Newspaper Images of Native Americans Scott G. Sochay, 1998

Hedged Margot Susca, 2024-01-23 The untold history of an American catastrophe The ultrawealthy largely own and guide the newspaper system in the United States Through entities like hedge funds and private equity firms this investor class continues to dismantle the one institution meant to give voice to average citizens in a democracy Margot Susca reveals the little known history of how private investment took over the newspaper industry Drawing on a political economy of media Susca s analysis uses in depth interviews and documentary evidence to

examine issues surrounding ownership and power Susca also traces the scorched earth policies of layoffs debt cash outs and wholesale newspaper closings left behind by private investors and the effects of the devastation on the future of news and information Throughout Susca reveals an industry rocked less by external forces like lost ad revenue and more by ownership and management obsessed with profit and beholden to private fund interests that feel no responsibility toward journalism or the public it is meant to serve

The My Lai Massacre in American History and Memory Kendrick Oliver, 2006 This book examines the response of American society to the My Lai massacre and its ambiguous place in American national memory The author argues that the massacre revelations left many Americans untroubled It was only when the soldiers most immediately responsible came to be tried that opposition to the conflict grew for these prosecutions were regarded by supporters of the war as evidence that the national leaders no longer had the will to do what was necessary to win

History and Future of Mass Media David Demers, 2007 This book argues that the no Marxists mostly have it wrong Although corporate media are structurally organized to maximize profits and produce content that generally helps elites achieve their goals this does not mean corporate media have less capacity to facilitate social change than entrepreneurial or other forms of media In fact historical evidence and comparative critical studies presented in this book show that mass media become more not less critical of dominant power groups institutions and value systems as they become more corporatized This proposition is part of a larger theoretical model that integrates the role of both social structure and human agency in explaining the persistence of modern capitalism The structural part of the theory also enables scholars to make predictions about the future of mass media including the ideas that the Internet is stealing some of the mediating power of traditional mass media and the market power of global media will grow in absolute terms but will shrink in relative terms because of increasing competition from new and traditional media
