Byrd,2018-01-01 A revelatory exploration of Winslow Homer s engagement with photography shedding new light on his celebrated paintings and works on paper One of the greatest American painters of the 19th century Winslow Homer 1836 1910 also maintained a deep engagement with photography throughout his career Focusing on the important yet often overlooked role that photography played in Homer s art this volume exposes Homer s own experiments with the camera he first bought one in 1882 It also explores how the medium of photography and the larger visual economy influenced his work as a painter watercolorist and printmaker at a moment when new print technologies inundated the public with images Frank Goodyear and Dana Byrd demonstrate that photography offered Homer new ways of seeing and representing the world from his early commercial engravings sourced from contemporary photographs to the complex relationship between his late career paintings of life in the Bahamas Florida and Cuba and the emergent trend of tourist photography The authors argue that Homer s understanding of the camera s ability to create an image that is simultaneously accurate and capable of deception was vitally important to his artistic practice in all media Richly illustrated and full of exciting new discoveries Winslow Homer and the Camera is a long overdue examination of the ways in which photography shaped the vision of one of America s most original painters Maine Register Or State Year-book and Legislative Manual ,1889 *MAINE REGISTER* ,2017 **Maine State Year-book, Annual Register for the Year 1871, and Legislative Manual for 1870** Maine,1882 *MAINE REGISTER OR STATE YEAR-BOOK AND LEGISLATIVE MANUAL* GRENVILLE M.
