Nobody Knows The Calories Ive Seen:

Nobody Knows the Truffles I've Seen George Lang, 2005-12 Born raconteur George Lang tells the Horatio Alger story as only he can tell it of his extraordinary life Born in Hungary only child of a Jewish tailor and destined for the concert stage at nineteen he was incarcerated in a forced labor camp never to see his parents again After he landed in New York in 1946 a whole new world opened up as he switched from the violin to the kitchen Soon he was orchestrating banquets at the Waldorf for Khrushchev Queen Elizabeth Princess Grace and the like He invented a new profession as the first restaurant consultant he explored Indonesia and the Philippines to bring back exotic tastes for the 1964 World's Fair and pioneered upscale restaurant complexes within shopping malls Finally he resurrected two great landmarks the Caf des Artistes in New York and Gundel in his native Hungary

Dead Boyfriends David Housewright, 2007-05 Right up until they put him in jail McKenzie thought the cops were kidding After all he did them a favor by stopping a rookie cop from roughing up a distraught woman at a murder scene But the next thing Mac knows he's in jail missing an important date with his girlfriend and reliving nightmares he thought he'd finally left behind and he's vowing payback for all of it If that means sticking his nose into a crime investigation well he's done it before Only what appears to be a straightforward case of a cheating boyfriend his alcoholic girlfriend and an opportune baseball bat proves far more complicated than the police are willing to accept More disconcerting as he investigates Mac finds himself again fighting the influence of a shadowy figure who controls more of what goes on in the Twin Cities than a rational voter would believe And then there are the unidentified thugs who kill a witness and rough up him and his female lawyer ally Soon Mac realizes that the truth of this sordid crime may be as hard to find and as hard to live with as the justice he seeks

The Eating Instinct Virginia Sole-Smith, 2018-11-13 An exploration both personal and deeply reported of how we learn to eat in today's toxic food culture Food is supposed to sustain and nourish us Eating well any doctor will tell you is the best way to take care of yourself Feeding well any human will tell you is the most important job a mother has But for too many of us food now feels dangerous We parse every bite we eat as good or bad and judge our own worth accordingly When her newborn daughter stopped eating after a medical crisis Virginia Sole-Smith spent two years teaching her how to feel safe around food again and in the process realized just how many of us are struggling to do the same thing The Eating Instinct visits kitchen tables around America to tell Sole-Smith's own story as well as the stories of women recovering from weight loss surgery of people who eat only nine foods of families with unlimited grocery budgets and those on food stamps Every struggle is unique But Sole-Smith shows how they're also all products of our
