Nohow On Company Ill Seen Ill Said Worstward Ho:

Nohow On Samuel Beckett, 2014-11-11 The three pieces that comprise this volume are among the most delicate and disquieting of Samuel Beckett's later prose. Each confined to a single consciousness in a closed space, these stories are a testament to the mind's boundless expanse. In *Company*, a man, one on his back in the dark, hears a voice speak to him, describing significant moments from his lifetime, and yet these memories may be merely fables and figments invented for the sake of companionship. *Ill Seen Ill Said* tells of a solitary old woman who paces around a cabin burdened by existence itself. And *Worstward Ho* explores a world devoid of rationality and purpose, containing the famous directive: Try again. Fail Again. Fail Better. The quintessential distillation of Beckett's philosophy on human existence and the ultimate example of his minimalist approach to fiction, *Nohow On* is a vital collection concerned with conception and perception, memory and imagination.

Company / Ill Seen Ill Said / Worstward Ho / Stirrings Still Samuel Beckett, 2009 Beckett's four last prose writings. Iterate John Sharp, Colleen Macklin, 2019-05-07 How to confront, embrace, and learn from the unavoidable failures of creative practice with case studies that range from winemaking to animation. Failure is an inevitable part of any creative practice. As game designers John Sharp and Colleen Macklin have grappled with crises of creativity, false starts, and bad outcomes, their tool for coping with the many varieties of failure: iteration, the cyclical process of conceptualizing, prototyping, testing, and evaluating. Sharp and Macklin have found that failure often hidden, covered up, a source of embarrassment is the secret ingredient of iterative creative process. In *Iterate*, they explain how to fail better. After laying out the four components of creative practice: intention, outcome, process, and evaluation, Sharp and Macklin describe iterative methods from a wide variety of fields. They show, for example, how Radiolab cohosts Jad Abumrad and Robert Krulwich experiment with radio as a storytelling medium, how professional skateboarder Amelia Brunka develops skateboarding tricks through trial and error, and how artistic polymath Miranda July explores human frailty through a variety of media and techniques. Whimsical illustrations tell parallel stories of iteration: as hard-working cartoon figures bake cupcakes, experiment with levitating office chairs, and think outside the box in toothbrush design, let's add propellers. All in their various ways, use

Untying Things Together Eric L. Santner,2022-04-05 Untying Things Together helps to clarify the stakes of the last fifty years of literary and cultural theory by proposing the idea of a sexuality of theory In 1905 Freud published his Three Essays on the Theory of Sexuality the book that established the core psychoanalytic thesis that sexuality is central to formations of the unconscious With this book Eric L Santner inverts Freud s title to take up the sexuality of theory or more exactly the modes of enjoyment to be found in the kinds of critical thinking that since the 1960s have laid claim to that ancient word theory Santner unfolds his argument by tracking his own relationship with this tradition and the ways his intellectual and spiritual development has been informed by it Untying Things Together is both an intellectual history of major theoretical paradigms and a call for their reexamination and renewal Revisiting many of the topics he has addressed in previous work Santner proposes a new way of conceptualizing the eros of thinking attuned to how our minds and bodies individually and collectively incorporate or encyst on a void at the heart of things Rather than proposing a return to theory Santner s book simply employs theory as a way of further un tying together the resources of philosophy art and literature theology psychoanalysis political thought and more

Terrorism and Temporality in the Works of Thomas Pynchon and Don DeLillo James Gourley,2013-06-06 Terrorism and Temporality in the Works of Thomas Pynchon and Don DeLillo starts from a simple

premise that the events of the 11th of September 2001 must have had a major effect on two New York residents and two of the seminal authors of American letters Pynchon and DeLillo By examining implicit and explicit allusion to these events in their work it becomes apparent that both consider 9 11 a crucial event and that it has profoundly impacted their work From this important point the volume focuses on the major change identifiable in both authors work a change in the perception and conception of time This is not however a simple change after 2001 It allows at the same time a re examination of both authors work and the acknowledgment of time as a crucial concept to both authors throughout their careers Engaging with several theories of time and their reiteration and examination in both authors work this volume contributes both to the understanding of literary time and to the work of Pynchon and DeLillo

