s Mystical Paths of the World s Religions series **Figments and Fragments of Mahayana Buddhism in India** Gregory Schopen,2005-08-31 In these articles Gregory Schopen once again displays the erudition and originality that have contributed to a major shift in the way that Indian Buddhism is perceived understood and studied The God Who Is Hans Schwarz,2011-01-01 Who is the God in whom Christians believe Is he just a figment of the human mind as critics of religion claimed in the nineteenth century and as crusading atheists assert again today Since the beginnings of rational thought the brightest minds among humanity have attempted to assert that God does indeed exist But even the so called proofs for God s existence always started with the assumption that there is someone to prove As soon as we move beyond that which is within space and time mere proofs or disproofs no longer suffice Both believers and unbelievers live to a certain degree by faith Yet religion is inextricably connected with human history When we journey through the landscape of religion and witness its gradual unfolding we soon realize that not all religions are equal Though they may be witnesses of the same God the way they talk about God is so different that this not only leads to very different concepts of God but also to different approaches to life on this earth At the end of this long journey we finally arrive at the Judeo Christian tradition which witnesses to the God in whom Christians believe This book seeks to show how this belief matured and what difference this belief still makes today *The Meaning of Life in Hinduism and Buddhism* Floyd H Ross,2013-05-13 Originally published in 1952 This volume by discussing significant insights of Hinduism and Buddhism answers the question What is the meaning of life It illustrates the importance of Buddhist and Hindu teachings and their relevance to the West as well as clarifying some of the religious and philosophical problems Western readers must grapple with **The Cosmic Breath** Amos Yong,2012-05-10 The interjection of pneumatology in both theologies of interreligious dialogue and in the theology and science conversation comes together in this volume The

resulting Christianity Buddhism science dialogue opens up to new pneumatological perspectives on philosophical cosmology and anthropology in interdisciplinary and global context *Beyond Zen* John Breen, Sueki Fumihiko, Yamada Shōji, 2022-09-30 *Beyond Zen* D T Suzuki and the Modern Transformation of Buddhism is an accessible collection of multidisciplinary essays which offer a genuinely new appraisal of the great Zen scholar practitioner D T Suzuki 1870 1966 Suzuki's writings and lectures continue to exert a profound influence on how Zen Buddhism more broadly and indeed Japanese culture as a whole are understood in the United States Europe and across the globe With the publication of *Beyond Zen* we have at last in a single volume a comprehensive assessment of Suzuki that locates him and his legacy in the context of the turbulent age in which he lived Now is the perfect moment for reflection and stocktaking The fiftieth anniversary of Suzuki's death passed just a few years ago the copyright on his literary output has expired and his selected works have recently been published by a major American university press The work comprises twelve essays by some of the best Zen scholars in the world Anglophone and Japanese seasoned and young They take a fresh look at Suzuki his life and legacy and their themes range broadly Readers will find here explorations of Suzuki as he engaged with Zen and Mahāyāna Buddhism nationalism and international relations war and peace religion literature and the media the individual and society and family friends and animals *Beyond Zen* is structured chronologically to reveal the development in Suzuki's thought during his long and eventful life All in all this collection offers a compelling provocative and multidimensional reappraisal of an extraordinary man and his times
