As Nomadism Ends Avinoam Meir, 2019-06-03 As pastoral nomads become settled they face social spatial and ecological change in the shift from herding to farming toward integration into the market economy This book analyzes the socio spatial changes that follow the end of nomadism especially in the unique case of the Bedouin of the Negev The culture of the Negev Bedouin stands in shar Pastoralists of the West African Savanna Mahdi Adamu, A. H. M. Kirk-Greene, 2018-09-03 Originally published in 1986 this volume deals with various aspects of the life of the pastoralists who live in the area between what was Senegambia and Cameroon It analyses the changing relations between pastoralists and agricultural peoples and the changes that pastoral societies are undergoing with urbanisation increased central government control and the spread of market relations The papers are in both English and French and include historical studies of aspects of the history of Adamawa the Fulani the Twareg the Shuwa Arabs and the Koyam in pre colonial times There is also a survey of the state of Fula language studies and the variety of Fula literature discussions of the changing nature of pastoralism and the nomadic way of life in Cameroon Senegal and Nigeria including the effects of drought *Ethno-erotic Economies* George Paul Meiu, 2017-10-10 *Ethno erotic Economies* explores a fascinating case of tourism focused on sex and culture in coastal Kenya where young men deploy stereotypes of African warriors to help them establish transactional sexual relationships with European women In bars and on beaches young men deliberately cultivate their images as sexually potent African men to attract women sometimes for a night in other cases for long term relationships George Paul Meiu uses his deep familiarity with the communities these men come from to explore the long term effects of markets of ethnic culture and sexuality on a wide range of aspects of life in rural Kenya including kinship ritual gender intimate affection and conceptions of aging What happens to these communities when young men return with such surprising wealth And how do they use it to improve their social standing locally By answering these questions *Ethno erotic Economies* offers a complex look at how intimacy and ethnicity come together to shape the pathways of global and local trade in the postcolonial world *Herders, Warriors, And Traders* John G Galaty, 2019-03-04 African pastoralists have been devastated by drought famine and dislocation yet herding remains the most viable system of support for the inhabitants of the vast arid and semi arid zones Using case studies of the Tswana and the San the interlacustrine pastoralists the Masai and Mursi of East Africa and the multi ethnic regional systems of Lak African Seminars Various Authors, 2021-02-25 Originally published between 1986 and 1989 the 8 volumes in this set reflect the research and debate surrounding many issues for the African economy society and culture and as such make a vital contribution to effective development both rural and urban They re issue key titles from the International African Library and the International African Seminars and address themes of direct relevance to contemporary Africa on topics as

diverse as medicine migration housing pastoralism and marriage      **Maasai Childhood** Xiaojie Tian,2024-12-11 This book aims to provide comprehensive ethnographic documentation of pastoralist childhood and child learning based on the author's long term fieldwork in pastoralist Maasai society in southern Kenya It conveys a timely account of the developmental niche in contemporary Maasai society in children's lives social roles work play and learning in family routines Pastoralism is an important livelihood system that has allowed humans to live in arid and semi arid lands for centuries Children in pastoralist societies are expected to and indeed do actively and independently participate in and contribute to local subsistence from an early age Compared to studies of other forms of livelihood anthropological investigations into pastoralist children remain limited particularly in light of critical social changes pastoralists have undergone in the last three decades Less is known about their local parenting ethnotheories childhood play and children's practices of self reliance in making positive changes in their families and local communities Having a better understanding of pastoral childhood in concurrent natural and social complexities is vital for further investigation of human development in general and the pastoralist culture in particular

