Spaces in the Urban Context Maria Cieśla, Saskia Coenen Snyder, Eszter Gantner, Frank Golczewski, François Guesnet, Felix Heinert, Jürgen Heyde, Alexis Hofmeister, Wolfgang Kaschuba, Martin Kindermann, Nora Lafi, Ruth Leiserowitz, Diana I. Popescu, Monica Rüthers, Anne-Christin Saß, Joachim Schlör, Magdalena Waligórska, Mirjam Zadoff, 2015-09-22 The unifying thread of the interdisciplinary volume Jewish and Non Jewish Spaces in the Urban Context is the fact that Jewish spaces are almost always generated in relation to non Jewish spaces they determine and influence each other This general phenomenon will be scrutinized and put to the test again and again in a varied collection of articles by international experienced researchers as well as junior scholars using various urban contexts and discourses as data From the viewpoints of different temporal and regional research traditions and disciplines the contributors deal with the question of how Jewish and non Jewish spaces are imagined constructed negotiated and intertwined All examples and case studies together create a mosaic of possibilities for the construction of Jewish and non Jewish spaces in different settings The list of examined topics ranges from synagogues to ghettos from urban neighborhoods to caf s and festivals from art to literature This diversity makes the volume a challenging effort of giving an overview of the current academic discussion in Europe and beyond Although the majority of the contributions are focused on Central and Eastern Europe a more general tendency becomes apparent in all articles the negotiation of urban spaces seems to be a complex and ambivalent process in which a large number of participants are involved In this regard the volume would also like to contribute to trans disciplinary urban studies and critical research on spatial relations The Intelligence of Jews as Compared with Non-Jews Irma Henriette Loeb Why the Jews? Dennis Prager, Joseph Telushkin, 2007-11-01 From the bestselling authors of The Nine Cohen, 1927 Questions People Ask About Judaism a compelling discussion of the dangerous rise in antisemitism during the twenty first century The very word Jew continues to arouse passions as does no other religious national or political name Why have Jews been the object of the most enduring and universal hatred in history Why did Hitler consider murdering Jews more important than winning World War II Why has the United Nations devoted more time to tiny Israel than to any other nation on earth In this seminal study Dennis Prager and Joseph Telushkin attempt to uncover and understand the roots of antisemitism from the ancient world to the Holocaust to the current crisis in the Middle East Why the Jews offers new insights and unparalleled perspectives on some of the most recent pressing developments in the contemporary world including The replicating of Nazi antisemitism in the Arab world The pervasive anti Zionism antisemitism on university campuses The rise of antisemitism in Europe Why the United States and Israel are linked in the minds of antisemites Clear persuasive and thought provoking Why the Jews is must reading for anyone who seeks to understand the unique role of the Jews in human history The Non-Jewish Jew, and Other Essays ... Edited, with an Introduction, by Tamara Deutscher Isaac DEUTSCHER, Tamara Deutscher, 1968 Reproducing Jews Susan Martha Kahn, 2000 Explores the debates about new reproductive technologies Who Is A Jew? Greenspoon, 2015-04-15 Jewish identity is a perennial concern as Jews seek to define the major features and status of those who belong while at the same time draw distinctions between individuals and groups on the inside and those on the outside From a variety of perspectives scholarly as well as confessional there is intense interest among non Jewish and Jewish commentators alike in the basic question Who is a Jew This collection of articles draws diverse historical cultural and religious insights from scholars who represent a wide range of academic and theological disciplines Some of the authors directly address the issue of Jewish identity as it is being played out today in Israel and Diaspora communities Others look to earlier time periods or societies as invaluable resources for enhanced and deepened analysis of contemporary matters All authors in this collection make a concerted effort to present their evidence and their conclusions in a way that is accessible to the general public and valid for other scholars. The result is a richly textured approach to a topic that seems always relevant If as is the case no single answer appeals to all of the authors this is as it should be We all gain from the application of a number of approaches and perspectives which enrich our appreciation of the people whose lives are affected for better or worse by real life discussions of this issue and the resultant actions toward exclusivity or inclusivity Jewish Enough Jeffrey Abt, 2024-02-02 Displays of Jewish ritual objects in public non Jewish settings by Jews are a comparatively recent phenomenon So too is the establishment of Jewish museums This volume explores the origins of the Jewish Museum of New York and its evolution from collecting and displaying Jewish ritual objects to Jewish art to exhibiting avant garde art devoid of Jewish content created by non Jews Established within a rabbinic seminary the museum s formation and development reflect changes in Jewish society over the twentieth century as it grappled with choices between religion and secularism particularism and universalism and ethnic pride and assimilation Sovereign Iews Yaacov Yadgar, 2017-03-15 The guestion of Jewish sovereignty shapes Jewish identity in Israel the status of non Jews and relations between Israeli and Diaspora Jews yet its consequences remain enigmatic In Sovereign Jews Yaacov Yadgar highlights the shortcomings of mainstream discourse