## **Nobodys Business:**

*Nobody's Business* M.J. Kane, 2019-08-27 Trevon Campbell's world changed the moment his ex girlfriend announced he was a father. Determined to make up for his past mistakes, Trevon gives Trina what she wanted before their breakup: what feels like his soul. Which means he needs to forget about the exotic woman who stole his heart. On one fateful night, Kai Malone refuses to play by her family's rules. Instead of working for the family business, she became a firefighter. Working in a field dominated by men is hard enough, especially when you have a multicultural heritage, but Kai dedicates her life to her career to be the best, and so she doesn't have to think about the infidelity of her fiancé. Tired of his deceit, she gave in to a one-night stand with a complete stranger, someone she'd never have to see again, or so she thought. When tragedy strikes, their worlds collide, leaving them no choice but to interact with each other again. It doesn't take long for them to realize the attraction that brought them together the first time is stronger than ever, forcing Trevon to make the biggest decision of his life.

**Nobody's Business** Brian M. Reed, 2013-08-15 Since the turn of the new millennium, English language verse has entered a new historical phase, but explanations vary as to what has actually happened and why. What might constitute a viable avant-garde poetics in the aftermath of such momentous developments as 9/11, globalization, and the financial crisis? Much of this discussion has taken place in ephemeral venues such as blogs, e-zines, public lectures, and conferences. *Nobody's Business* is the first book to treat the emergence of Flarf and Conceptual Poetry in a serious way. In his engaging account, Brian M. Reed argues that these movements must be understood in relation to the proliferation of digital communications technologies and their integration into the corporate workplace. Writers such as Andrea Brady, Craig Dworkin, Kenneth Goldsmith, Danny Snelson, and Rachel Zolf specifically target for criticism the institutions, skill sets, and values that make possible the smooth functioning of a postindustrial globalized economy. Authorship comes in for particular scrutiny: how does writing a poem differ in any meaningful way from other forms of content providing? While often adept at using new technologies, these writers nonetheless choose to explore anachronism, ineptitude, and error as aesthetic and political strategies. The results can appear derivative, tedious, or vulgar; they can also be stirring, compelling, and even sublime. As Reed sees it, this new generation of writers is carrying on the Duchampian practice of generating anti-art that both challenges prevalent definitions of art and calls into question the legitimacy of the institutions that define it.

**Nobody's Business** Linda Duddridge, 2021-07-13 Some secrets should never be kept. CJ Witmore seems to have the perfect life, but being the son of a Hollywood star means keeping a dark family secret. Despite constant pleas from his girlfriend, CJ refuses to share that part of his life, fearful that if she learns the truth, his whole world will crumble. Enter Emily, a girl CJ meets at the worst possible time, as he's being triggered by an upsetting phone call. Although CJ's first interaction with Emily is a disaster, he finds her intriguing. Hell, he may even like her, but he's soon forced to ask himself: Who is Emily? What is she hiding? It seems Emily has secrets of her own. When CJ learns the details of his dad's impending marriage, he's no longer able to think of just himself. CJ must do whatever it takes to protect a
