Nocturne. Piano-vocal Score Ernest John Moeran, 1935 **Jazz Nocturne and Other Piano Music with Selected Songs** Dana Suesse, 2013-12-18 Popular songs by a Tin Pan Alley composer include Ho Hum You Ought a Be in Pictures The Night is Young and You re So Beautiful Her piano works include Jazz Nocturne and others **Give Unto the Lord** Edward Elgar, 1914 **Imogen Holst** Christopher Grogan, 2010 Extensively revised with new material the book also includes a study of Imogen Hoist s music and a chronological list of her works revealing her as a composer of tremendous talent whose music deserves to be much more familiar **Falling Up** Thomas Holliday, 2013-01-25 Actors know about falling up a split second ignition from the wings propelling entrance as a new character an unwilling ascent to a different mode of being an in body experience that overlays preparation opportunity choice or chance Falling Up the first and only full length Floyd study is a metaphor for humanity s uncanny ability to rise from seeming disaster into rebirth Floyd s consistent succession of soars stumbles slides or wrenches sings of triumph over odds A modern Renaissance man Floyd is our greatest living opera composer and librettist a trained concert pianist a master stage director and a teacher In Falling Up Holliday offers an intimate account of the life that shaped the words and music Combining insights from hundreds of interviews with Floyd his family and many of the last half century s greatest singers conductors and opera administrators Falling Up traces Floyd s Southern roots and the struggles and sacrifices that accompanied his rise to operatic stardom With more than forty photographs the detailed evolution of Floyd s fourteen operas and in depth analysis of his nonoperatic works Falling Up is essential reading for opera fans and professionals alike a book that moves informs and entertains **Music in Chopin's Warsaw** Halina Goldberg, 2008-03-04 Music in Chopin s Warsaw examines the rich musical environment of Fryderyk Chopin s youth largely unknown to the English speaking world and places Chopin s early works in the context of this milieu Halina Goldberg provides a historiographic perspective that allows a new and better understanding of Poland s cultural and musical circumstances Chopin s Warsaw emerges as a vibrant European city that was home to an opera house various smaller theaters one of the earliest modern conservatories in Europe several societies which organized concerts musically active churches spirited salon life music publishers and bookstores instrument builders and for a short time even a weekly paper devoted to music Warsaw was aware of and in tune with the most recent European styles and fashions in music but it was also the cradle of a vernacular musical language that was initiated by the generation of Polish composers before Chopin and which found its full realization in his work Significantly this period of cultural revival in the Polish capital coincided with the duration of Chopin s stay there from his infancy in 1810 to his final departure from his homeland in 1830 An uncanny convergence of political economic social and cultural circumstances generated the dynamic musical artistic and intellectual environment that nurtured the developing genius Had Chopin been born a decade earlier or a decade later Goldberg argues the capital devastated by warfare and stripped of all cultural institutions could not have provided support for his talent The

young composer would have been compelled to seek musical education abroad and thus would have been deprived of the specifically Polish experience so central to his musical style A rigorously researched and fascinating look at the Warsaw in which Chopin grew up this book will appeal to students and scholars of nineteenth century music as well as music lovers and performers Musical Anthologies for Analytical Study James E. Perone,1995-09-30 Presenting detailed information about 14 standard anthologies this useful music reference tool lists all excerpts and complete compositions provides information concerning the type of score presented and includes an index of composers and sources as well as an index of complete compositions and movements The book is designed primarily for researchers and teachers of music theory to make the search for analytical source material easier and faster than previously possible The anthologies cited are all currently in print or are generally available in music libraries The book lists all excerpts complete compositions and movements contained in the anthologies providing information concerning the type of score full piano reduction etc employed source of the excerpt and specific theoretical topics This is the only book that details anthologies in a manner that makes a search quick and easy
