

# “White Australia”

- Originally, Australia promoted a policy called “White Australia”.
  - They would not allow non-Caucasians to immigrate to Australia.
  - That has since changed...
- Immigration Restriction Act of 1901: restricted migration to people primarily of European descent
  - This was dismantled after World War II.
- Today, Australia has a global, non-discriminatory policy and is home to people from more than 200 countries.

## **Non White Immigration And The White Australia Policy:**

**The Australian People** James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation

**Histories of Fascism and Anti-Fascism in Australia** Evan Smith, Jayne Persian, Vashti Jane Fox, 2022-12-30 Histories of Fascism and Anti Fascism in Australia provides a history of fascist movements and anti fascist resistance in Australia over the past century In recent years the far right has become a resurgent force across the globe resulting in populist parties securing electoral victories social movements organising on the streets and acts of right wing terrorism Australia has not been immune to this However this is not merely a recent phenomenon it has a long history of fascist and far right groups and individuals These groups have attempted to situate themselves within the wider settler colonial political landscape often portraying themselves as the inheritors of a violent and exclusionary colonial past Concurrently these groups have linked into globalised anti communist and white supremacist networks At the same time Australia has often seen resistance to fascism and the far right from the political centre to the far left Covering the period from the 1920s to the present day and featuring insights from historians sociologists and political scientists this book provides the most detailed account of this fascinating and important topic This book will be of interest to students and activists with an interest in the extreme right and anti fascism as well as Australian history politics and society

**Australia and Human Rights** Caroline Fleay, 2020-05-22 The Howard government's term in office in Australia from 1996 to 2007 is often portrayed as one where Australia retreated from its international human rights obligations Throughout this era a range of government policies attracted much criticism for downplaying or ignoring human rights Less attention has been given to the human rights policies of previous Australian governments and the heritage they provided for the Howard government Situating the policies of the Howard government within those of previous Australian governments provides a greater understanding of human rights in Australia This book examines human rights policies in Australia in three key areas human rights in Australia China relations responses to asylum seekers and refugees and engagement with human rights at the United Nations These areas highlight where the Howard government clearly deviated from some of the more positive human rights policies of its predecessors The book also challenges the perception that Australia has a proud history of human rights policy by revealing where the Howard

government continued or revived policies of earlier Australian governments that were not consistent with international human rights standards Such an understanding of human rights in Australian policy is imperative for informed analysis and debate on current and future policy trends      **The Development of British Immigration Law** Vaughan Bevan,2022-11-16

The Development of British Immigration Law 1986 examines the policies and laws of immigration law in the UK It demonstrates that many modern issues have historical precedents The justifications for immigration control are examined and linked to a discussion of nationality law and race relations It is argued that the laws and practices of immigration are unnecessarily rigid and racist both in design and in effect that the record of the UK is a sorry chapter in the field of human rights but one which is consistent with international state practice that immigration is an ideal model to illustrate the UK's general treatment of civil liberties Particular aspects of the subject are examined in depth to illustrate the attitudes of government the courts and civil servants      Australia in the Global Economy David Meredith,Barrie Dyster,2000-01-17 This up to date volume considers Australian economic development in light of worldwide political and social developments arguing that the Australian economy is an integral part of the world economy and subject to the same trends across the globe The book also focuses on domestic factors that have shaped the growth of the Australian economy such as the growth of exports the role of foreign capital and the positive contribution of migrants The authors also consider the Gulf Wars the East Asian financial crisis and globalization      **Japan, Race and Equality** Naoko Shimazu,2009 This study explores the Japanese motivations in raising the proposal for racial equality at the 1919 Paris Peace Conference This is the first comprehensive analysis of an historically significant event which has not been given adequate scholarly attention in the past The story which unfolds underlines the complexity of politics and diplomacy surrounding the racial equality proposal and analyses the effect of the failure of the proposal on Japan's politics in the 1920s and 1930s      *Asianisation Of Australia?* Kee Pookong,Laksiri Jayasuriya,2013-04-04 we must combat blind ignorance with fact and unreason with reason and that is what this book is about Don Dunstan Pauline Hanson was not the first person to sensationalise the effects of Australia's open immigration policy on the racial make up of this country Nor was she the first politician to see advantage in building on the fear and prejudice beneath the surface of Australia's multicultural society For the end of the White Australia policy in 1973 did not spell the end of fear of a peaceful Asian invasion through immigration The Asianisation of Australia contributes the dispassionate independent and objective comment that has been missing from media debate on the effects of our immigration policies It provides a wealth of data on the make up of Australia's immigrant intake and the ability of immigrants to establish a place in their new country Recent political rhetoric and forecasts are exposed for the myths prejudices and over simplifications that they are By comparing such indicators as rates of employment income childbirth intermarriage and fluency in English between Asian and other immigrants Professors Jayasuriya and Kee convincingly demonstrate the valuable contribution made by Asian immigrants to our culture and our economy      *The Golden Country* Tim Watts,2019-09-17 A

