Main Stalk A Synthesis Of Navajo Philosophy:

The Main Stalk John R. Farella, 1990-07-01 Although they are among the most studied people on earth the Navajo possess a complex philosophy A valuable source for those deeply interested in the structure of the Navajo universe its mythology and its central concept of long life and happiness Masterkey This is a stimulating book Essentially it criticizes previous discussions of Navajo religion and philosophy for greatly underestimating their complexity and sophistication What the author discovers in Navajo thought is that the key concepts are interrelated in a grand moral ethical philosophic and cosmic unity American Anthropologist Discredits dualists both non Indian and Indian who see simplistic oppositions of Good and Evil in Navajo culture and philosophy The concept of walking in beauty as related to the proper growth of the corn plant unifies the book and Farella does some impressive cross cultural linguistic analysis to derive practical and ceremonial applications of these central Navajo metaphors This is one of the better books on Indian religion Choice **Ecological and Social**

Healing Jeanine M. Canty, 2025-04-03 A compendium of diverse women and nonbinary femmes the second expanded edition of this book highlights the contributors journeys with straddling social and ecological issues through both their professional and personal paths and reveals how straddling these edges has surfaced new learning models and practices for collective healing The contributors span multiple generations and positionalities and are prominent academics writers teachers artists leaders and healers Ecological and Social Healing is rooted in the power of integrating multiple and often conflicting views and the transformations that result This book is rooted in academic theory as well as personal and professional experience and highlights emerging models and insights It will appeal to those working teaching and learning in the fields of social justice environmental issues women and gender studies animal rights ecopsychology spirituality transformative studies transdisciplinarity leadership and interdisciplinary intersectionality studies as well as anyone straddling the boundaries of gender race ecology and the crises of our times and are looking for new ways of being **A Diné History of Navajoland**

Klara Kelley, Harris Francis, 2019-10-22 For the first time a sweeping history of the Din that is foregrounded in oral tradition Authors Klara Kelley and Harris Francis share Din history from pre Columbian time to the present using ethnographic interviews in which Navajo people reveal their oral histories on key events such as Athabaskan migrations trading and trails Din clans the Long Walk of 1864 and the struggle to keep their culture alive under colonizers who brought the railroad coal mining trading posts and finally climate change The early chapters based on ceremonial origin stories tell about Din forebears Next come the histories of Din clans from late pre Columbian to early post Columbian times and the coming together of the Din as a sovereign people Later chapters are based on histories of families individuals and communities and tell how the Din have struggled to keep their bond with the land under settler encroachment relocation loss of land based self sufficiency through the trading post system energy resource extraction and climate change Archaeological and documentary information supplements the oral histories providing a comprehensive investigation of Navajo history and offering new

insights into their twentieth century relationships with Hispanic and Anglo settlers For Din readers the book offers empowering histories and stories of Din cultural sovereignty In short the authors say it may help you to know how you came to be where and who you are **Restoring Relations Through Stories** Renae Watchman,2024-04-30 This insightful volume offers an analysis of land based Din and Dene imaginaries as embodied in their own cinematic visual and literary stories Watchman uses literary and visual texts to explore how relations are restored showing how literary linkages from land based stories affirm kinship **The Routledge Companion to Religion and Science** James W. Haag, Gregory R.

Peterson, Michael L. Spezio, 2012-03-12 The field of religion and science is one of the most exciting and dynamic areas of research today This Companion brings together an outstanding team of scholars to explore the ways in which science intersects with the major religions of the world and religious naturalism The collection provides an overview of the field and also indicates ways in which it is developing Its multicultural breadth and scientific rigor on topics that are and will be compelling issues in the first part of the twenty first century and beyond will be welcomed by students and scholars alike

Queering Christian Worship Bryan Cones, 2023-11-21 A groundbreaking collection of writings that place queer ritual at the center of the theological conversation In this collection of essays leading scholars in queer theology and liturgical studies explore the ways in which the distinctive theological voices of LGBTQIA Christians challenge and expand thinking and practice around worship in new directions This challenge has expanded in the past decades as obstacles to the full participation of queer Christians particularly in marriage and ordination have fallen Organized into three main parts the volume begins with an introduction to queer engagement with ritual practices continues with a series of case studies that examine queer texts and contexts and concludes with an examination of the horizons of queer liturgical theology and practice Throughout the volume Queering Christian Worship provides new imagination and tools to those who study and curate Christian worship across traditions **Refiguring Theological Hermeneutics** M. Grau, 2014-12-17 Grau reconsiders the

relationship between logos and mythos as a precondition to opening theological hermeneutics to discourse from other cultures and genres other modes of telling and retelling The Creation of God Rik Pinxten, 2010 First edition fully updated here appeared as *Goddelijke Fantasie* Antwerp Belgium with Houtekiet Publ in 2000 T p verso *Feminist Legal Theory* Nancy E. Dowd, Michelle S. Jacobs, 2003 *Feminist Legal Theory* is a groundbreaking collection of feminist work proceeding from the core assumption that the differences among women are essential to feminist analysis Rather than presenting feminist legal theory sequentially with African American feminism or critical race feminism added on at the end the volume thoroughly integrates key readings from non white non middle class and non mainstream writers throughout The volume explores the intersections of race class and gender in such areas as theory family work and economic issues and violence against women Each section of the book begins with an introduction providing context and insights into how the particular pieces included challenge norms and create new paradigms This vibrant challenging collection of work by a broad range of

authors represents the cutting edge of feminist theory in concrete applications essential to gender equality Contributors include Patricia Hill Collins Bonnie Thornton Dill Angela P Harris Sylvia A Law Mari Matsuda Martha Minow Esther Ngan Ling Chow John A. Powell Jenny Rivera and Maxine Baca Zinn