The Edges of Trauma Tamás Bényei, Alexandra Stara, 2014-06-30 A collection of essays by an international group of scholars The Edges of Trauma Explorations in Visual Art and Literature addresses the vast cultural and discursive construction that trauma has become in recent decades Unravelling aspects of representing narrating testifying to trauma and of sharing or conveying traumatic non experience many of the essays offer new perspectives on traditionally central topics of trauma studies including shellshock sexual abuse the Holocaust AIDS and 9 11 or on canonical trauma texts such as Art Spiegelman's Maus W G Sebald's Austerlitz and Virginia Woolf's autobiographical writings Some authors take issue with the at least partly commercially motivated canonisation of trauma fiction and with the automatic linking of certain textual features with traumatic experiences In other essays trauma works as an interpretative device that allows us to see otherwise familiar texts like Paul Scott's Raj Quartet and the fiction of Beckett and Agota Kristof in a new light Other contributors interrogate less obvious cultural and artistic representations including First World War British painting Jean Richard Bloch's wartime writings Flix González Torres's candy spills the photography of Peter Piller and Ori Gersht and recent American television comedy in the

context of trauma while one author explores her own artistic practice as part of the working through of traumatic experiences *The Edges of Trauma* differs from other volumes concerned with trauma and art in that it gathers together essays on both literature and visual art These essays are concerned with the relationship between trauma and art traumatic non experience and aesthetic experience exploring how the non experience of trauma finds its way into artistic representations

Beckett and Musicality Sara Jane Bailes, Nicholas Till, 2016-04-15 Discussion concerning the musicality of Samuel Beckett's writing now constitutes a familiar critical trope in Beckett Studies one that continues to be informed by the still emerging evidence of Beckett's engagement with music throughout his personal and literary life and by the ongoing interest of musicians in Beckett's work In Beckett's drama and prose writings the relationship with music plays out in implicit and explicit ways Several of his works incorporate canonical music by composers such as Schubert and Beethoven Other works integrate music as a compositional element in dialogue or tension with text and image while others adopt rhythm repetition and pause to the extent that the texts themselves appear to be scored But what precisely does it mean to say that a piece of prose or writing for theatre radio or screen is musical The essays included in this book explore a number of ways in which Beckett's writings engage with and are engaged by musicality discussing familiar and less familiar works by Beckett in detail Ranging from the scholarly to the personal in their respective modes of response and informed by approaches from performance and musicology literary studies philosophy musical composition and creative practice these essays provide a critical examination of the ways we might comprehend musicality as a definitive and often overlooked attribute throughout Beckett's work

Beckett Matters S.E. Gontarski, 2016-10-27 Representing a profound engagement with the work of Samuel Beckett this volume gathers the very best of Stan Gontarski's Beckett criticism on practical theoretical and critical levels Such a range suggests a multiplicity of approaches to a body of work itself multiple produced by an artist who underwent any number of transformations and reinventions over his long writing career a Many of the essays collected here explore Beckett's debt to his age Beckett very much a product of a culture in transition which change he would help foster But much of Beckett's creative struggle was to find a new way his own way a Most of the essays that comprise this volume detail that struggle toward a way we now call Beckettian

Beyond Failure Tony Fisher, Eve Katsouraki, 2018-10-09 In setting foot on stage every performer risks the possibility of failure Indeed the very performance of any human action is inextricable from its potential not to succeed This inherent potential has become a key critical trope in contemporary theatre performance studies and scholarship around visual cultures Beyond Failure explores what it means for our understanding not just of theatrical practice but of human social and cultural activity more broadly The essays in this volume tackle contemporary debates around the theory and poetics of failure suggesting that in the absence of success can be found a defiance and hopefulness that points to new ways of knowing and being in the world Beyond Failure offers a unique and engaging approach for students and practitioners interested not only in the impact of failure on the stage but what it means for wider social and cultural debates
