Noblesse Oblige The Inimitable Investigation Into The Idiosyncracies Of English Idiom:

Rigid Fixedness in Selected English Idioms Teodora Hristova, 2014-09-03 Master s Thesis from the year 2008 in the subject English Language and Literature Studies Linguistics grade 3 0 University of Hannover language English abstract The central topic of the present paper are the idioms in the English language Interesting and peculiar they are a very important part of the lexicon and exist in every language even the artificial languages may produce idioms In some earlier studies on idioms it has been claimed that they are nothing more than a fixed string of words with a meaning different from the meanings of its composite elements Psycholinguists have lent a hand in supporting this view as well Scholars generally have assumed that idioms exist as frozen semantic units within a speaker s mental lexicon in the same way that words or stings of them are represented mentally Gibbs 1993 57 Thus they need separate entries in the dictionaries and have to be learned by heart and kept in mind as single words so they appear to be nothing more than long lexemes Idioms have been also commonly thought of as metaphors that have become fixed or fossilized over time and have become dead expressions in a language Taking this into consideration in this paper I aim at proving that idioms are not as frozen and fixed as they are supposed to be and that on the contrary these expressions are quite alive varying changing and coloring the language Actually long time has passed and a lot of research has been done since the time when idioms were defined as completely frozen items and kick the bucket was a representative example of a typical idiom Idioms are no longer considered just expressions the meaning of which cannot be understood from the meanings of their constituents During the last few decades of research many investigations in various branches of linguistics sociolinguistics psycholinguistics or corpus linguistics to name a few have proved that idioms are much more than a simple fixed string of words with own meaning Now we know that there are quite a large number of idiomatic expressions in language varying in their degree of compositionality fixedness and opacity In spite of the fact that idioms have been always considered to belong to the group of the fixed expressions nowadays their absolute fixedness is a myth In fact different authors in the idiom literature give varying degrees of importance to this property Sinclair 1996 83 has reached to the conclusion that the so called fixed expressions are not in fact fixed and then Moon 1998 2 put also an emphasis on the fact that many fixed expressions