Working on the Railroad, Walking in Beauty Jay Youngdahl, 2011-10-23 For over one hundred years Navajos have gone to work in significant numbers on Southwestern railroads As they took on the arduous work of laying and anchoring tracks they turned to traditional religion to anchor their lives Jay Youngdahl an attorney who has represented Navajo workers in claims with their railroad employers since 1992 and who more recently earned a master's in divinity from Harvard has used oral history and archival research to write a cultural history of Navajos work on the railroad and the roles their religious traditions play in their lives of hard labor away from home

A Common Faith John Dewey, 2013-08-28 In *A Common Faith* eminent American philosopher John Dewey calls for the emancipation of the true religious quality from the heritage of dogmatism and supernaturalism that he believes characterizes historical religions He describes how the depth of religious experience and the creative role of faith in the resources of experience to generate meaning and value can be cultivated without making cognitive claims that compete with or contend with scientific ones In a new introduction Dewey scholar Thomas M. Alexander contextualizes the text for students and scholars by providing an overview of Dewey and his philosophy key concepts in *A Common Faith* and reactions to the text

Ethnobiology and Biocultural Diversity John R. Stepp, Felice S. Wyndham, Rebecca K. Zarger, 2002-01-01 The most comprehensive collection of papers in the field to date this volume presents state of the art research and commentary from more than fifty of the world's leading ethnobiologists Covering a wide range of ecosystems and world regions the papers center on global change and the relationships among traditional knowledge biological diversity and cultural diversity Specific themes include the acquisition persistence and loss of traditional ecological knowledge intellectual property rights and benefits sharing ethnobiological classification medical ethnobotany ethnoentomology ethnobiology and natural resource management homegardens and agriculture and traditional knowledge The volume will be of interest to scholars in anthropology ecology and related fields and also to professionals in conservation and indigenous rights organizations

Viewing the Ancestors Robert S. McPherson, 2014-03-17 The Anasazi people left behind marvelous structures the ruins of which are preserved at Mesa Verde Chaco Canyon and Canyon de Chelly But what do we know about these people and how do they relate to Native nations living in the Southwest today Archaeologists have long studied the American Southwest but as historian Robert McPherson shows in *Viewing the Ancestors* their findings may not tell the whole story McPherson maintains that combining archaeology with knowledge derived from the oral traditions of the Navajo Ute Paiute and Hopi peoples yields a more complete history McPherson's approach to oral tradition reveals evidence that contrary to the archaeological consensus that these groups did not coexist the Navajos interacted with their Anasazi neighbors In addition to examining archaeological literature McPherson has studied traditional teachings and interviewed Native people to obtain

accounts of their history and of the relations between the Anasazi and Athapaskan ancestors of today's Hopi Pueblo and Navajo peoples. Oral history McPherson points out tells why things happened. For example, archaeological findings indicate that the Hopi are descended from the Anasazi but Hopi oral tradition better explains why the ancient Puebloans may have left the Four Corners region: the drought that may have driven the Anasazi away was a symptom of what had gone wrong within the society, a point that few archaeologists could derive from what is found in the ground. An important text for non-Native scholars as well as Native people committed to retaining traditional knowledge. Viewing the Ancestors exemplifies collaboration between the sciences and oral traditions rather than a contest between the two.

Kinship and Gender Linda Stone, Diane E. King, 2018-09-27 Does kinship still matter in today's globalized increasingly mobile world? Do family structures continue to influence the varied roles that men and women play in different cultures? Answering with a resounding yes, Linda Stone and Diane E. King offer a lively introduction to and working knowledge of kinship. They firmly link these concepts to cross-cultural gender studies, illuminating the malleable nature of gender roles around the world and over time. Written to engage students, each chapter in *Kinship and Gender* provides key terms and useful generalizations gleaned through research on the interplay of kinship and gender in both traditional societies and contemporary communities. Detailed case studies and cross-cultural examples help students understand how such generalizations are experienced in real life. The authors also consider the ramifications of current social problems and recent developments in reproductive technology as they demonstrate the relevance of kinship and gender to students' lives. The fully revised sixth edition contains new case studies on foster parenting in the United States and on domestic violence. It provides new material on pets as family members and an expanded discussion of the concept of lineal masculinity. There is also a comparison of the adoption of new reproductive technologies in Israel with other countries along with a discussion of the issue of transnational movements in the use of these technologies.

Diné Peter Iverson, 2002-08-28 This comprehensive narrative traces the history of the Navajos from their origins to the beginning of the twenty-first century. Based on extensive archival research, traditional accounts, interviews, historic and contemporary photographs, and firsthand observation, it provides a detailed up-to-date portrait of the Diné past and present that will be essential for scholars, students, and interested general readers, both Navajo and non-Navajo. As Iverson points out, Navajo identity is rooted in the land bordered by the four sacred mountains. At the same time, the Navajos have always incorporated new elements, new peoples, and new ways of doing things. The author explains how the Diné remember past promises, recall past sacrifices, and continue to build upon past achievements to construct and sustain North America's largest native community. Provided is a concise and provocative analysis of Navajo origins and their relations with the Spanish, with other Indian communities, and with the first Anglo-Americans in the Southwest. Following an insightful account of the traumatic Long Walk era and of key developments following the return from exile at Fort Sumner, the author considers the major themes and events of the twentieth century, including political leadership.