The fabrics of culture Justine M. Cordwell,Ronald Schwarz,2011-07-22 No detailed description available for The fabrics of culture      Pastoralism in Africa Michael Bollig,Michael Schnegg,Hans-Peter Wotzka,2013-07-01 Pastoralism has shaped livelihoods and landscapes on the African continent for millennia Mobile livestock husbandry has generally been portrayed as an economic strategy that successfully met the challenges of low biomass productivity and environmental variability in arid and semi arid environments This volume focuses on the emergence diversity and inherent dynamics of pastoralism in Africa based on research during a twelve year period on the southwest and northeast regions Unraveling the complex prehistory history and contemporary political ecology of African pastoralism results in insight into the ingenuity and flexibility of historical and contemporary herders      *Producing Nature and Poverty in Africa* Vigdis Broch-Due,Richard A. Schroeder,2000 Drawing on case studies from eight different countries the contributors to this provocative collection of essays demonstrate quite clearly that environmental programmes often have direct and far reaching consequences for the distribution of wealth and poverty and that they constitute one of the major forms of foreign and state intervention in contemporary African affairs      **Attraction of Opposites** David Maybury-Lewis,Uri Almagor,2025-10-01 The Attraction of Opposites considers a puzzling phenomenon Why do societies all over the world organize their social thought and institutions in patterns of opposites The essays collected in this volume examine contemporary societies throughout the world that organize their social theories or institutions in binary form Through analysis of these rich materials the distinguished contributors explore the enduring human attraction to dualism They consider whether this is due to the natural twoness of things and if not why polarity should play such a prominent role in both ancient cosmologies and modern philosophies in early empires and in modern two party systems This study of dual organization tells us something important about human beings illuminating a mode of thought and social organization that has represented an attractive option throughout human

history      *Land Tenure and Livestock Development in Sub-Saharan Africa* John William Bennett, Steven W. Lawry, James C. Riddell, 1986      **Snakes, People, and Spirits, Volume One** Robert Hazel, 2019-11-05 This two volume publication offers an in depth analysis of ophidian symbolism in Eastern Africa while setting the topic within its regional and historical context namely with regards to the rest of Africa ancient Egypt and Mesopotamia the Greek world ancient Palestine Arabia India and medieval and pre Christian Europe Through the ages most of those areas have connected with Eastern Africa in a broad sense where ophidian symbolism was as rampant and far reaching if not more so as anywhere else on the continent and perhaps in past civilisations Much as in the wider context snakes were held to be long lived closely related to holes caverns trees and water life and death and credited with a liking for milk Even though ophidian symbolism has always been developed out of the outstanding biological and ethological features of snakes the process of symbolisation which plays a crucial role in the elaboration of cultural systems and the shaping of human experience was inevitably at work This first volume deals with snakes as a zoological category snake symbolism as perceived by encyclopaedists and psychologists and ophidian symbolism as it occurred in ancient civilisations It explores the traditional African scene in general with a view to set the scene for a more proximate baseline for comparison The divide between animals and humans was porous and snakes had a more or less equal footing in both the animal realm and the spiritual world Key features of snake symbolism in traditional Eastern Africa are then examined in detail especially phantasmagorical snakes the rainbow serpent snake totems and snake related witches and ritual leaders among others In Eastern Africa the meanings attributed to snakes were multifaceted and paradoxical Overall the two volumes of this publication show that African snake symbolism broadly echoed the diverse representations of ancient civilisations The widely acknowledged assimilation of snakes to death and Evil is therefore unrepresentative both historically and culturally      Snakes, People, and Spirits, Volume Two Robert Hazel, 2020-05-07 This two volume publication offers an in depth analysis of ophidian symbolism in Eastern Africa while setting the topic within its regional and historical context namely with regards to the rest of Africa ancient Egypt and Mesopotamia the Greek world ancient Palestine Arabia India and medieval and pre Christian Europe Through the ages most of those areas have connected with Eastern Africa in a broad sense where ophidian symbolism was as rampant and far reaching if not more so as anywhere else on the continent and perhaps in past civilisations Much as in the wider context snakes were held to be long lived closely related to holes caverns trees and water life and death and credited with a liking for milk Even though ophidian symbolism has always been developed out of the outstanding biological and ethological features of snakes the process of symbolisation which plays a crucial role in the elaboration of cultural systems and the shaping of human experience was inevitably at work This second volume focuses on southern Abyssinia an area of Eastern Africa latu senso where the connection between snakes and paramount religious leaders was especially far reaching Their clans were said to be the outcome of sexual encounters between a young woman and an ophidian These leaders bred and fed snakes

