Armstrong longs to leave her repressive and unfair life on a Canadian farm. Thus she runs away to San Francisco the epicenter of the 1960's counterculture movement. Pearl leaves behind her distraught mother and is introduced to mind altering drugs, free love, communal living, war time politics, racism, and unexpected friendships. It is only after her immersion into that unfamiliar and surreal world that Pearl belatedly realizes that the adventures and freedom she so desperately sought are neither as enticing nor exciting as she had once imagined.

*The Real Maisy* Nicky J. Mason, 2024-10-28

Life isn't easy when you don't fit the mould. Maisy Fowler knows all about not fitting in; it's happened all her life. She can't hold down a job, she feels inadequate at socialising, and she's constantly saying and doing things that come across as rude and selfish. So when, after being fired again, someone defecates on the roof of her ex-boss's car, she immediately gets the blame. Maisy cannot believe people would think so low of her, and in a desperate need to change her image, she applies for a volunteer position in the Scottish Highlands helping people in pain. Maisy envisions doing yoga, meditating, and really being at one with nature. What she doesn't imagine is living in a cowshed in the middle of a field where she's pretty certain a cross between a frog and a lion is outside her unlocked door at night waiting to eat her. Can sexy farmer Davie Marshall help her through the cold, hard nights? Two minor details though: he hates everything she stands for, and she loves everything he is not.

Chelsea and I have never been busier. There's an adorable baby koala to feed by hand, a fat little wombat to bandage, and a funny blue-tongued lizard that Max is determined to make his pet. But who knew that babies needed so much feeding? I may never sleep again.