and offers a novel explanation of Zionist ideology and the Israeli polity Yadgar argues that secularism s presumed binary pitting religion against politics is illusory He shows that the key to understanding this alleged dichotomy is Israel's interest in maintaining its sovereignty as the nation state of Jews This creates a need to mark a majority of the population as Jews and to distinguish them from non Jews Coupled with the failure to formulate a viable alternative national identity either Hebrew or Israeli it leads the ostensibly secular state to apply a narrow interpretation of Jewish religion as a political tool for maintaining a Jewish majority **New Essays on Seize the Day** Michael P. Kramer, 1998-12-28 A collection of essays first published in 1999 on Saul Bellow's Seize the Day A Code of Iewish Ethics, Volume 2 Rabbi Joseph Telushkin, 2009-02-10 Jewish thinkers don't talk all that much about love All too often we leave that to Christian theologians But in this excellent volume Rabbi Joseph Telushkin puts the commandment to love at the center of Jewish theology and experience This is a book that will change the way you think about and practice Judaism

Professor Ari L Goldman Columbia University and author of The Search for God at Harvard Love your neighbor as yourself is the best known commandment in the Bible Yet we rarely hear anyone talk about how to apply these words in daily life In this landmark work Rabbi Joseph Telushkin one of the premier scholars and thinkers of our time gives both Jews and non Jews an extraordinary summation of what Jewish tradition teaches about putting these words into practice Writing with great clarity and simplicity as well as with deep wisdom Telushkin covers topics such as love and kindness hospitality visiting the sick comforting mourners charity relations between Jews and non Jews compassion for animals tolerance self defense and end of life issues This second volume of the first major code of Jewish ethics written in the English language is breathtaking in its scope and will undoubtedly influence readers for generations to come It offers hundreds of practical examples from the Torah the Talmud the Midrash and both ancient and modern rabbinic commentaries as well as contemporary anecdotes all teaching us how to care for one another each and every day A Code of Jewish Ethics Volume 2 Love Your Neighbor as Yourself is a consummate work of scholarship Like its acclaimed predecessor which received the National Jewish Book Award it is rich with ideas to contemplate and discuss while being primarily a book to live by Nothing could be more important in these strife torn times than learning how to love our neighbors as ourselves The message of this book is as vital and timely now as it has been since time immemorial **Lovable Crooks and Loathsome Jews** T.S. Kord, 2018-10-17 In the years leading up to the World Wars Germany and Austria saw an unprecedented increase in the study and depiction of the criminal Science journalism and crime fiction were obsessed with delinquents while ignoring the social causes of crime As criminologists measured criminals heads and debated biological predestination court reporters and crime writers wrote side splitting or heart rending stories featuring one of the most popular characters ever created the hilarious or piteous crook The author examines the figure of the crook and notions of Jewish criminality in a range of antisemitic writing from Nazi propaganda to court reporting to forgotten classics of crime fiction **Blaming the Jews** Bernard Harrison, 2020-10-06 In recent years Western countries have seen a proliferation of antisemitic material in social media and attacks on Jews such as that on the Tree of Life synagogue in Pittsburgh in 2018 Much of this has stemmed not from personal hostility to Jews on the part of this or that individual but from a resurgence in groups at both ends of politics of the ancient delusion that the Jews collectively dominate world affairs and lie at the root of all the world's evils In Blaming the Jews author Bernard Harrison offers a new and unique analysis of this second and far more dangerous form of antisemitism and its persistence as a cultural phenomenon Questioning the assumption that antisemitism affects or targets only Jews he demonstrates that allowed to go unrecognised or unchecked antisemitism is potentially damaging to us all In a world where rhetoric is fashioned on stereotypes and driven by political ideology Harrison argues it is our responsibility to be vigilant in exposing the delusions of antisemitism and their consequences for Jews and non Jews alike Class, Networks, and Identity Rhonda F. Levine, 2001 This book documents a little known aspect of the Jewish experience in America It is a fascinating account of how a group of

Jewish refugees from Nazi Germany came to dominate cattle dealing in south central New York and maintain a Jewish identity even while residing in small towns and villages that are overwhelmingly Christian The book pays particular attention to the unique role played by women in managing the transition to the United States in helping their husbands accumulate capital and in recreating a German Jewish community Yet Levine goes further than her analysis of German Jewish refugees She also argues that it is possible to explain the situations of other immigrant and ethnic groups using the structure network identity framework that arises from this research According to Levine situating the lives of immigrants and refugees within the larger context of economic and social change but without losing sight of the significance of social networks and everyday life shows how social structure class ethnicity and gender interact to account for immigrant adaptation and mobility *The* "Jew" in Cinema Omer Bartov, 2005 Explores cinematic representations of the Jew from film s early days to the present