Some of them buried dead snakes in their compounds Their curse was likened to the bite of a deadly serpent This volume is devoted to a few communities of southern Abyssinia notably the Oromo an important group that has fascinated European travellers missionaries and social science specialists over a period of 150 years The rich Oromo ethnographic record lends itself to full circle analysis This volume represents a significant contribution to the study of the mysterious snake priests of the Oromo Hoor Konso and Burji peoples In Eastern Africa the meanings attributed to snakes were multifaceted and paradoxical Overall the two volumes of this publication show that African snake symbolism broadly echoed the diverse representations of ancient civilisations The widely acknowledged assimilation of snakes to death and Evil is therefore unrepresentative both historically and culturally

**When Norms Collide** Karisa Cloward, 2016-02-02 Many transnational campaigns and particularly the transnational campaign on violence against women promote international norms that target the behavior of local nonstate actors But these international norms are often at odds with local practices What happens when the international and local norms collide When does transnational activism lead individuals and communities to abandon local norms and embrace international ones In *When Norms Collide* Karisa Cloward presents a path breaking theoretical framework for understanding the processes by which individuals negotiate competing demands placed on them by international and local norms Drawing on extensive fieldwork with local communities in Kenya she applies the theory to the practices of female genital mutilation and early marriage Cloward argues that when faced with international normative messages individuals can decide to change their attitudes their behavior and the public image they present to international and local audiences Moreover the impact of transnational activism on individuals substantially depends on the salience of the international and local norms to their respective proponents as well as on community level factors

**Pastoralist Resilience to Environmental Collapse in East Africa since 1500** Gufu Oba, 2024-02-23 This book explores pastoralist farmers approaches to environmental disaster management in East Africa charting their responses and adaptations to famine pandemics natural disasters and historical events Using a dynamic adaptive cycle theoretical framework it uses social memory to reconstruct an event history calendar thus combining social memory and written historical records to reconstruct the adaptive strategies of pastoralists It explores the climate history of the southern Ethiopian and northern Kenyan frontier considering in particular the impact of the colonial period and independence thereafter providing a significant contribution to debates in African environmental history

**They Married Adventure** Pascal James Imperato, 1999-03 Martin and Osa Johnson thrilled American audiences of the 1920s and 30s with their remarkable movies of far away places exotic peoples and the dramatic spectacle of African wildlife Their own lives were as exciting as the movies they made sailing through the South Sea Islands dodging big game at African waterholes flying small planes over the veldt taking millionaires on safari Osa Johnson's ghostwritten autobiography *I Married Adventure* became a national bestseller The 1939 film version was billed as the story of World Exploration's First Lady whose indomitable daring would be stayed by neither snarling lion nor crouching

leopard tropic tempest nor savage tribesman Heroes to millions Osa and Martin seemed to embody glamor daring and the all American ideal of self reliance Probing beneath the glamor of the Johnsons public image Pascal and Eleanor Imperato explore the more human side of the couple s lives and ways the Johnsons shaped for better and for worse America s vision of Africa Drawing on many years of research access to a wealth of letters and archives interviews with many who worked closely with the Johnsons and their own deep knowledge of Africa the authors present a fascinating and intimate portrait of this intrepid couple

**The Voice of Prophecy** Edwin Ardener, 2017-10 Edwin Ardener a new expanded edition of the collected works of one of the most important social anthropologists in Britian of his time Ardener worked on social economic demographic and political problems and was particularly influential in his sustained effort to bring together social anthropology and linguistics in a highly original attempt to reconcile scientific and humanistic approaches to the study of society This volume offers a theoretically and conceptually coherent body of work by this innovative and profound thinker which will continue to excite and stimulate new generations of students and researchers as it has in the past