topical and provocative exploration of Australian identity by Federal MP and author Tim Watts      Migration and Urban Transitions in Australia Iris Levin, Christian A. Nygaard, Peter W. Newton, Sandra M. Gifford, 2022-05-25 This book offers a critical reflection on the ways in which migration has shaped Australia's cities especially over the past twenty years Australian cities are among the world's most culturally diverse and are home to most of the nation's population This edited collection brings together contemporary research carried out by scholars across a range of diverse disciplines all of whom are concerned with the intersections between migration and urban change The chapters are organised under three sections demographic settlement and environmental transitions urban form and housing transitions and socio cultural transitions Drawing on diverse theoretical and methodological approaches the chapters engage with a range of factors and influences affecting migration and urban development This book will be of special interest to scholars and practitioners in the disciplines of sociology urban planning geography public policy and environmental sustainability      **Dialogues on Diversity and Unity in Federal Countries** Rupak Chattopadhyay, Abigail Ostien Karos, 2008-04-30 These lively timely and accessible dialogues on federal systems provide the reader with highlights of each topic serving as an entry point to the corresponding book which offers a more in depth comprehensive exploration of the theme Whether you are a student or teacher of federalism working in the field of federalism or simply interested in the theme these booklets are an insightful and informative analysis of the topic at hand in each of the featured countries Booklet 7 examines the balance of diversity and unity in the following federal or federal type countries Australia Belgium Brazil Canada Ethiopia Germany India Nigeria Russia Spain Switzerland and the United States of America Contributors include Nicholas Aroney University of Queensland Australia Balveer Arora Jawaharlal Nehru University India Petra Bendel Friedrich Alexander University Erlangen Nuremberg Germany Irina Busygina Moscow State Institute of International Relations Russia Cesar Colino Universidad Nacional de Educaci n a Distancia Spain Frank Delmartino Institute of International and European Policy Belgium Hugues Dumont Facult s Universitaires Saint Louis Belgium Marcus Faro de Castro Bras lia University Brazil Assefa Fiseha Ethiopian Civil Service College Ethiopia Thomas Fleiner University of Fribourg Switzerland Alain G Gagnon Universit du Qu bec Montr al Canada Mohammed Habib Addis Ababa University Ethiopia Andreas Heinemann Gr der University of Bonn Germany Maya Hertig University of Geneva Switzerland John Kincaid Lafayette College USA Gilberto Marcos Antonio Rodrigues Catholic University of Santos Brazil Luis Moreno Spanish National Research Council Spain Richard Simeon University of Toronto Canada Roland Sturm Friedrich Alexander University Erlangen Nuremberg Germany Rotimi T Suberu Bennington College USA and S bastien Van Drooghenbroeck Facult s Universitaires Saint Louis Belgium      Sovereignty, Migration and the Law Patricia Rushton, 2025-02-11 This book examines how states justify the creation of physical policy and legislative barriers of entry for migrants by drawing on a concept of sovereignty The movement of people across the world in search of refuge from persecution war and poverty is accelerating And as states confronted with this movement create physical policy and

legislative barriers to entry they justify this exclusion by drawing on concepts of sovereignty This book interrogates that justification in an historical and theoretical context using the case study of Australian law and policy since 1900 as well as instances from other Western countries that have routinely copied from Australia But just as Australian migration policies are being replicated in the US Britain and Europe so this book argues is their employment of an anachronistic concept of sovereignty one that is reasserted precisely because of its waning power in the face of globalisation This book will be an important resource for law and political science scholars researchers and students in the fields of migration and refugee law and policy as well as to professional policy makers government institutions lawyers and international agencies with a particular focus on those fields

**Mapping South-South Connections** Fernanda Peñaloza, Sarah Walsh, 2019-03-15 This book explores contemporary cultural historical and geopolitical connections between Latin America and Australia from an interdisciplinary perspective It seeks to capitalise on scholarly developments and further unsettle the multiple divides created by the North South axis by focusing on processes of translocal connectivities that link Australia with Latin America The authors conceptualise the South South not as a defined geographic space with clear boundaries but rather as a mobile terrain with multiple evolving and overlapping translocal processes

The Sociology of Immigration Daniel Herda, 2024-01-22 The Sociology of Immigration provides students with a contemporary sociological perspective on the entire immigration process deciding to leave one's home country establishing oneself in a new host society being received by the host population and deciding whether to assimilate or seek citizenship Using historical and contemporary examples it applies many foundational concepts in sociology such as culture socialization race and ethnicity gender and the sociological imagination to the phenomenon of human migration The text introduces immigration and migration on a global scale but also emphasizes immigration in a U S context

