**Red Bird** Mary Oliver, 2008-04-01 Red bird came all winter firing up the landscape as nothing else could So begins Mary Oliver's twelfth book of poetry and the image of that fiery bird stays with the reader appearing in unexpected forms and guises until in a postscript he explains himself For truly the body needs a song a spirit a soul And no less to make this work the soul has need of a body and I am both of the earth and I am of the inexplicable beauty of heaven where I fly so easily so welcome yes and this is why I have been sent to teach this to your heart This collection of sixty one new poems the most ever in a single volume of Oliver's work includes an entirely new direction in the poet's work a cycle of eleven linked love poems a dazzling achievement As in all of Mary Oliver's work the pages overflow with her keen observation of the natural world and her gratitude for its gifts for the many people she has loved in her seventy years as well as for her disobedient dog Percy But here too the poet's attention turns with ferocity to the degradation of the Earth and the denigration of the peoples of the world by those who love power Red Bird is unquestionably Mary Oliver's most wide ranging volume to date

Robin Richardson,1999 This book arises from teachers looking closely at how children learn to use English as an additional language in both speech and writing The book describes practical strategies and activities which help bilingual children to become competent in the formal academic language required by the curriculum It is a useful practical primary resource of relevance the whole English speaking world particularly at a time when literacy is seen as more vital a skill than ever but when the distinctive needs strengths and skills bilingual children seem to be largely ignored in official policy **Guilty**

**Knowledge, Guilty Pleasure** William Logan,2014-04-08 William Logan has been a thorn in the side of American poetry for more than three decades Though he has been called the most hated man in American poetry his witty and articulate reviews have reminded us how muscular good reviewing can be These new essays and reviews take poetry at its word often finding in its hardest cases the greatest reasons for hope Logan begins with a devastating polemic against the wish to have critics announce their aesthetics every time they begin a review The Unbearable Rightness of Criticism is a plea to read those critics who got it wrong when they reviewed Lyrical Ballads or Leaves of Grass or The Waste Land Sometimes he argues such critics saw exactly what these books were they saw the poems plain yet often did not see that they were poems In such wrongheaded criticism readers can recover the ground broken by such groundbreaking books Logan looks again at the poetry of Wallace Stevens Frank O Hara and Philip Larkin at the letters of T S Eliot Elizabeth Bishop and Robert Lowell and at new books by Louise Gl ck and Seamus Heaney Always eager to overturn settled judgments Logan argues that World War II poets were in the end better than the much lauded poets of World War I He revisits the secretly revised edition of Robert Frost s notebooks showing that the terrible errors ruining the first edition still exist The most remarkable essay is Elizabeth Bishop at Summer Camp which prints for the first time her early adolescent verse along with the intimate letters written to the first girl she loved *The Best Science Fiction and Fantasy of the Year* Jonathan Strahan,2011-03-01 Strahan s fifth

anthology contains 29 wide ranging tales Neil Gaiman's *The Truth Is a Cave in the Black Mountains* is a deceptively simple folktale styled story of the price one may pay for gold *The Sultan of the Clouds* by Geoffrey Landis untangles a complex knot of childish power Sarah Rees Brennan's *The Spy Who Never Grew Up* gives a beloved childhood icon a sinister update Diana Peterfreund's *The Care and Feeding of Your Baby Killer Unicorn* turns unicorn lore on its head and Rachel Swirsky's *The Lady Who Plucked Red Flowers Beneath the Queen's Window* puts a fantasy spin on the temporal culture shock of immortality This year the fantasy tales outdo the SF in depth of storytelling and characterization though all the inclusions are strong with few ideas left by the wayside

**Well-Dressed Role Models** Gale Eaton, 2006-06-08 This study provides a qualitative exploration of juvenile biographies of women a genre defined here as a book dealing with the whole or partial life of an individual and reviewed as nonfiction for readers in elementary middle or junior high school Beginning with a survey of juvenile material on Elizabeth Tudor published in England and the United States between 1852 and 2002 author Gale Eaton scrutinizes thirty four books juvenile biographies histories and collected biographies for trends in both content and rhetoric *Well Dressed Role Models The Portrayal of Women in Biographies for Children* then goes on to look at close readings of books published in the United States in the years 1946 1971 and 1996 and presents a penetrating analysis of a genre that serves the needs of youth The findings of this study include the fact that juvenile biographies make role models out of women who in many cases never would have become famous by following all the rules for good girls By choice of subject and emphasis their authors dress the life stories of real women in the appropriate values of new generations Three appendixes providing annotated book lists for each of the three years analyzed conclude this study
