**Nocturne** Brandielle Cortez, 2024-12-10 In the eternally twilight city of Nocturne nightmares fuel the dazzling metropolis above Towers shaped like colossal tuning forks hum with the converted anxieties of the sleeping populace a constant reminder of the thin line between dream and reality Martha Gordon a Nightmare Energy Technician navigates this precarious world but lately the familiar hum has taken a sinister turn Fragments of others dreams crumbling buildings a looming shadow bleed into her waking hours mirroring themselves in the physical world with terrifying accuracy Joined by Russell Christian a fellow technician whose logic is challenged by the escalating anomalies they embark on a clandestine investigation What they uncover is a chilling feedback loop the city's fears amplified and broadcast are not just powering the metropolis they're shaping it A nightmare born plague sweeps through the city and the shadowy figure from Martha's visions solidifies a monstrous embodiment of collective fear Their search for answers leads them to Russell's estranged mother a key figure in the dream energy program who reveals a terrifying truth the energy isn't merely a power source it's sentient capable of manifesting the very fears it consumes As the city teeters on the brink of collapse they discover a hidden fail safe a way to sever the connection between dream and reality but it's locked behind layers of security controlled by a corrupt elite Meanwhile Elias Vance a technician driven by a crippling gambling addiction discovers a way to manipulate the dream feeds for his own gain unknowingly accelerating the city's descent into chaos Adding another layer of complexity a secret society the Lucid Collective emerges from the shadows manipulating the dream energy for their own enigmatic purposes They believe the city's impending destruction is a necessary step towards a higher plane of existence Martha and Russell caught between a self-serving authority and a nihilistic secret society must race against time to activate the fail safe Their quest becomes a harrowing battle not only for survival but for the very soul of Nocturne In the heart of the dream energy system they confront not just the technological monstrosity they helped create but the insidious power of fear itself Can they awaken the city from a nightmare before it becomes permanently real or will they be consumed by the darkness they swore to control

**Transparency and Reflection** Matthew Boyle, 2024 The maxim Know thyself has been central to philosophy since antiquity but today there is widespread skepticism both within philosophy and in our intellectual culture at large about the extent to which we can truly know our own minds and the extent to which self-knowledge matters to our lives Transparency and Reflection argues that although we can be mistaken about ourselves in many respects such mistakes occur against the background of a fundamental self-understanding that is necessarily available to any human subject To deny this essential capacity for self-understanding Matthew Boyle argues is to leave out the very thing that makes us human **Nocturne**

**Prairie Nocturne** Ivan Doig, 2013-07-02 From one of the greatest novelists of the American West comes a surprising and riveting story set in Montana and New York during the Harlem Renaissance drawing together an unlikely set of thwarted performers in one last inspired grasp at life's set of gold rings love and renown Susan Duff the bossy indomitable schoolgirl with a silver voice from the pages of Doig's most popular work *Dancing at the Rascal Fair* has reached middle age

alone teaching voice lessons to the progeny of Helena's high society Wesley Williamson business scion of a cattle empire family has fallen from the heights of gubernatorial aspirations forced out of a public career by political foes who uncovered his love affair with Susan Years later Wes and Susan have reunited to share in an extraordinary goal launching the singing career of Monty Rathbun a man on the wrong side of the racial divide In this triumph of sure footed storytelling motives and fates dangerously entangle Set in Montana France Scotland and New York during the Harlem Renaissance *Prairie Nocturne* is a deeply longitudinal novel that raises everlasting questions of allegiance the grip of the past and the costs of career and passion

Neo-Impressionism and Anarchism in Fin-de-Si?e France Robyn Roslak,2017-07-05 In *Neo Impressionism and Anarchism in Fin de Si e France* Robyn Roslak examines for the first time the close relationship between neo impressionist landscapes and cityscapes and the anarchist sympathies of the movement's artists She focuses in particular on paintings produced between 1886 and 1905 by Paul Signac and Maximilien Luce the neo impressionists whose fidelity to anarchism to the art of landscape and to a belief in the social potential of art was strongest Although the neo impressionists are best known for their rational and scientific technique they also heeded the era's call for art surpassing the mundane realities of everyday life By tempering their modern subjects with a decorative style they hoped to lead their viewers toward moral and social improvement Roslak's ground breaking analysis shows how the anarchist theories of Elis Reclus Pierre Kropotkin and Jean Grave both inspired and coincided with these ideals Anarchism attracted the neo impressionists because its standards for social justice were grounded like neo impressionism itself in scientific exactitude and aesthetic idealism Anarchists claimed humanity would reach its highest level of social and moral development only in the presence of a decorative variety of nature and called upon progressive thinkers to help create and maintain such environments The neo impressionists who primarily painted decorative landscapes therefore discovered in anarchism a political theory consistent with their belief that decorative harmony should be the basis for socially responsible art