**Migrations and Diasporas** William Arrocha, Elena Xen, 2023-11-23 Advocating for a more welcoming world involves respecting the human dignity and fundamental rights of all individuals regardless of their place of origin or immigration status This perspective offers a powerful insight into the dynamics of social justice across borders

**Australia's Dictation Test** Michael Williams, 2021-09-06 The last person to pass White Australia's Dictation Test did so in 1907 by submitting a watercolour entitled Advance Australia Fair For the next 50 years of its existence the thereafter more carefully trained officials ensured no one ever passed again Here is detailed how the White Australia Policy came to have a fake test of dictation at the heart of its administration Beginning as an inspired piece of hypocrisy designed to preserve the semblance of imperial equality in the hands of the early Commonwealth of Australia this education test quickly evolved into a test it was impossible to pass

Environment, Race, and Nationhood in Australia Russell McGregor, 2016-06-15 This new study offers a timely and compelling account of why past generations of Australians have seen the north of the country as an empty land and how those perceptions of Australia's tropical regions impact current policy and shape the self image of the nation It considers the origins of these concerns from fears of invasion and moral

qualms about leaving resources lying idle from apprehensions about white nationhood coming under international censure and misgivings about the natural attributes of the north and elucidates Australians changing appreciations of the natural environments of the north their shifting attitudes toward race and their unsettled conceptions of Asia

**In the Face of Diversity** Nathan D. Gardner Molina, 2025-05-01 The unity or uniformity of the Chinese Australian community has been frequently referenced in many recent political popular and even academic discussions The oneness of the community is often described as latent and inevitable if not already a fact Yet many Chinese Australians have also aspirationally used collective terms to refer to themselves there have been perennial calls to unite and advance the community or have it speak with one voice But has a united or unitary Chinese Australian community ever actually existed If so would a united community be a means to an end or an end in itself And where would this community sit in contemporary multicultural Australia I Am You Are We Are attempts to answer to these questions it is a history of more than a dozen Chinese Australian community organisations from across the country over five decades that draws on the English and Chinese language materials these organisations have produced over the years as well as interviews with ten past and present leaders Instead of a single community the evidence demonstrates the existence of many diverse Chinese Australian communities Consequently the book advances two ideas Chinese Australian unity presents itself as a chimera that inhabits the social space shared by Chinese Australians and has only ever been momentarily or partially grasped by community organisations Imagining the Chinese Australian community has nonetheless produced real world outcomes the most prominent being a highly participatory style of Australian multiculturalism These two ideas are woven through six moments in recent history that have been highly decisive for Chinese Australian communities I Am You Are We Are conveys Chinese Australian history in clear and evocative prose while remaining academically authoritative and socially conscious The result is a work that dismantles the prevailing myth of a single Chinese bloc to rebuild an appreciation of multiculturalism in Australia along with specific contributions made by Chinese Australian communities

**Facing North Volume 1** David Goldsworthy, 2012-11-27 Facing North is the first substantial history of Australia's relations with Asia since Federation Volume 1 chronicles Australian Asian relations from 1901 to the 1970s and Volume 2 in preparation will carry the story through the last decades of the century just ended Both make extensive use of official government sources and of the private collections of ministers and public servants Debate about engagement with Asia is not a recent phenomenon Ever since Federation Australians in public life have expressed diverse views on our foreign policy and on areas with major domestic consequences such as immigration In this volume Australia faces up to many changes in Asia Japan an expanding military power during the 1930s becomes an economic partner during the 1950s The Pacific war and decolonisation open Australia's regional horizons and the Vietnam war necessitates active engagement with Southeast Asia Failure to recognise China during the 1950s and 1960s shifts after 1972 to a vigorous search for relationship Other key developments include the initiation of the Colombo Plan in the 1950s and

gradual abolition in the 1960s and 1970s of the White Australia Policy The story is not a simple one of smoothly evolving engagement The challenges presented by Asian realities have evoked complex responses which this history analyses and clarifies It explains the major changes in official Australian policies towards Asia together with the broader cultural challenges Facing North tells us what was done in the past and why It is essential reading for anyone who wants to better understand Australia s present relations with Asian countries and our future choices      **Bianco in Questione** Susan Petrilli, 2007      **Chinese Migrants Ageing in a Foreign Land** Shuang Liu, 2019-08-21 This book advances a new understanding of acculturation processes for older migrants drawing on empirical data from migrants of Chinese heritage in Australia It challenges the traditional models of acculturation questions the conventional notion of integration and analyses the fluid nature of cultural identities Drawing on insights from environmental gerontology intercultural communication and acculturation theories it conceptualises ageing in a foreign land as a home building process highlighting the collective contributions of individual community social cultural technological and environmental factors to older migrants well being A consideration of what it means to age in place for those whose home is not necessarily attached to one place and one culture this volume will appeal to social scientists with interests in ageing gerontology migration and diaspora as well as those working in the fields of aged care policy
