Main Street, U.S.S.R. Irving R. Levine, 1959 Main Street, USSR. Irving R. Levine, 1960 **Main Street** Irving R. Levine, 1959 Area Handbook for the Soviet Union Eugene K. Keefe, 1971 One of a series of handbooks prepared by Foreign Area Studies FAS of the American University *All this is your World* Anne E. Gorsuch, 2011-08-11 In the Khrushchev era Soviet citizens were newly encouraged to imagine themselves exploring the medieval towers of Tallinn's Old Town relaxing on the Romanian Black Sea coast even climbing the Eiffel Tower By the mid 1960s hundreds of thousands of Soviet citizens each year crossed previously closed Soviet borders to travel abroad All this is your World explores the revolutionary integration of the Soviet Union into global processes of cultural exchange in which a de Stalinizing Soviet Union increasingly if anxiously participated in the transnational circulation of people ideas and items Anne E Gorsuch examines what it meant to be Soviet in a country no longer defined as Stalinist All this is your World is situated at the intersection of a number of topics of scholarly and popular interest the history of tourism and mobility the cultural history of international relations specifically the Cold War the history of the Soviet Union after Stalin It also offers a new perspective on our view of the European continent as a whole by probing the Soviet Union's relationship with both eastern and western Europe using archival materials from Russia Estonia Hungary Great Britain and the United States Beginning with a domestic tour of the Soviet Union in late Stalinism the book moves outwards in concentric circles to consider travel to the inner abroad of Estonia to the near abroad of eastern Europe and to the capitalist West finally returning home again with a discussion of Soviet films about tourism **The Olympics and the Cold War, 1948-1968** Erin Elizabeth Redihan, 2017-03-08 For Olympic athletes fans and the media alike the games bring out the best sport has to offer unity patriotism friendly competition and the potential for stunning upsets Yet wherever international competition occurs politics are never far removed Early in the Cold War when all U S Soviet interactions were treated as potential matters of life and death each side tried to manipulate the International Olympic Committee Despite the IOC's efforts to keep the games apolitical they were quickly drawn into the superpowers global struggle for supremacy with medal counts the ultimate prize Based on IOC U S government and contemporary media sources this book looks at six consecutive Olympiads to show how high the stakes became once the Soviets began competing in 1952 threatening America's athletic supremacy *Cars for Comrades* Lewis H. Siegelbaum, 2011-08-15 The automobile and Soviet communism made an odd couple The quintessential symbol of American economic might and consumerism never achieved iconic status as an engine of Communist progress in part because it posed an awkward challenge to some basic assumptions of Soviet ideology and practice In this rich and often witty book Lewis H Siegelbaum recounts the life of the Soviet automobile and in the process gives us a fresh perspective on the history and fate of the USSR itself Based on sources ranging from official state archives to cartoons car enthusiast magazines and popular films Cars for Comrades takes us from the construction of the huge Soviet Detroit's emblems of the utopian phase of Soviet

planning to present day Togliatti where the fate of Russia's last auto plant hangs in the balance. The large role played by American businessmen and engineers in the checkered history of Soviet automobile manufacture is one of the book's surprises and the author points up the ironic parallels between the Soviet story and the decline of the American Detroit. In the interwar years automobile clubs, car magazines and the popularity of rally races were signs of a nascent Soviet car culture; its growth slowed by the policies of the Stalinist state and by Russia's intractable roadlessness. In the postwar years cars appeared with greater frequency in songs, movies, novels and in propaganda that promised to do better than car crazy America. Ultimately Siegelbaum shows the automobile epitomized and exacerbated the contradictions between what Soviet communism encouraged and what it provided. To need a car was a mark of support for industrial goals; to want a car for its own sake was something else entirely. Because Soviet cars were both hard to get and chronically unreliable and such items as gasoline and spare parts so scarce, owning and maintaining them enmeshed citizens in networks of private, semi-illegal and ideologically heterodox practices that the state was helpless to combat. Deeply researched and engagingly told, this masterful and entertaining biography of the Soviet automobile provides a new perspective on one of the twentieth century's most iconic and important technologies and a novel approach to understanding the history of the Soviet Union itself. **USSR**, 1963

Pia Koivunen, 2022-11-07. *Performing Peace and Friendship* tells the story of how the Soviet Union succeeded in utilizing the World Festival of Youth and Students in its cultural diplomacy from late Stalinism through the early Khrushchev period. Pia Koivunen discusses the evolution of the youth gathering into a Soviet cultural product starting from the first festival held in Prague in 1947 and ending with the Moscow 1957 gathering, the latter becoming one of the most frequently referred moments of Khrushchev's Thaw. By combining both institutional and grass roots perspectives, the book widens our understanding of what Soviet cultural diplomacy was in practice, re-evaluates the agency of young people and provides new insights into the Soviet role in the cultural Cold War. Koivunen argues that rather than simply being orchestrated rallies by the Kremlin bureaucrats, the World Youth Festivals also became significant spaces of transnational encounters for young people who found ways to employ the event for overcoming the various restrictions and boundaries of the Cold War world.
